

PRICES FIRM

CORVALLIS — Price and demand remain firm for sawlogs in Western Oregon.

Most mills reported getting only enough logs for daily operation, although a few mills were able to start laying in a supply.

The price was mostly \$48 to \$50 for long No. 2 second-growth logs at Willamette Valley mills.

Dulles Says U.S. Hopes To Get Pledge From Reds

WASHINGTON — Secretary of State Dulles said Tuesday the United States hopes eventually to obtain from Red China a declaration renouncing the use of force. Dulles told a news conference such a broad commitment by the Chinese Reds would clear the way for extensive negotiations on major problems between them and other countries, including the United States.

He said the United States will not negotiate with a pistol at its head.

And the most important thing now, he added, is that the pistol should be permanently discharged. Events, including the release of 11 American airmen by the Reds, appear to be moving in the direction of a peaceful Chinese policy, Dulles said.

Dulles said that so far as the United States is concerned, the Geneva talks will be devoted mainly to negotiations on return of about 40 American civilians held in Red China, and to seeking assurances that the Red Chinese will avoid airplane shooting incidents such as caused the fatal crash of a Cathay Pacific airliner in the South China Sea last year.

Dulles asserted flatly that the status of Formosa, Quemoy and Matsu—lands held by the Chinese Nationalists—are not subject to negotiation. That, he said, is not in the realm of the practical. The status of the Nationalist territory, he said, is a situation the Red Chinese will have to live with.
