WHAT'S YOUR ANSWER, DAD?

Every dad should answer these four questions for the benefit of his growing son:

- (1) Does your boy know how to use firearms safely?
- (2) Does he know how to fish and understand its joys and hazards?
- (3) Can he identify the many forms of wildlife?
- (4) Does he know what real conservation means?

If you answer "No" to any of these questions, learn what a **BOYS OF WOODCRAFT SPORTSMEN'S CLUB** for boys 8 to 16 years old can do for your son. He will have fun while receiving instruction in the safe use of firearms, fishing, fly and bassbug tying, accident prevention, first aid, the study of wildlife and conservation of natural resources.

From now until September 24 there's a special Davy Crockett Boys of Woodcraft membership campaign in full swing. Ask a representative listed below to tell you how your boy can enjoy these lifelong benefits together with safe, sound, legal reserve life insurance protection at a cost of only a few pennies a day.
