### Peron's Fate Is Uncertain; Revolt Ends

By SAM SUMMERLIN  
BUENOS AIRES (AP) — Argentina's rebel forces Wednesday won agreement — apparently with unconditional surrender — from the loyalist followers of Juan D. Peron.

The rebels established Maj. Gen. Eduardo Lonardi as provisional (temporary) president of the nation.

A brief communique did not disclose Peron's fate, but the rebels in their four-day revolt gave as one of their conditions of surrender the handing over of the man who ruled Argentina for a decade. The last authoritative information had him aboard a Paraguayan gunboat in Buenos Aires Harbor.

The communique read over the state radio said the two sides had reached "complete accord" and the loyalist forces had "accepted the points stipulated by the rebels."

The rebels had announced before peace negotiations began that they would accept only an unconditional surrender.

Lonardi in 1951 retired voluntarily from the army after writing a letter protesting the plan — later abandoned — to designate Eva Peron as vice-president. He was active in a short-lived revolution in 1951, and in 1952 was included in a group reported under arrest for plotting against Peron.

He began his army career in 1914 and rose to command of the 3rd Army.

He is a 59-year-old artilleryman. Gunfire sounded in Buenos Aires only a few hours before the peace was announced. Tank guns blasted

### VFW Convention Dates Coincide With Big Rodeo

A cooperative community program is planned in Roseburg next June when the state convention of the Veterans of Foreign Wars coincides with the annual Douglas county rodeo. VFW officials say.

Initial plans for the program were started here last weekend when officers of District 16 of the State VFW Dept. met at the Veterans Memorial Building. The district is headed by Douglas County's eight post, all of which will be host next June.

James Gilroy, department senior commander, and advisory chairman Stanley Tripp, Portland, stressed the importance of advance plans for holding meetings, quarters and unique entertainment to district officers.

The state encampment will be June 26-29. About 1,500 veterans and auxiliary members are expected in the city. The last VFW convocation here was in 1933.

Committee chairman appointed Sunday included: Nelson Tobias, Walter Calahan, T. F. Holmes and Royal S. Denton. A potluck dinner preceded the meeting Sunday.

### Joelson, Roseburg Lumber Bid High

Two small salvage timber sales on Umpqua National Forest land located in the Little River Ranger District 43 miles east of Roseburg were reported Tuesday.

Joelson Lumber Co., Roseburg, was successful bidder for 400,000 board feet of timber appraised at \$10,725. The last VFW convocation here was in 1933.

Other bidders were the Joelson Lumber Co. and the Glida Lumber Co.

Roseburg Lumber Co. entered the winning bid of \$5,318 for 150,000 board feet of timber appraised at \$3,586. The company bid \$38-50 for 140,000 feet of Douglas fir and pine appraised at \$24,700, and appraised price of \$12,800 for 10,000 feet of hemlock and other species. Other bidders were the Joelson Lumber Co. and the Glida Lumber Co.

Town Caucus Scheduled To Nominate Officials

A town caucus for the nomination of three new city officials will be held Oct. 3 at 8 p. m. in the city hall at Canyonville, according to News-Review correspondent Mrs. Virginia Proctor.

To be elected in November are a mayor for one year, a city recorder for one year and three councilmen for two years apiece.

The City Council recently passed an ordinance providing for the razing of dangerous buildings. The council will determine which buildings are dangerous and authorize their removal. Cost will be charged to the property owners.

Senator Morse declares he'll defeat anyone who runs against him for re-election next year. Present predictions are that Gov. Patterson is destined to be the Republican David who will take on this boasting apostate Goliath.

### Another Step In Renaming Streets Taken

Another step in the renaming of a host of streets within the city limits of Roseburg was taken Tuesday night when the Roseburg Planning Commission completed recommendations for inclusion in a proposed city ordinance.

City Atty. Paul E. Geddes is preparing the ordinance for presentation to the City Council Monday night. Provided the ordinance passes its first reading — a nod that's a probability — a public hearing will be set by the council. That probably will be in mid-October.

Some streets originally to be changed will remain the same. Outside the city, changes will be made by ordinances by the Douglas County Council.

Some of the streets up for renaming were changed through ballots of residents living along the streets. But the majority were named by Planning Commission recommendation. Balloting was light.

Here is the list okayed Tuesday night:

North-south portion of Beulah Drive changed to Kinney Drive.

Second Street (extension of Beulah Drive) to Beulah Drive.

Harvard Avenue and Melrose Road (from Corey Avenue west to vicinity of Micelli Village) to Harvard Avenue.

End of Harvard Avenue to west city limits to Melrose Road.

Princeton Street (east side of freeway) to Alva Court.

Harris Street to Hawthorne Drive.

Rose Lane to Kenwood Street.

(Continued On Page 2 Col. 5)

### Petitions Request Property Rezoning To Commercial

Two petitions for the rezoning of properties from residential to commercial along Chadwick Street were accepted Tuesday night by the Roseburg Planning Commission and a public hearing was set for 9 a. m. Saturday.

The affected area would be all of block 21, located on the east side of Chadwick between Douglas and Washington streets, the properties on the west side of Chadwick between Douglas and Washington and those on the east side of Chadwick between Washington and Oak.

Earl Wiley, Roseburg realtor, presented one of the petitions. It bears the names of owners of 21 properties between Washington and Douglas. Three names were on the second petition, which asks the change between Washington and Oak.

The planners were told the reason for the first petition was that a doctor is anticipating opening an office in the Triad Apartments.

The early morning blast shattered windows over a wide area and overturned a score of railroad cars in the Willbridge yards in northwest Portland.

Included in the Oregon Electric's claim is \$3,347 for damage to the residence of Doris E. Gillis. The railroad said her claim had been assigned to it.

### Spanish War Veterans Slate Two Major Projects

LONG BEACH, Calif. (AP) — The United Spanish War Veterans are embarked on two immediate projects.

One is to restore Adm. Dewey's flagship, now rotting on the Philadelphia Navy Yard. The other is to obtain a Medal of Honor for the man who led a charge on San Juan hill in Cuba — Alfred C. Pettys, now 79, of Stockton, Calif.

The drive to restore Dewey's flagship has a goal of \$800,000. The ship, the Olympia, led naval forces in the Battle of Manila Bay, May 1, 1898.

GRASS IGNITED

Roseburg Rural firemen were called out at 1:30 p. m. Tuesday to combat a grass fire which started when a power line broke near Currier Street north of town. The line was soon repaired and no other damage occurred, firemen said.

JOHN MORLEY  
... world traveler

### Morley Will Speak At Knife And Fork Meeting Tuesday

John Morley, one of America's most traveled writers and lecturers will report on world conditions and prophecies for the future when he speaks to members of the Umpqua Valley Knife and Fork Club Sept. 27.

It will be the first Knife and Fork lecture of the 1955-56 season. The meeting is scheduled at the Elks Club ballroom.

Morley has made three complete trips around the world during the years 1951 to 1954. He is one of the few journalists who has been a personal guest at the retreat of Generalissimo Chiang Kai-shek in Formosa and has talked intimately with many key world figures. Morley is expected to report his observations and give analytical discussion of Europe, the East and other hot spots of the world.

About his background, Morley served with the War Dept. as director of military intelligence against foreign spies in this country during World War II. Since then, he has spent much of his time traveling around the globe and talking to leading world figures.

The Knife and Fork meeting will start at 7 p. m., according to President Harold Augustus. He reports Morley is the first of a stellar list of top-notch speakers to fill out this season's slate.

### Proposed School Plans Inspected

The Canyonville School Board Tuesday inspected proposed plans for Canyonville's new eight-room elementary school, which will be the subject in a \$140,000 bond issue Sept. 23.

Van Svarverud, Roseburg school architect for a Portland firm, showed several buildings, but no decision will be made on the type of structure until after the bond election.

Supt. O. J. Manger told Mrs. Virginia Proctor, News-Review correspondent, that the elementary school is short by five classrooms now. Children are attending classes in three non-standard rooms and have "borrowed" two other rooms from the high school.

The high school will need the two rooms for classes next year, Manger said. The proposed new elementary school will be on a new location. Money for purchase of the site is included in the proposed bonds.

### Winston Sewer Bond Election Set Oct. 27

Oct. 27 has been set as the date for the Winston sewer bond election by that city's council members, reports News-Review correspondent Mrs. Glenn Ryder.

Winston Recorder H. J. Kleva said the amount of the bond would be announced at a later date. Kleva Wednesday reminded residents of Winston that they must be registered in order to vote in the election.

Registration must be made 30 days in advance of the election date. Citizens may register at Kleva's office next to the variety store, the correspondent said.

In other action Tuesday night the council passed the Green River Ordinance which prohibits peddling within the city limits.

### United Nations Shelve Red China Entrance

UNITED NATIONS, N. Y. (AP) — The U.N. General Assembly sidetracked for another year the perennial question of seating Red China and prepared today to chart an agenda for the current session.

Overriding demands by Russia's Foreign Minister V. M. Molotov that the Asian Reds get a seat, the Assembly adopted 42-12 a U.S. motion to shelve the question until 1956.

### Toll Of Death Counted After Hurricane Goes

By THE ASSOCIATED PRESS  
While Hurricane Ione whistled over the North Atlantic Ocean Wednesday, shattered towns in North Carolina and Mexico counted a sad toll of death and damage wrought by her and her sister storm, Hilda.

Mexico was left with at least 166 dead and 169 missing in the Gulf port of Tampico and surrounding area where Hilda hit. Continuing floods threatened to raise this toll.

With refugees crowded together and water supplies doubtful, authorities were fearful of epidemics. In North Carolina, which took the brunt of Ione before she veered out to sea, five persons were dead and property damage was in the millions.

Ione turned to a northeast course Tuesday and missed the northern coast states. A mass of cold air from the northwest, flowing at an altitude of 10,000 to 30,000 feet, shoved Ione out to sea.

All shipping was cautioned the storm was centered Wednesday (Continued On Page 2 Col. 7)

### Jury Determines Compensation For Condemned Land

A circuit court jury deliberated about 1 1/2 hours Tuesday evening before deciding on \$8,000 as equitable compensation to the defendants in a land condemnation action.

The case, which started Monday, was filed by the State Highway Commission against Abner B. and Vera A. Rice and Alton E. and Lela S. Rice in order to determine compensation for land taken by the highway.

Involved was about 14 acres near the new highway bridge south of Roseburg where the highway commission took land for constructing the Shady Point-Booth Ranch section of extended Highway 99.

The commission and the land owners had been unable to agree on a price for the land, so the plaintiff asked that a jury decide. In its complaint, the commission said the land was worth not more than \$4,000.

A jury of seven women and five men returned a verdict before Judge Charles S. Woodrich about 6 p. m.

Another condemnation action was docketed for the court today.

### Marion County Officers To Pick Up Two Youths

Marion County officers were due in Roseburg today to take custody of two young men who were arrested on warrants Tuesday afternoon as they stepped off a rebound bus.

Sheriff Ira C. Byrd placed the pair — Daniel LeRoy Haller, 19, Stayton, and Arthur Davis Huddleston, 22, Junction City — under arrest as they arrived in Roseburg. They are charged with rape.

### DEFENDANT RELEASED

Garlin F. Holder, 36, was released from the county jail Tuesday after raising \$1,000 bail bonds on charges of non-support and grand larceny. Holder was charged with the crimes after he was returned here from Bakersfield on May 1.

### Karl Doering Plans To Join Professional Cowboys Rank

Douglas County's cowboy-club Karl Doering found himself smack-dab in the center of news this week.

He won the Oregon Rodeo Assn's award (a silver belt buckle) for being best amateur bull rider in the state. The award was presented Sunday in Eugene at the close of the Lane County Rodeo.

Tuesday Doering, who lives with his family on a ranch in Roberts Mountain, announced that he has turned professional. He plans to join the national Rodeo Cowboys' Assn. and participate in RCA-approved rodeos as a bull fighter and clown.

This year Doering and his trained Brahma bull, Jerry, have worked shows throughout Oregon. Locally they were seen at Sutherland Timber Days and at the Happy Valley Stampede.

RCA-approved rodeos are held throughout the nation. Professional shows in Oregon include the Douglas County Rodeo and the Pendleton Roundup.

Doering is a lanky six-footer who has lived most of his life in Douglas County. He graduated from Myrtle Creek High School and later attended Oregon State College for two years. Now 25, Doering has been clowning for about three years. He and his wife Kay have a 3 1/2 year-old son, Greg.

### Uncle Puts Finger On Accused Kidnap Murderers At Trial

By SAM JOHNSON  
SUMNER, Miss. (AP) — Mose Wright pointed a knobby finger at J. W. Milam Wednesday and said, "There he is" — identifying him as one of the men who abducted the sharecropper's nephew in the early morning hours Aug. 28.

Then the 64-year-old farmer pointed out 24-year-old Roy Bryant, Milam's half-brother, as the second man who roused the Wright family from bed at 2 a. m. and took Emmett Till, a 14-year-old boy, away.

Bryant and Milam are accused of murdering the Chicago Negro boy because he alleged whistled at Mrs. Bryant, Dist. Atty. Gerald Chatham called Wright as the state's first witness.

Testimony began shortly after Chatham said he had six new witnesses who would place the defendants "with the Negro boy several hours after he was taken from Mose's (Wright's) shack." He also said the witnesses would place the accused men in the area where Till's body was pulled from the Tallahatchie River.

Chatham said the witnesses have "absolutely newly discovered evidence," but did not elaborate.

Wright, in describing the events of Aug. 28, said: "About two o'clock, someone came at the door. They said, 'Preacher, preacher.' " "This is Mr. Bryant," Wright said the voice told him. "I got up and opened the door."

"Mr. Milam was standing at the door with a pistol in his right hand and a flashlight in the other," Wright said Milam carried a pistol and added: "He asked me if I had two boys out of Chicago."

"The visiting boys were Till, 14, his nephew, and 16-year-old Bruce Carter, Wright's grandson. They had been vacationing there a week."

Wright said one man told him: "I want that boy who done that talk at a pistol in his right hand and a flashlight in the other."

Wright said Milam told him after seeing Till: "If that's not the right boy, we are going to bring him back and put him in the bed."

### Robert Tripodi To Head County Rodeo Association

Robert Tripodi of the Roseburg Junior Chamber of Commerce will head the Douglas County Rodeo Assn. for the coming year.

He and other officers were elected at an association meeting Tuesday night at the Hotel Umpqua, reports outgoing Secretary V. J. Anderson.

Elected first vice president was Pat Sullivan, others are Bruce Carter, second vice president, Von Dick Miller, secretary; and Iva Dickens, treasurer.

New board members are Miller, Jack Gamet and Larry Strode. Holdover members are Bill Tiplon (outgoing president), Johnny Spencer, Carter, Dickens, Tripodi, Sullivan, Walter Welker, Rob Traffenberger, Al Clute and Henry Cook.

The association will meet again Oct. 1 to establish an exact date for the rodeo, including possible changes in purse money.

The association is made up of members of three local organizations, the Jaycees, Lions Club and Douglas County Mounted Sheriff's Posse.

### Two Cars Are Seriously Damaged In Accident

Two cars were seriously damaged Tuesday evening in a traffic mishap four miles east of Sutherland on the Nonpariel Road. The driver of one car, Abner Gieder, 20, Sutherland, received a lacerated scalp and a bruised right forearm, state police said.

Operator of the other vehicle, William Wallen, 37, Oakland, was not injured, police said. No citations were issued. Officers said both cars were going east on the road when Gieder's vehicle skidded into the rear of the Wallen car.

### PLEADS INNOCENT

A 19-year-old Riddle driver, Gary Lee Keys, pleaded innocent Tuesday when arraigned before Justice of the Peace Nina Pietzold, Canyonville, on a charge of reckless driving. Bail of \$50 was set. The youth, who was in district court last week on a charge of driving without a license, was arrested again Monday by a deputy sheriff. Judge Pietzold said Keys was out on bail on two previous charges pending in her court.

### 'RED HAT' PROCLAIMED

Friday has been proclaimed "Red Hat Day" in Winston by Mayor Frank True. His proclamation was written in line with the day being celebrated throughout Oregon in the interests of better sportsmanship by hunters.

### Lane Operators Demand Timber On Smith River

EUGENE (AP) — Some 60 lumber mill operators met here Tuesday night in a move to get the Bureau of Land Management to permit broader marketing of salvage timber in the Smith River drainage of the Oregon coastal range.

Carl Hill, Douglas County judge who heads the Oregon & California Counties Assn., said afterward he was certain the association would join with the operators in the request.

The operators contended at the meeting that the BLM had agreed to allow cutting of some 200 million feet of green timber to make feasible removal of the same amount of timber blown down in a 1951 windstorm.

Hill said it was his understanding that in 1953, the BLM indicated it would waive the marketing agreement which gave coastal area mills access to the timber.

He said that on the basis of an agreement between the BLM and O&C counties, more than 6 million dollars was spent to put access

### Type Of Building For PAL Clubbers Is Being Studied

Officers of PAL Club, Inc., are now studying the type of building to be erected on city property south of Garden Valley Road between the Veterans Administration and cemetery grounds.

At a meeting Tuesday night at the Hotel Umpqua, bids were taken under consideration, and it was decided the new home of PAL will be a 60 by 100-foot structure reports trustee Vernon Murdoch Sr.

Whether the building will be steel or wooden has not been definitely decided. A committee will meet with the Roseburg City Council next Monday night to present plans.

The club, without a "home" since forced to move from the Armory, has about \$5,000 on hand to cover part of the cost of erecting the new home. It also has \$1,200 to \$1,500 in equipment, now in storage.

The organization will meet again in about a week, Murdoch said, to give further consideration to speeding construction of a building. President Al Clute presided at Tuesday night's session.

### Roseburg Youth Freed Of Charge

A 17-year-old Roseburg youth charged on Sept. 6 with being drunk in a public place, walked free from district court Tuesday after a jury had been called to hear the case, but prosecutors for the state failed to appear.

Another defendant also saw his case dismissed in the court when the prosecuting witness did not appear for the trial. Henry Smith, 31, had been charged with assault and battery, at arraignment Aug. 20. He denied his guilt. The complainant, his wife Ramona, did not appear at the time set for trial before Judge Warren A. Woodruff.

Another case, involving Floyd Dale Wilson, 24, Camas Valley, has been taken under advisement. Wilson was found guilty of operating a motor vehicle while his license was suspended.

Arrested following an accident Aug. 14, Wilson later was acquitted of a drunken driving count.

### Nixon Maintains Peace Prospects Brighter Now

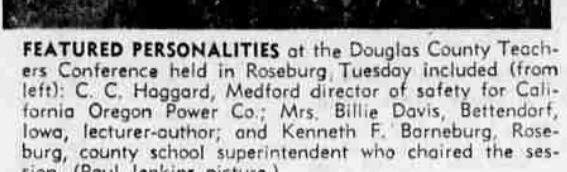

OMAHA, Neb. (AP) — Prospects for peace are better than they have been at any time since World War II, but it's no occasion for relaxing vigilance, Vice President Richard Nixon said Tuesday night.

He told the International Assn. of Fire Chiefs there are three important factors leading to his conclusion. He cited the military strength of the free world, the absence of atomic weapons which confront a potential aggressor with disaster if his initial attack fails to destroy the ability of his adversary to strike back, and the fact people "desperately want peace."

But he asserted the government is not being lulled into a false sense of security by the recent conciliatory moves of Soviet leaders, adding the United States and the free world "are strong enough to meet and defeat attack by any potential aggressor."

### FIREMEN CALLED

Roseburg firemen were called at 8:43 a. m. today to cool down an overheated oil stove at the Robert Elliott home, 212 Brockway St. There was no damage.

FEATURED PERSONALITIES of the Douglas County Teachers Conference held in Roseburg Tuesday included (from left): C. C. Haggard, Medford director of safety for California Oregon Power Co.; Mrs. Billie Davis, Bettendorf, Iowa, lecturer-author; and Kenneth F. Barneburg, Roseburg, county school superintendent who chaired the session. (Paul Jenkins picture.)

### 'Life Is Better Than Beans,' Daughter Of Hobo Family Tells Teachers At Institute

"Life is better than beans" speaker Billie Davis told her attentive teacher's conference audience in Roseburg Tuesday.

The well-known daughter of a hobo family, Mrs. Davis spent 65 minutes explaining how "free, compulsory, public education" made her life better than beans. A comely, raven-haired woman, she is a lay authority on education.

She recounted her childhood as the daughter "of what today is termed a mobile family," and enumerated ways in which education made her a better person. Praising teachers and schools generally, the Iowa woman lashed out against popular writers who criticize education. And she found few good words for the parents who believe school is for "good grades and making mommy and daddy proud."

Devising into the goals of education, Mrs. Davis said the first was to "give the child a chance to become something better than he is." She said she has found no better reason for schooling than one she formed as a child: "I believe people go to school in order to become something better than they are."

Termining herself "a candidate for education as a child," because she didn't like her "primary group" (the hobo circle), the speaker said she began to observe other groups. She felt not a part of them (the real people). Then she listed the host of free enlightenings available — search at no charge — schools, libraries, parks, museums, etc. Such, she continued, were prime examples of why "opportunities are available to all (in America) and are free and obvious." This disproved a hobo theory that the "rich get richer and the poor get poorer," she said.

By wanting to become better, by observing others and by learning the worth of the individual, Mrs. Davis grew from child to adult in a world which today is her oyster. She believes the school classroom, properly conducted, is "a little picture of what all life might be like . . . the life we dream of where all are equal."

Using no notes, Mrs. Davis spoke fluently, punctuating her remarks with humorous asides and hand gestures. She took time to laud the American teacher and later paid homage to one long ago who had taken "time out" to show her the social graces as well as the meaning of the book text. Education, she maintains, includes "equipping children so they'll know what to do when they face new situations."

Mrs. Davis' husband is an Assemblies of God minister in Bettendorf, Iowa. The couple have no children. She is a Sunday School field representative for the church. Currently she is appearing before educational groups throughout the nation. Mrs. Davis is a free lance speaker who arranges her own engagements. Her next stop is Ohio.

### State Board Puts Tract Of Timber Up For Sale

PORTLAND (AP) — The State Board of Higher Education Tuesday approved putting up for sale 2,100,000 board feet of timber of the Adair tract operated by Oregon State College.

A minimum price of \$47,200 was stipulated. Bids are to be received by Sept. 28.

A minimum price of \$47,200 was stipulated. Bids are to be received by Sept. 28.

The board's chief business was approval of \$6,634,000 in new construction for state colleges.

### In The Day's News

By FRANK JENKINS  
Stark tragedy in the news: Mrs. Donald Pullen (aged 28) of Portland was killed the other night on the upper Columbia highway when a rock plummeted down a hillside and was struck by the car in which she was riding with her husband and their two children.

The husband — who escaped, along with the children, with bad bruises — said he and his wife were singing happily as they rode along the highway to the Pendleton Round-up. The children were asleep in the back seat. He saw the shadow of the rock coming down the hillside. Before he could check his speed his car hit the rock, which was nearly two feet in diameter.

It rolled three or four times. When it came to rest, life with all its joys and sorrows was over for the young mother.

There is probably no way to avoid such hazards of the road. But there are so MANY hazards
