

Community Parade For Veterans Day Goal Of Chamber

A unique Veterans Day parade this fall, featuring a "living" panorama of famous soldiers of American history, is the goal of the Roseburg Chamber of Commerce.

The chamber heard this week moved to sponsor a Nov. 11 parade, following requests from several veterans organizations in the area.

He said the chamber had advised that Roseburg Mayor Ernest M. Barker Jr. would issue a proclamation requesting all business houses to close on Nov. 11, a Friday.

The fall 1955 event will be the first in what the chamber hopes will become an annual event.

No stores will be pulled to make the "living" history section authentic. Knudtson said eight American heroes would be recreated in

"as real a manner as possible." They'll wear costumes of the time, and be made up to resemble the actual men.

The historical figures comprise only one part of the Veterans Day parade. There will be various marching units: National Guard, American Legion, PFW, reserve groups, bands, drum corps, World War I veterans, etc.

Knudtson said there would be no advertising, trucks or machinery in the parade.

For the benefit of the marching groups a trail beat drummer will be provided.

Pesky Mosquito Object Of Special Study Here

malaria carrier, found in streams, pot holes and abandoned log ponds. One pot hole, Ogden said, could contaminate an entire town.

Control of mosquitoes found near and in log ponds is a new field for the health officers.

They know mosquito hazards are: (1) Work slowdown; (2) disease transmission; and (3) poisoned human systems.

They hope a survey study can be set up in the county. It would benefit similar areas such as Meridian, Idaho, where the problem now threatens to close the mills.

The men know that 400 mosquito larvae can be found in one cupful of dirty water, that within six to ten days the larvae are mosquitoes.

The problem, they point out, is control before the insect flies. Pond owners are helping. The county health department sprays 4 to 6 pond acres (some 1,000) and the owner pays \$5 per acre.

What can be done? County health officer Dr. E. J. Waincoat says it is a matter of sanitation, individual and collective. He urges residents: (1) To make sure septic tank overflows are not breeding mosquitoes; (2) to cut down cut tails and (3) to spray standing water.

Ogden termed the control work in Roseburg "very effective," but said it had to be continued. The treatment he said "belongs on the larvae and is little good against 10 million mosquitoes in the air."

Reinson commended pond owners for their past help and urged them to call the health officer "whenever traces of larvae appear."

Hull, onetime supreme commander in the Far East, was vice chairman of a committee of retired officers and civilian officials which drew up the code and an accompanying report.

It officially relaxes for the first time the old requirement that a man give his cantors only his name, rank and serial number.

That remains the first line of defense, to which he should hold if he can. The code calls on him to avoid answering other questions "to the utmost of my ability."

The report says he should stand "on the final line of resistance in the end — no disclosure of vital military information and above all no disloyalty in word or deed to his country, his service or his comrades."

The framers of the code noted that because modern warfare may reach "the doorstep of every citizen," it may well become a code "for all Americans if the problem of survival should ever come to our own main streets."

Winston Man Suffers Injuries In Traffic Mishap

A Winston man, Guy Cunningham Jr., 25, was in satisfactory condition at Douglas Community Hospital today following a traffic mishap in which he received face cuts and a broken knee cap.

Cunningham was rushed to the hospital about 5 a.m. after a collision between his car and a pickup near Kelly's Corner on Highway 99 south of Roseburg.

State police said a pickup driven by Clarence Dale Myers, Camas Valley Route, Roseburg, apparently rammed the rear of the Cunningham car as Cunningham slowed down to turn left onto old Highway 99. The vehicles locked together and continued on north about 330 feet.

Drivers escaped injury in a three-truck accident Wednesday afternoon on Highway 42 about 1 1/2 miles east of Camas Valley, police said.

Warren Madison Kachel of Myrtle Creek was cited for operating in the left lane of traffic. Officers said Kachel, with an auto-carrier truck and trailer was passing a truck driven by J. C. Roberts of Camas Valley when he met a west-bound logging truck and trailer operated by Richard Leonard Nyberg, Winston.

To avoid a head-on collision, Nyberg went off the highway to the left and ended up beside Roberts, who had stopped his rig. Kachel continued on up a grade and stopped. Nyberg's trailer received heavy damage and his truck was damaged on the left side. Slight damage was done to the Roberts truck, police said.

Weyerhaeuser Applies For Tennile Lake Dam

SALEM — Weyerhaeuser Timber Co. has filed a preliminary application for a permit to dam Tennile Lake in Coos County to get water for a proposed pulp mill, State Engineer Lewis A. Stanley announced Wednesday.

After the company completes its investigations, it then will file a final application.

The lake is about 14 miles north of Coos Bay. The company proposes to use 80 second feet of water, and says it wouldn't raise the level of the lake beyond its normal winter depth.

There has been no announcement of actual plans for construction of a dam in the area, sources reported that the application for a dam is only one phase in the company's long-range thinking.

American Trainer Plane Downed By Communists

HEARING AUG. 31

Robert Wayne Ledford, 44, Myrtle Creek, has been released on his own recognizance pending a hearing Aug. 31 in regard to a non-support warrant from Franklin, N.C. The warrant was served by a deputy sheriff, and Ledford appeared before Judge Warren A. Woodruff.

Oakland, Sutherlin Councils Discuss Garbage Problem

The Oakland and Sutherlin city councils will hold a joint meeting Monday at 8 p.m. in Sutherlin to determine future actions in regard to a garbage collection franchise for the two cities.

Time of the meeting was approved at a meeting of the Oakland City Council this week.

The Oakland-Sutherlin franchise has since been contacted for additional information. The highest combined bid entered was by a Portland firm, Heinbeck Co. It provides a split of gross receipts so that Sutherlin and Oakland each would receive 1 per cent and an additional 5 per cent would go to Oakland for use of that city's dump.

Prior to the joint meeting Monday, the Sutherlin council will hold public hearings on two proposed zone changes. Meeting time is 7:30.

Another special meeting of the Sutherlin council is scheduled in connection with opening of bids for construction of a sewage disposal plant. Bids are due by 2 p.m. on Sept. 6.

Local Minister Will Attend Juvenile Meet

The Rev. Nick Neufeld of Roseburg will go to New York City for a meeting Sept. 9 of the juvenile protection staff of the American Baptist Convention.

The Rev. Mr. Neufeld recently was named West Coast representative of the staff. Previously there were only three on the staff, one in Massachusetts, one in Wisconsin and one in Colorado. He was named West Coast representative when the post was created.

Roseburg will be the headquarters for his work. The juvenile protection staff has two primary functions, (1) to make complete surveys of needs in relation to juvenile problems, when requested by local churches, and (2) to recruit youngsters from juvenile officers, etc. for the ABC Junior citizens camp, a 10-day camping experience with Christian emphasis.

With his wife and four children, the Rev. Mr. Neufeld resides in the Cloake's Ferry area at the west edge of Roseburg. Mrs. Neufeld is the former Margaret Cloake of the pioneer family by that name.

The Neufelds lived in Roseburg for about three years, before World War II. He once started a church at Riddle.

In April this year, the Rev. Mr. Neufeld relinquished his pastorate at Stayton in order to accept the appointment as a member of the juvenile protection staff. Despite an absence of 12 years, he still calls Roseburg "home."

President Lands 2-Pound Trout

By MARVIN L. ARROWSMITH FRASER, Colo. — Delighted over landing a two-pound Rocky Mountain trout, President Eisenhower today held "biggest catch" championship at his secluded vacation retreat here.

He reeled in the trout yesterday in the first few seconds of 3 1/2 hours of fishing in cold St. Louis Creek. He also caught several other smaller trout, and his 7-year-old grandson David, 11, casting for the first time, hauled in two 12-inchers weighing under a pound. The youngster fished a quiet pond.

In addition to fishing, Eisenhower got in some golf practice shots, started painting a mountain scene, did nearly all the cooking for his party—and turned out quite a bit of work to boot.

Seated in the living room of his cottage, 8,700 feet high in the Rockies, he signed an executive order providing for a new code of conduct for American servicemen who become prisoners in another war.

County Bond Sales Show Large Increase

Douglas County savings bonds sales for the first half of 1955 showed a big increase over sales for the same period a year ago, according to county chairman George Luoma.

Through July 31, 1955 sales totaled \$715,289, compared to \$485,228 for 1954. For July alone, sales reached \$86,784 in the county. The 1954 total for July was \$60,538.

State-wide sales of savings bonds for the first half of the year totaled \$27,761,073. This was an increase of 40 percent over 1954 and gave Oregon the highest percentage of increase in the nation.

'Peaceful' Goa Invasion Death Toll Listed At 22

NEW DELHI, India — Prime Minister Nehru said Thursday the number of dead in the march on Goa and other Portuguese possessions in India last Monday "now is presumed to be 22."

In his third statement to Parliament in as many days on the "peaceful invasion" of Portuguese India, the Prime Minister reported 25 marchers were wounded and 2 still are missing.

In the total fatalities, Nehru was adding to the 15 dead he reported Tuesday the 7 victims already cremated inside Goa. His figures were supplied by the Bombay state government.

WRONG SCHOOL BUILDING

Roberts Creek residents are unhappy today because their school was replaced in Wednesday's "Back-to-School" session.

The school pictured in the issue is actually the former Gleggery School, now owned by a Roseburg woman.

93 Pints Blood Received During Bloodmobile Visit

The Red Cross bloodmobile in Roseburg Wednesday collected 93 pints of blood from 160 prospective donors who turned out according to blood recruitment chairman Mrs. Walter Brittle.

The figure fell short of the 150-pint quota, but another day still remains to donate blood. The bloodmobile will be at the Elks ballroom in Roseburg until 7 p.m. today to make up the 300-pint quota. Friday, the bloodmobile moves on to the Sutherlin Rebekah Hall from 3 to 7 p.m.

A prize went with one pint of blood Wednesday. Mrs. Shirley Flynn of Roseburg won two tickets to the Horace Heidt show for her donation.

In connection with the collection of blood here, Mrs. Brittle reported that blood gathered here would be used to replace that received recently from the Lane County Blood Bank. She said the Red Cross has guaranteed replacement.

Three local residents have recently received blood from the Lane County bank. They are: Adrian Fisher, who was ill with metallic poisoning; A. B. Collier, a patient; and Mrs. Robert Barrett, a polio victim who received leg surgery. Together, they received 21 pints of blood.

Fisher told Mrs. Brittle nine friends had given blood to replace that needed by him. Both Collier and Mrs. Barrett have been unable to replace any of the blood. Their friends have been asked to assist.

The Lane County hospitals do not participate in the Red Cross program, so Douglas County residents who are patients there and receive blood are faced with the problem of either paying for the blood at the rate of \$40 a pint or replacing it two pints for one.

Friends wishing to assist these local residents replace the blood may donate in their respective names at either Sutherlin or Roseburg where the bloodmobile is scheduled.

Local Group Offers School Board Services

Barbara Busetto, fourth grade, Melrose; Lorna June Mills, second grade, Fullerton; Jo Tallman, English, Roseburg High School; Ronald Burge, commerce, high school; Richard Skamser, social science, high school.

The board noted return of R. Cloyd Riffe as vocal music supervisor in the district. He had been on a year's leave of absence. During the interval his position was filled by Mrs. Hallie Woodward, who now returns to her former station as vocal music instructor at Joseph Lane Junior High School.

Advancement of Laram Ormond as vice principal at Central Junior High School was approved by the board. Ormond was formerly an instructor at Joseph Lane.

In other action the board accepted a low bid from the Portland firm of Schuler-Petersen, proposing 13 fold-up lunch tables at Joseph Lane. The low bid of \$392.50 won over others from Northern School Supply and the J. K. Gill Co.

Supt. Deller was requested to make application for federal funds as outlined by Public Law 815 and 874. If the district can show 3 per cent or more of its enrollment lives or has parents working on federal property, the district receives approximately \$100 per pupil. Supt. Deller said between 150-200 pupils should fall into the category.

A minimum pay schedule for substitute teachers was adopted. Under new state law, the schedule per day is: Less than bachelor's degree — \$16.67; bachelor's degree — \$18.34; master's degree — \$30.

Discussion of a graded room system in the Garden Valley-Riverdale area concerned the board. They authorized Supt. Deller to contact parents by letter. A graded room contains one grade and one teacher in a single room.

A request from Glen Wellman that the board consider addition of bowling as part of the system's physical education program was turned over to the superintendent and PE Director Cecil Sherwood for additional study.

HART RIDDLE TREASURER

The wrong person was reported in Wednesday's News-Review as new city treasurer at Riddle.

Mrs. E. E. Daniels, the new city recorder, has held the treasurer's job for several years. She was appointed Tuesday night. Replacing her in the treasurer's position is E. E. Hart, owner of an insurance agency at Riddle, reports correspondent Mrs. Erma Best.
