

Revival Meetings Dated At Winston

NORMAN EDWARDS
... to direct revival

Revival meetings are scheduled in Winston July 24 through Aug. 5 in an effort to gain membership for one of the town's struggling new churches.

It is the Winston Baptist Church which is now meeting in a house at the end of Gregory Lane. Pastor is Coy Reeder.

Norman J. Edwards from Othello, Wash., will direct the nightly revival meetings. Meetings will start at 7:30 p.m.

The new church with a membership of about 30 has been meeting at the Gregory Lane site for about a year and a half. Despite its short term in existence at Winston, the church is faced with two major projects.

The first is constructing a church building. A site has already been secured on Highway 42 about a quarter mile west of the junction of the project is securing a new pastor. Reeder reports he is going to leave soon to begin a three-year education course at the Baptist Theological Seminary in Los Angeles.

Medford Mill Worker Convicted Of Murder

MEDFORD (AP)—A circuit court jury Tuesday convicted Bernice H. White, 37, of second degree murder in the bludgeon death last March 2 of a fellow lumber mill worker.

White, a resident of Medford, was accused of striking Eugene Birk, 32, of Phoenix, Ore., on the head at least twice with a 2x4 stick in a fight resulting from an argument over rent.

White based his defense on temporary insanity. He contended that because of epileptic seizures he was not fully responsible for his actions.

The trial began a week ago Monday and the jury deliberated the case nearly 12 hours.

White is married and the father of three young children.

Nevada Cons Abandon Revolt; Nothing Gained

CARSON CITY, Nev. (AP)—Tired, hot and hungry, Nevada State Prison convicts who Monday afternoon started a bloodless rebellion against the prison routine, gave up the ghost Tuesday night without gaining a single point.

More than 200 of the rebels who had spent a night and a day in the prison yard lined up and started filing back into their cell block a few minutes after they had been warned by Warden Art Bernard the time had come for a showdown.

The prisoners had demanded an interview with Gov. Charles Russell and better food, a change of the guard captain and prison doctor, better opportunities for parole—and more work.

Warden Bernard agreed they should have more work and more chance for occupational training but, he added, the prison simply did not have the facilities.

MISHAP MIRACLE

HINTON, Okla. (AP)—D. O. Peeler, 23, was driving along U.S. 66 during a thundershower when his car went into a skid.

Trooper Art Corday quoted a witness as saying the car skidded 122 feet and dropped into a 50-foot canyon where it sailed 45 feet and landed on its front end.

Peeler climbed out of the smashed car, complaining of a sore neck.

Corday said no traffic regulations were violated.

MINNESOTANS TO PICNIC

All former Minnesotans in the Pacific Northwest have been invited to the annual Minnesota picnic at Jantzen Beach Park in Portland July 31. Principal speaker will be Gov. Paul Patterson. The program starts at 2 p.m.

DRIVER RELEASED

John Gilbert Musgrove, 36, Sutherlin, has been released from the county jail after posting \$50 bail on a reckless driving charge. Musgrove was arrested by Sutherlin police, then arraigned before District Judge Warren A. Woodruff.

BOY REMANDED

A 14-year-old boy, returned from California to face a charge of car theft, was remanded to juvenile court Tuesday when arraigned before District Judge Warren A. Woodruff.

Oakland-Sutherlin Garbage Collection Franchise Awarded

A Portland firm, Heinbeck Co., offered the highest combined bid for an Oakland-Sutherlin franchise for garbage collection. Bids were opened Tuesday night at an Oakland City Council session attended by members of the Sutherlin council.

The Portland company entered bids providing 10 per cent for Oakland, 10 per cent for Sutherlin and 5 per cent for use of the dump owned by Oakland. That means the company would give the cities 10 per cent of gross receipts, plus payment for dump use.

Bonding will be checked before a contract is awarded, reports Mrs. Edith Dunn, Oakland correspondent.

Other bids included the following percentages: Claude Elmore, San Francisco, 10, 10 and 2.5; Sutherlin Trucking Co., 7, 7, and 4; Melvin Davis, Oakland, 4, 3, and 4; Evans Dumbek, Tillamook, 4, 4 and 4; Lakey & Logan, Drain, 2.5, 2.5 and 2.5; Floyd Porter, present garbage man, 1, 5 and 5.

Treasurer Resigns
In other council business, James Bovingdon resigned as Oakland city treasurer. Cal Bowles, recorder, was named to replace Bovingdon. Under the new charter, the city does not have to have a full-time treasurer, Mrs. Dunn pointed out.

A deed to a new eastside street was accepted from Bob Sechawer. It will be called Eighth Street. Dick McFugal, obtained council permission to dump some dirt in a swale so a sidewalk can be built on Cypress Street.

The council has received no reply from Martin Bros. Box Co. regarding smoke from refuse burned west of town. The council recently wrote the company a letter.

Annual Driving School Continuance Scheduled

The Roseburg Junior Chamber of Commerce will continue its annual driving school tonight and next Wednesday night at the high school, according to Bob Triplett, chairman.

Instruction in driving in traffic and parking will be given starting at 6:30 each night.

Triplett said about 150 persons have registered for the school to date. Classes started June 22. Registrants have come from as far away as Drain and Glendale, making it a countywide project, he pointed out.

FREE RAISED

Members of the Canyonville Lumber and Sawmill Workers Union, AFL Local 2716, voted this week to increase the death and dismemberment fee, reports News-Review Correspondent Virginia Proctor. The fee was raised from \$1 to \$2 per member.

CHARGE CONTINUED

A 17-year-old Sutherlin youth has been held to answer a charge of taking and using an auto without consent of owner Willard Lee, District Judge Warren A. Woodruff. The boy was held following a preliminary hearing.

CHURCH MEETING

A service-day meeting will be held at the Westside Christian church, Harvard and Broccoli Sts., Thursday at 10 a.m. It will be a potluck luncheon. The program title will be "When Families Worship." The leader will be Mrs. Harry Chapin. The meeting will be for all women of the church.

STORY HOUR BEGINS

The story hour held in the secret garden at the Roseburg Public Library, 136 S. Rose St., will start Friday at 10:30 a.m. Beverly Ewens will be the storyteller. All boys and girls who like stories are invited to attend.

PROBATE FILES CHANGED TO CIRCUIT COURT OFFICES

Probate files on estates and guardianships have now been transferred to temporary circuit court offices in the old St. Joseph's School building on Kane Street, along with indexes to be used by the clerk in charge, Ina Updegraff.

County Clerk Charles Doerner said records regarding adoptions, commitments to state institutions and juveniles will remain at the clerk's office in the courthouse. Recent legislation provided for probate matters to be handled by circuit court judges, instead of by the county judge.

PROBATE FILES CHANGED TO CIRCUIT COURT OFFICES

Probate files on estates and guardianships have now been transferred to temporary circuit court offices in the old St. Joseph's School building on Kane Street, along with indexes to be used by the clerk in charge, Ina Updegraff.

Californians Hurt In Traffic Crash

An accident involving a car and a stake rack truck sent two California residents to Douglas Community Hospital Tuesday. Neither suffered serious injuries.

State police said the mishap occurred about 10 a.m. in front of the Roseburg Lumber Co. as the California car operated by Paul Henry Meerians, of Inglewood, started to pass the truck. The truck driver, Ralph William Plumer, Roseburg, started to turn left and pulled into the vehicle, officers said. Both vehicles ended in the ditch.

Meerians suffered lacerations to his left knee and right forearm, officers said. His two passengers, Mr. and Mrs. G. E. Turner, also of Inglewood, were hospitalized. Attendants said Turner was released today following treatment for an injured ankle. Mrs. Turner suffered an injured hip.

Plumer escaped with a mashed lower lip, police said. They issued no citations.

State police also were investigating an accident in Winston late Wednesday morning involving a truck and car. No details were immediately available.

William C. Smith, Winston, was shaken up Monday morning when his car failed to make a turn on old Highway 99 near Lindy's south of Roseburg, reports Sheriff Ira C. Byrd. About \$500 damage was done to the car as it left the road and struck a sign along the Southern Pacific tracks. Smith was not hospitalized.

In another mishap, minor damage occurred when two Paul B. Hull Lumber Co. vehicles collided in Dillard. A log truck driven by Wallace Wilson, Roseburg, and a lumber lift driven by Lindsey E. White, Winston, were involved, Sheriff Byrd said.

In Roseburg, city police investigated two accidents at the same intersection during a period of about 1 1/2 hours Tuesday evening. Caroline Elizabeth Peden, Winston, was cited for following too close after her car struck the rear of one driven by Harry A. Brubaker, Roseburg. Officers said Brubaker was stopped for a turn.

Later, Myron C. Lau, Longview, Wash., was cited for passing on the right with insufficient clearance after his car hooked the front fender of one driven by Joyce G. Snider, Vancouver. Both mishaps occurred at Stephens and Burke streets.

New School Site Canyonville Task

The Canyonville School board was still deeply involved in the problem of securing a new school site Tuesday night at the regular meeting.

One of the most favored sites was causing trouble because of the problem of securing reports correspondent Virginia Proctor. Meanwhile, an advisory committee continues to work on the problem with Supt. O. J. Monger. A special meeting will probably be called if a solution is reached, Mrs. Proctor reported.

The board is also studying the problem of securing space immediately for grade schoolers this year.

In other business at the meeting, the board:

1. Voted to install a 1,000 gallon gas tank and pump to provide gas for buses.

2. Decided to get a new school bus within the next two months.

3. Heard a report from Mrs. Norman Chappell on a hot-lunch program.

4. Heard the announcement that physical examinations required by law for first and ninth graders are scheduled Thursday, Aug. 25. The first graders will be examined at 9 a.m. and the ninth graders at 1 p.m. The examinations will be for the whole district, including Galesville and Anchor.

Sheppard Loses Final Round To Escape Prison

CLEVELAND (AP)—Nearly a year after he was arrested, it appeared today Dr. Samuel H. Sheppard soon will start serving a life penitentiary term for the bludgeoning slaying of his pregnant wife.

An Appellate Court Tuesday turned down his second and final motion for a new trial, and one of the attorneys said the young osteopath feels he would get more exercise and privileges in prison than he does in county jail.

The motion denied Tuesday was based largely on a criminology professor's affidavit that he found evidence a left-handed sex fiend killed Marilyn Sheppard July 4, 1954. Sheppard is right-handed.

But the 4-page opinion of the three-judge court discounted the affidavit with such descriptions as "highly speculative and fallacious," "Guess work" and "sheer supposition."

'Kind Sir' Well Presented Here By U. Of O. Cast

By LAURA OLSON
Staff Writer, News-Review

A three-act comedy by Norman Krasna, oftimes shored on comedy, was presented Tuesday evening in Roseburg as a bonus attraction in the Kiwanis Summer Theater series.

Six brave University of Oregon players stuck with their lines, which dragged dimly during the first act, to finally come up with a performance they can be proud of.

Krasna's simple plot concerns a "famed" stage star, Jane Kimball (Helen Adams) and the manner in which she eventually captivates the heart of a state department employee, Philip Clair (Mark Tappscott). Sprinkled throughout the play are some sensually funny moments provided, mainly, by Miss Kimball's sister, Margaret Munson (Ula Mae Hester).

Clair, it seems, has never married and circumvents any romantic involvements by telling the ladies he is separated from a (toe) wife and can never get a divorce. He falls from this safe pedestal at the feet of Miss Kimball, but not before both parties engage in several ruses.

Others in the cast are Donna Barrick and Winston Rust, cast as Swedish husband and wife servants of Miss Kimball. Both worked easily in Swedish dialogue and heartily enlivened the third act.

Mrs. Munson's husband Alfred (Irl White), a senior member of the state department, was apply cast.

The stars, Miss Adams and Tappscott, used well the material provided. Miss Adams exuded the feeling of a sometimes flutery, ever-acting actress. Tappscott, a personable and handsome individual, amply filled his role.

The UO players were hampered in having to present "Kind Sir" on a regular stage, rather than in an arena as in Eugene. On an extended stage in Central Junior High School auditorium before 250 they managed this feat.

"Kind Sir" was directed by Frederick J. Hunter. Technical director was Horace W. Robinson.

New Building To Rise For Industrial Supply

A new concrete building on the Airport Road later this year will house Industrial Supply Co., now located at 132 S. Stephens.

Rex Roberts, spokesman for the company, reports the new quarters will have about 17,000 square feet of floor space. The present store has about a third that capacity.

This will be one of the biggest buildings to be raised in the Roseburg area with tilt-up construction, in which panels are poured in forms on the floor and then raised into position.

Industrial Supply Co. has operated in Roseburg since 1945 and has been directed by its present ownership since 1949. Roberts is chief stockholder. The company handles maintenance and supply items for the logging industry.

Mother's Plea For Lone Rap To Save Son Fails

MIAMI, Fla. (AP)—A Brooklyn mother failed to convince a judge that she alone should be punished instead of her 17-year-old son who shot a policeman, and both faced 10-year-prison sentences.

Mrs. Antoinette Lutz, 45, Tuesday pleaded that the son Frank was a good boy and it (the shooting) was all my fault.

Young Lutz actually pulled the trigger when policeman L. E. Anderson was wounded by three shots in the back March 21 after he tried to question the boy and his mother about a bad check they had passed. They had arrived here only a few days earlier from Brooklyn.

In ruling that both the mother and son were equally guilty, Judge Ben C. Willard told the boy: "I would have a lot more respect for you if you hadn't been willing to let your mother take the responsibility for your vicious action."

Drilling Equipment Due Near Camas Mountain

Douglas County's newest quest was still in the "marking time" stage today while the Uranium Oil & Gas Co. of Reno, Nev., awaited two more truckloads of equipment.

Ray F. Carr, Lookingglass, president of the promoting company, Coos Bay Oil & Gas Co., said today he expected the equipment to arrive at the site near Camas Mountain tonight or tomorrow morning.

Earlier, he had said drilling would start this week if the equipment arrived in midweek as expected. He said the equipment was being sent here from Long Beach, Calif.

Indictment Hits CIO Auto Union At Detroit

(Continued from Page One)

Union is moderator of the program. Top Penalty \$5,000

The indictment, containing four counts, charges the union violated a section of the act which prohibits banks, corporations and labor organizations from using general funds for political purposes.

A maximum penalty of \$5,000 is provided in event of conviction on any of the counts.

At the time the grand jury investigation began, and since, officers of the UAW charged Republicans were attempting to interfere with the franchise of working people.

Emil Mazey, UAW investigator, said the investigation was inspired by Felkens and Postmaster General Arthur Summerfield. Summerfield is a Michigan man.

The union, after the indictment was handed down, issued a statement denying it had acted wrongly and welcoming "this opportunity to test the validity and scope of this law."

Mazey, a witness before the grand jury, said at the time of charges and counter-charges over the investigation that union members contributed \$5,000 to McNamara's campaign but that all of it was given voluntarily, and none was dues money.

Harold A. Crane, general counsel for the UAW, said the union would appeal to the U. S. Supreme Court any conviction that might be brought under the indictment.

German Problem Stalls Agreement At Geneva

(Continued from Page One)

not reply, but Bulganin said he was grateful to Eisenhower for his statement.

The Soviet Premier said he knew the President as a great war leader and architect of Allied victory and he believed in the President's sincerity. Nevertheless, he expressed reservations as to the defensive character of NATO and demanded West Germany's withdrawal as a precondition for German unification.

The Soviet position dashed lingering hopes that Russia might come up with a surprise new position on Germany. Bulganin also made remarks on British Prime Minister Eden's European security proposals which discouraged some Western officials.

Outlook Discouraging
The security item, next after Germany on the four-point conference agenda, adopted Tuesday was one on which Russia had laid great stress before the leaders gathered. Bulganin spoke at length on it in his opening statement Monday.

Yesterday, however, he brushed aside Eden's proposal for a mutual security pact with the Big Four and united Germany as "unwarranted."

"The Soviet Union," he reportedly said, "does not depend on the guarantees of others such as those proposed." Such guarantees, he added, were "comprehensible for weak states which were not in a position to defend themselves, but unwarranted in the case of strong powers."

Eden defended his proposal, but Russia's attitude left no doubt that the Western Powers would run into trouble on the security issue just as they had on Germany. One high Western source said the day's developments "were not encouraging."

Bonneville Funds Allocated For SW Oregon Service

Nearly \$3,500,000 in allocations for extension of Bonneville Power Administration electric power transmission service has been made available for southwestern Oregon, with much of the work to be done in Douglas County for consumers.

The Associated Press reported today that the southwestern Oregon projects are included in some 27 million dollars worth of construction work made possible under the new congressional appropriation for BPA.

It includes these items: \$2,679,000 for construction of a 69-mile 230,000-volt line between Goshen and Reston; \$580,000 for lines and a substation between Reston and McKinley; \$124,000 to step up service to Douglas Electric Co-operative and Central Lincoln Utilities District between Eugene and Reedsport; and \$3,000 for service between McKinley and Gold Beach.

The allocations, more than anticipated, will speed service to the Coos Bay area by more than a year, according to Larry Moore, Eugene area engineer for BPA.

Completion of the brand-new line between the J. P. Alvey substation, at Goshen, and Reston will be in the winter of 1957 instead of 1958 as anticipated originally. By the winter of 1956, the line will be carrying 115,000 volts.

Moore said a survey already is under way on the Goshen-Reston line, with a crew working between Yoncalla and Roseburg.

The line is to tie into the Coos Bay area line at Reston. The \$280,000 amount will be for completion of construction work already started between Reston and McKinley, in Coos County. Part will be spent for a sub-station at McKinley.

The \$124,000 is to be used for transformer increases at Florence and Reedsport, doubling capacity to Douglas Electric and Central Lincoln PUD, Moore said.

All this is a part of a plan started several years ago, the area engineer explained. With its completion, BPA power will be furnished also to Coos - Curry Electric Co., the City of Bandon, Pacific Power & Light Co. and the California Oregon Power Co.

Moore commented that the unexpectedly large amounts to be spent here came fortunately in view of the fast population and industrial growth of the region.

To Picnic - Pythian Sisters Friendship Club will hold a picnic at Umpqua ark at 6 p.m. Thursday. Those desiring transportation are asked to call OR 3-3043 or OR 3-3358.
