## SUTHERLIN STUDENTS PRESENT FINE RECITAL

A very unique program was presented Monday and Tuesday evenings of this week, when Mrs. Cynthia Magill entertained about eighty five parents and friends of her music pupils at two recitals. The Dutch motif was carried out with Dutch dolls, wooden shoes and other mementoes, which Mrs. Leo Johnson brought home from her recent trip to Holland. They were displayed about the living and dining rooms.

Leroy Johnson showed a very interesting movie of his mother's trip from the time she left New York to the return home, while Mrs. Johnson told the story of the trip. Much of the quaintness and beauty of Holland was captured in the film. Reproductions of old Dutch masterpieces, furnished for the occasion by Mrs. Erma Smith, were arranged artistically over the mantel and about the rooms.

Following the movie and the music, Stephen Magill supervised an original guessing game, which was played while refreshments were being prepared. Guests were asked to fill in the missing words, all of which utilized Dutch names. Peggy Jean Austin was the winner Monday evening and Mrs. Esther Copeland was high Tuesday evening. A Dutch lunch was served Monday night, pupils started Mrs. Johnson's trip with Marvin Stack playing "The Steamliner." In imagination, Mrs. Johnson, having reached the Atlantic sea-coast by train, was then transported via ship. Linda Buck furnished the music with "Ship Ahoy!" A group of Dutch folk songs by Judy Magill, Becky Magill and Marvin Fellers followed. Gretchen was followed by Janice Johnson, Virginia Robinson favored with an organ solo entitled "Tulip," followed by Delores Lehman at the piano playing "Tulip Time." A pleasant contrast was supplied by Juanita and Ruth Robinson, singing "Tiptoe Thru the Tulips." "Dancing on the Dyke" played by Timmie Hibbard; "Skaters Waltz" by Camilla Coups; and "Dutch Shoes" by Peggy Jean Austin concluded the Dutch musical selections. Mary Coups played "Flying," and "America the Beautiful" was played by Peggy Magill.

Tuesday evening's recital was presented by Linda Whitford, Tommie Kirkpatrick, Barbara Evans, Becky Allen, Eddie and Joanne Copeland, Carl Wandell, Eddie Wood, Kent Copeland, Ellen Cole, Barbara Knechtel, John Thennes, Tommy Kirkpatrick, Shirley Modglin, Sharron Rapp and Judy Magill.

For most of the pupils, these two recitals marked the end of the music term. Lessons will be resumed when school starts. It is planned to make a "Trip to China and Japan" at the first recital in the fall, using suitable music and interesting sidelights furnished by Mrs. Carol Ward. Subsequent recitals are planned around other countries as opportunities are presented.

## BABY QUILTS TIED BY OAKLAND CIRCLE

Hariet Rosa Circle of Oakland Community Presbyterian Church met Friday afternoon at the parish hall. The new president, Mrs. Neil Burpee, conducted the business session. Two baby quilts were tied and work was done on tea towels. Plans were made for a food sale and market, to be held July 30 at the Veteran's Memorial building. Light refreshments will be served. Vegetables and market produce will be sold, as well as baked foods and salads.

Refreshments were served to nine ladies. Members will meet again Friday at 2 p.m. at the parish hall.

## REBEKAH LODGE MEETS AT CANYONVILLE

Bertha Rebekeh lodge held initiation ceremonies Tuesday evening at the IOOF hall, Canyonville, with Mrs. William Preston and Mrs. Ray Rife, presiding. Mrs. Hazel Fisher of Milo was the initiate. Besides the initiation ceremonies, the lodge wrapped surprise gifts for members, Mrs. Roy Sullivan and Mrs. Ida Racher, both of whom have been ill.

Refreshments were served by Mrs. Preston and Mrs. John Terry.

## BIRTHDAY CLUB MEETS ON TUESDAY

The Birthday Club of Canyonville met Tuesday evening at the home of Mrs. Pauline Binder with Mrs. Carl Moodie co-hostess.

Attending besides the hostesses were Mrs. D. W. Gill, Mrs. George Allen, Mrs. Henry Ford, Mrs. Carl Hill, Mrs. Joe Ritter, and Mrs. John Bingham Jr. Mrs. Ray Binder was a guest.

## L. A. Interceptor Auto Warning To Speeders

**LOS ANGELES** — If you think you can outrun the cops on the Los Angeles freeways, don't try it. You'll lose, unless your car can do well over 100 miles an hour.

The speeder's nemesis is a new police freeway interceptor car. It can accelerate from a standstill to 60 MPH in 9 seconds. It will do 45 in low, 85 in second and well over 100 in high, developing 188 horsepower.

The interceptor carries such extra equipment as a heavy padded board for use in pushing wreckage off traffic lanes, an oversize fire extinguisher, a safety belt for the driver, and tripod racks to hold flares high so they can be seen on hills and curves.

## Defendant Acquitted But Loses False Teeth

**DALLAS** — R. B. Hamilton found one of the windows of his pickup truck broken, a set of lower-jaw false teeth lying on the seat, and a 21-year-old man sleeping beside the truck.

The stranger had no lower teeth. Monday the grand jury ruled the evidence of breaking and entering an auto was not enough and freed the man.

All right, said Hamilton, he'd keep the teeth then. And he did.

## Travel Barrier Lifted For Paul Robeson

**WASHINGTON** — The State Department Tuesday eased travel restrictions on singer Paul Robeson enough to permit him to go to Canada any time he desires and as often as he likes.

The decision, relaxing a regulation which has limited him to the continental United States since 1950, opens the way for the Negro baritone to give a concert in Vancouver Sunday.

Robeson requested permission at the State Department Monday to travel to Canada, maintaining he has singing engagements.

# Army Engineers Change Districts For John Day Dam

PORTLAND — The proposed John Day Dam is now under the Walla Walla district of the Army Engineers.

Col. L. H. Foote, North Pacific division engineer, said a change in boundaries of the districts became effective July 1. Before that time the John Day site near Arlington, Ore., on the Columbia River had been in the Portland district.

Foote said that before the switch all planning funds or authorization which had been voted by Congress—with the exception of Ice Harbor Dam on the Snake River—were in the Portland district.

The change was made to even the work load, he said. Little or no transfer of personnel from one district to another is expected, he said, adding:

"The boundary line change will mean that the Walla Walla district, besides starting construction of Ice Harbor Dam, also will carry out the advance planning and designs necessary to build the John Day Dam."

"The Portland district will complete design studies and initiate construction on Hills Creek and Cougar dams and do the advance planning in connection with Green Peter Dam, all in the Willamette Valley, and at the same time continue the fast construction schedule for The Dalles Dam."

# Control Of Coins' Production Cuts Cost To Taxpayer

By SAM DAWSON

**NEW YORK** — The U. S. mint is finding a way to lick the sudden shortages of coins that sometimes plague various areas. In doing it the mint is also saving the taxpayer some money.

American need more money year by year. Twelve months ago the mint was turning out 1 1/2 billion new coins a year. By new distribution methods the mint expects to get by in the current fiscal year with 830 million new coins.

The U. S. mint is a monopoly. It alone can produce coins. Also it has but one customer—the federal reserve banks and branches— forbidden by law to buy coins from any one else.

But even a monopoly can be expensive to run. When he took office a year ago as director of the Bureau of the Mint, William H. Brett, an Alliance Ohio manufacturer, ruled that the monopoly he runs "be operated in the same light as if it faced stiff competition from other manufacturers."

As a result, the Tax Foundation Inc. (a private, nonprofit research organization) reports, the nation's mints will cost the taxpayers 17 per cent less to run this fiscal year than last.

**Inventories Now Controlled**

To tackle the problem of recurring coin shortages—which are expensive for the mint to meet on an emergency basis—officials of the mint and the federal reserve banks got together and took the first inventory of coins in the vaults of the banks ever to be made. In one bank they found excess coins piled 13 feet high. The excess inventories were cut.

Then the mints and the reserve banks studied seasonal demand in various localities and the federal reserve and mint officials now estimate upcoming spurts in demand and try to supply commercial banks well in advance, but to keep inventories of unwanted coins from ever piling up.

Other savings were made with considerable pain to localities and persons affected.

In San Francisco and Seattle 74 employees lost their jobs. Reshuffling at the Denver mint cut off 45 more. Officials insist, however, that all who did not retire have been placed in other work.

## Pancake, TV Characters Slated At Eugene Rodeo

## Fluoridation Slated For Chicago's Water

**CHICAGO** — Fluoridation of Chicago's water supply has been fluoridated in addition to the city's water as soon as possible. The city budget includes \$700,000 for the fluoridation program.

Fluorides are chemicals designed to help prevent tooth decay, ordered by Mayor Richard J. Daley "for the good of the children."

The mayor this week instructed the city purchasing agent to buy

# Two Indians Will Again Get Fortune From Timber Sale

**PORTLAND** — A tract of timberland on the Southern Oregon coast near Gold Beach—which was sold fraudulently once and provided two Indians with a lavish spending spree—is to be up for sale again soon.

The original sale, which was set aside in one of many court actions resulting from the transaction, brought \$125,000. The land is expected to bring \$500,000 to its owners, James Grant and Harold F. Thornton, the two Indians who hold title to it. They now are making a bare living by doing odd jobs and seasonal harvest work.

But they went through thousands of dollars after they gave up title to the property in 1951—Grant spending \$25,000 in four months on such items as the entertainment of women friends and the purchase of convertibles. Thornton's celebration was less costly. Henry B. Taylor, The Dalles, financed the 1951 sale. No charges were brought against him, but three others who figured in the transaction were indicted in 1953 by a federal grand jury. The three—Clyde W. Finn area realty officer for the Indian Bureau; Fred M. Marsh, a Lebanon logger; and John C. Blanford, Marsh's land buyer—served short terms at McNeil Island federal prison.
