Charge Of Murder Hits Four Youths

LOS ANGELES (AP)—The County Grand Jury Wednesday returned murder indictments against four youths accused of participating in a robbery in which a 19-year old was fatally shot.

The victim was Frederic Winter Heinz, member of a baking family here.

The four indicted are Eric Newton Bass, 16 year-old-son of millionaire real estate developer Newton Bass; Harvey Bimstein, 23, a song-and-dance man, and transients Joh M. Hurney, 18, and Neal F. Cook, 25.

Police say the quartet planned a robbery after they met in main street bars and in Pershing Square. Detectives say Hurney and Cook told how they knocked on several doors Friday night, planning to rob whoever appeared. The first one to answer was Heinz, who was shot as he scuffled with one of

Scot Who Socked British Admiral Given Two Years

DEVONPORT, England (AP)—The young Scot who socked his admiral was thrown out of the Royal Navy Thursday and sentenced to two years in prison.

An officer friend told the court-martial Seaman James McSparran, 19, of HMS Orion, must have been "overtired" from standing watch in the heat of the day when he struck Vice Adm. J. W. M. Eaton during an inspection July 26.

McSparran entered no other defense.

Eaton, who commands the reserve fleet, did not attend the trial.

Funds For Bonneville Transmission Lines Up

WASHINGTON (AP)—The Senate Wednesday passed a \$2,038,000 supplemental appropriation for Bonneville transmission facilities to serve a proposed aluminum plant at The Dalles.

Funds will be available as soon as the government has "definite assurances" the Harvey Machine Co. will build and operate the proposed aluminum smelter, Sens. Neuberger and Morse said.

The two Oregon senators said the plant should be a valuable source of industrial employment in the mid-Columbia area, particularly as work on The Dalles Dam tapers off.

TRIANGLE X-TRA EGG PRODUCER

Has Everything your Layers Need to Build Profitable Production

These days an increase in your percentage of lay can mean an increase in your margin of profit. Hundreds of Northwest poultrymen, both large and small, have proved that Triangle X-tra Egg Producer definitely increases their percentage of lay. This famous formula feed not only keeps your layers in fine physical condition but contains an ample supply of the special egg-producing nutrients that layers need for higher production. Prove it yourself—with more eggs.

97% LAY

"At present we have a small flock of 69 White Leghorn hens—which are being fed Triangle X-tra Egg Producer. The results speak for themselves—we get from 60 to 63 eggs per day. At one time, we got 68 eggs when we had 70 hens. That's about 97% lay. Needless to say, we think Triangle feeds produce better results."

It's the 4-Door Riviera—the stunning new hit of America's Hardtops

WHEN Buick introduced this nation's first hardtop—the Riviera—folks went for it in a big way, and fast.

They liked the Convertible look of this 2-door beauty—long, low and rakish. They liked the added security of the steel roof overhead. And they certainly liked the absence of center posts in the side window areas—which gave a completely unbroken view left and right.

People liked it all so well that, over the past six years, they made the Riviera the biggest-selling hardtop in the world, bar none. And it still is.

Now Buick has come up with another great advance in hardtops—the 4-Door Riviera—and it's a sensational hit.

It has everything the original 2-Door Riviera has—plus separate doors for rear-seat passengers, and a whale of a lot more room for them.

Rock-solid half-pillars on either side are what latch the front doors and hinge the rear ones. So there's no center post above the door line—and a completely open sweep of view to both sides.

And the roominess provided by this gorgeous new hardtop is really something—over 9 inches more hiproom and 5 inches more legroom in the rear.

Why don't you come see this brand-new kind of automobile that's heading up the parade of the hottest-selling line of Buicks in history?

That way you can also try what else is to be had here—Buick comfort, Buick power, Buick ride and handling and roadability—plus the electrifying action of Buick's Variable Pitch Dynaflo.*

Do it this week—tomorrow would be fine—and you'll see what record volume really means in the way of record-high trade-in deals.

*Variable Pitch Dynaflo is the only Dynaflo Buick build today. It is standard on ROADMASTER, optional at models extra cost on other Series.
