

Sutherland Man Heart Victim After Hunting

(Continued from Page One)

lated reports of three gun accidents raised the toll of those wounded in the four-day-old hunting season to ten. James Fraser, about 70, of Portland fell to his death late Tuesday while hunting about 70 miles south of Burns. Companions said he lost his footing and fell about 20 feet off a rocky rim. Two youths, Donald Ross, Roseburg, and Jimmy Hawk, the latter about 14, were wounded in separate accidents last weekend. Police said each boy wounded himself in the foot when his gun accidentally discharged. Both were treated at a Lakeview hospital. The third belated report also was a hunter shot in the foot. It was near John Day and the wounded hunter was Lester Ashah. Portland, reported to have been hit when his companion's gun fell and discharged as it was grabbed. He was treated at John Day. Seven other accidental shootings were reported earlier. None of the victims was hurt seriously.

Former Secrecy Labels Erased In Publication

(Continued from Page One)

more than half a hundred airdromes and air fields in England, Germany, France, North Africa and Japan. Approximately a score appear in the listings for Germany alone, with a similar number in Japan. The Pentagon publication is a new compilation of distances between cities and military installations overseas, intended for the computation of travel costs. Actually, probably none of the base locations are unknown to Russia. But why the Defense Department permitted unclassified publication of the complete list, in this form, while retaining high military security on similar lists used for other purposes was not explained.

Moroccans Press Forces Of French In New Attacks

RABAT, French Morocco (AP)—Moroccan nationalists stabbed at hard-pressed French forces today in relentless guerrilla attacks for the fifth successive day in the rugged Rif Mountains. The fighting echoed all the way to Paris, jeopardizing Premier Edgar Faure's coalition government. A top nationalist leader, Mohammed Lyazidi, warned the resurgence of terrorism "is bound to get worse" if the French do not speed their plans for Moroccan reforms. There were indications Faure's program might be delayed even longer or possibly scrapped. Lyazidi said that "if the French had kept their promises, it (the fighting) might not have happened." He referred to agreements hammered out by the French and nationalists calling for removal of pro-French Sultan Mohammed Ben Moulay Arafat, creation of a three-man regency, formation of a new Moroccan government and granting of much more self-rule to the protectorate. The only point fulfilled thus far was the removal of the Sultan to the international city of Tangier. Gen. Pierre Boyer de Latour du Moulin, new French resident general, said last night he was working for "a solution to the problem of the throne acceptable to all."

Former British Minister Of State On Critical List

NEW YORK (AP)—Hector McNeil, minister of state in the postwar British Labor government, remained on the critical list at Columbia Presbyterian Medical Center today, and the outlook was pronounced "very grave." McNeil, 48, suffered a stroke on board the Queen Mary Monday and was taken to the hospital in an ambulance when the liner docked yesterday.

Woman's Club Founder Here For Anniversary

(Continued from Page One)

M. Boyles and Mrs. Kenneth Bushy, Charter members coming for the affair were Mrs. George Sewell of Salem and Mrs. B. H. Moore of Portland.

Among out-of-town guests were Mrs. Florence Shields of Seattle; Mrs. A. B. Houser of Jamul, Calif.; and Mrs. J. A. Gibson, Bandon. Miss Alice Ueland was program chairman for the program, which carried out the theme of the 1895 Mental Culture Club years. Miss Ueland herself portrayed the "Old Lamplighter" and lighted one of the original lamps used on the streets of Roseburg at that time and which has been presented to the club by Mrs. L. W. Joseph. Mrs. Harrie W. Booth, Mrs. Willis Myers, Miss Ueland, Mrs. Roy Hanford, Mrs. Floyd Warner, Mrs. J. M. Boyles and Mrs. H. C. Berg, with Mrs. Clyde Carstens as pianist, were gowns of the 1890's and presented musical selections. The invocation was given by Mrs. Ellsworth Tilton. Mrs. Arthur Madsen, program chairman for the year, introduced the program numbers.

Highlighting the program was the fashion show depicting women's fashions from 1895 to 1945. Models were Mrs. Harrie W. Booth, Mrs. Harold Hoyt, Mrs. C. D. Albright, Mrs. Robert Dorsey, Mrs. Harry Hildebrand, Mrs. D. A. Williamson, Mrs. W. H. Carter, Mrs. T. L. Goodwin and Mrs. J. V. Short. Miss Muriel Mitchell, Roseburg Public Library librarian, showed an exhibit of books purchased for the library as a result of a very generous gift from Mrs. Child.

Since 1895 the club has met in private homes, the City Hall, the Armory, the basements of the First Presbyterian and First Methodist churches as well as at one time housing a clubhouse on Jackson Street, which was later sold and the money used with Mrs. Child's gift for the present clubhouse. Club members have sponsored hundreds of projects during the 60 years and have contributed to the Roseburg Public Library, to scholarships, towards landscaping projects, started the first Junior Woman's Club in the state of Oregon as well as helping with numerous civic activities. The membership has grown from 20 to more than 100. Mrs. Whipple and her officers, together with the membership, expect to carry out the high ideals of the club set up by the founder and first president 60 years ago.

As Roseburg is the first club in the federation, Mrs. Foster Butler led the procession at the 25th anniversary of the Oregon State Federation of Women's Clubs convention (1925), and Mrs. J. M. Boyles, president of the club in 1949-51, led the procession at the 30th state convention.

Members of the Roseburg Woman's Club have entertained both the district and the state at conventions. On the 60th anniversary of the club, a large number of new members were admitted to the membership, and Mrs. George W. Burt was honored for having attended every meeting during the last four years. A tea followed the program, at which time Mrs. Child cut the first piece of the cake, which was served by Mrs. Sig Fett. Pouring were Miss Isabel Curry, Mrs. Douglas Waite and Mrs. H. N. Jacobson. Members of the club acted as hostesses.

SOCIETY TO MEET

There will be a meeting of the Christian Women's Fellowship of the Westside Christian Church Thursday at 7:30 p.m. at the home of Mrs. Bert Saum, 165 Peach Lane, Winston. Mrs. Glenn Hunter will be assistant hostess. The worship service will be led by Mrs. Forrest Hollyman. Mrs. Dan Hansen will present the study program.

Women's Class On Automobiles Starts Thursday

The woman driver perplexed by the multitude of strange gadgets in her automobile has a happy surprise in store for her.

A special course for women, labeled "Know Your Car," is being offered this fall by the Adult Education office in Roseburg. Instructor Russell L. Madsen teaches the auto mechanics course at Roseburg High School. The class starts Thursday at 7:30 p.m. at the high school auto shop. Only qualification for registration, according to AE Director Richard Boss, is that the registrant be female and be there for the class. Textbook for the course will be the owners manual provided for the car driven by the student. Manuals may be obtained locally, Boss said. Thursday evening students will be given a check list of items they may care to discuss. Madsen said the items receiving the most checks would be included for discussion during the course which lasts 10 weeks.

They'll have a choice of such things as cooling systems, fuel systems, lubrication and lubricating oils, tires, basic theory of operation, automatic transmissions, ignition and lighting systems, etc. Madsen said two special items were instructions on "how to change a tire" and "what to do if the car will not start or ceases to run."

Two Tracts Of Timber Sold At BLM Auction

Two timber tracts of 7,600,000 board feet were sold Wednesday in a Bureau of Land Management sale at the Roseburg office. One tract of green timber on the Days Creek east of Canyonville sold for \$149,396.65. High bidder on the 6,823,000 tract was Umpqua Plywood Corp. Other qualified bidders were Round Prairie Lumber Co.; Harbor Plywood Corp.; Siamer Lumber Co. and Roseburg Lumber Co. Douglas fir in the tract sold for \$22 per thousand, a figure much lower than in most recent sales. The total tract was appraised at \$124,915.35. A small sale of salvage timber northwest of Roseburg in the Millwood area beyond Umpqua, brought a high bid of \$11,882.30 from Sun Studs, Inc. Douglas fir brought \$38 per thousand. There were 63 bids on the 867,000 feet appraised at \$15,204.10. Other companies participating in the sale were Kerr-Hebard Corp., Round Prairie, Trico Timber Co., Martin Bros. Box Co. and Roseburg Lumber Co., BLM officials said.

Winston Voted Back Into Water District

Voters of the Winston-Dillard Water District unanimously approved a move to include the City of Winston in the district. The vote was 11-0 in an election held Tuesday. The action brings the city back into the district prior to incorporation, but was automatic. Earlier, city residents voted to go back into the district. The district then had to vote on whether to take the city back.

High Bidders Plan Rental Uses For Moore Property

Historical Society, which wants to obtain the old Moore house for museum purposes. The house would be moved beside the Roseburg Public Library, soon to be abandoned when the city and county combine their libraries in the courthouse. Both buildings would be used as a museum. The City of Roseburg, it is understood, still is interested in obtaining possession of the Rose Street lots for park purposes. All five lots are part of a pioneer estate which was willed to the federal government 15 years ago by Miss Moore. A GSA official said all bids on the Rose Street lots will be kept confidential and will be returned to bidders. An award to Albright and Ryan on the Jackson properties is expected after a board studies the bids. Second-high combination bid was entered by R. B. Clark, Roseburg. It was for \$52,000. Highest bids for either lot individually were: Eugene M. Odermat, Seattle, \$18,500 for the lot on which the Monogram Cigar Store and the Time Shop stand. John H. Caley, Seattle, \$20,200 for the lot on which the Sears-Roebuck Co. catalog store and Chuck's Coffee Shop No. 2 stand.

Plywood Jubilee Free Show Slated 3 Days In County

A carnival atmosphere and industrial horse sense will be combined in a Fir Plywood Jubilee free show to appear at two Douglas County cities this month.

The mobile show, which is designed to give information about plywood as well as entertainment for those seeing it, will be in Roseburg Oct. 14-15 and in Oakland on Oct. 17. The traveling showpiece is sponsored by the Douglas Fir Plywood Assn. to call attention to the 50th anniversary of the plywood industry. Roseburg, it will be set up on the St. Dillard Motor Co. lot at Stephens and Douglas streets. Local sponsors are Roseburg Lumber Co., Umpqua Plywood Corp. and Evans Products Co. At Oakland, the caravan will be set up at Martin Bros. Box Co. plant and will be sponsored by that company. Displays will be open from 2 to 9 p.m. during the two days in Roseburg and the one day in Oakland. They cover the most dramatic elements of the "Fifty Golden Ideas" for fir plywood construction unveiled during the industry's annual meeting at Portland last June. Included are a color movie on plywood manufacturing and circus animals built of plywood. Local mills also will have displays in connection with the show, reports S. Paul Harkonen of the DFLA. Plans for the Roseburg event were worked out Tuesday noon at a meeting with representatives of local sponsors, Harkonen said. The shows will be conducted by Earl Pennington, field representative of the plywood association.

Participating companies of the local area are also planning open house events at their plants during the time the show is in their locality. Partrick Keough Hits \$16,000 On TV Quiz Show

NEW YORK (AP)—Patrick (Paddy) Keough, the baseball-wise businessman from St. Louis, has answered the \$16,000 question on the CBS give-away show The \$64,000 Question. He made the grade by stating that: (1) It was the Cleveland Indians who ended Yankee Joe DiMaggio's record 36-game hitting streak (2) Al Smith was the starting pitcher; (3) Jim Ragby Jr. was the relief pitcher who continued to hold DiMaggio hitless. Master of ceremonies Hal March gave Keough some help last night. Hesitating on the relief pitcher angle, Keough said "I've got it in my head but I can't think of it."

Major Railroads Agree On Raise For Trainmen

year on requests involving payments for fringe services. The Brotherhood announced in June it would seek a raise of \$2.50 a day for its members. Before the new agreement wage rates ranged from \$13.45 a day for passenger brakemen to \$19.07 for yardmasters. Members who work in yards received raises over and above the 10 1/2 cents basic increase. The increases for such workers who will go on a 40-hour week Dec. 1 are \$1.30 a day for yard conductors, \$1.15 a day for yard brakemen and \$2 cents a day for switch tenders. The increase for yard workers already on a 40-hour week are 98 and 50 cents a day for switch tenders. These hikes are 32 cents less in each classification because the workers received raises of 32 cents a day when their work week was reduced to 40 hours.

Gov. Knight To Openly Seek GOP Presidency

SACRAMENTO, Calif. (AP)—Gov. Goodwin J. Knight says he intends to head California's delegation to the 1956 Republican National Convention even if it means an open fight with Vice President Richard M. Nixon. He reiterated that if President Eisenhower, his first choice, doesn't run, he will seek control of the state's important bloc of votes himself as a favorite son—and only nominal—candidate.

Police Guard Placed At Townsend's House

BRUSSELS, Belgium (AP)—A police guard has been placed in front of the apartment house where Group Capt. Peter Townsend lives in Brussels "to prevent his being pestered by maniacs," police authorities said Wednesday. London newspapers have reported that Townsend, the man romantically linked with Princess Margaret, has received letters threatening his life.

Ike Gets 'Kick' From Presents Of Grandchildren

DENVER (AP)—President Eisenhower had an "excellent night" and is making satisfactory progress, his doctors reported Wednesday. A note of hilarity was injected into the President's day by a gift of bubble gum from his three grandchildren.

From the doctors, the word in a 10:30 a.m. medical bulletin was that the Chief Executive "slept soundly and almost continuously for 9 1/2 hours," awakening refreshed and cheerful. From James C. Hagerty, press secretary, the word was that the President got a "great kick" going through a box of presents from his grandchildren, Susan, 3, Anne, 6 1/2, and David, 7 1/2. Each of the kids, Hagerty said, picked out the gifts personally and each included bubble gum. There also were some greeting cards and some drawings the children had made themselves. Eisenhower listened to music for a while Wednesday morning. Arrangements were made for him to see his top assistant, Sherman Adams, about lunch time. Hagerty said the President might sign more official papers during Adams' visit.

Political Crisis Seen With Premier's Death

ATHENS, Greece (AP)—Greece faced the possibility of a serious political crisis today after the death of Premier Alexander Papagos, the national hero. Field Marshal Papagos, 71-year-old victor over the Italians in World War II and the Communists in 1949, died last night of heart exhaustion following a lung hemorrhage. The marshal had been confined to his home since January with gastric troubles resulting from a Nazi War II imprisonment in a World War II camp. Members of the Premier's conservative Greek Rally party planned to meet after his funeral Friday in an effort to reweave party unity and settle on a successor.

5,000 UAW Men March On Piston Ring Plant

police who were inside the plant with their chief, Clarence Justice. Capt. Robert Dillon, who climbed onto a car top to urge the demonstrators to disperse, was hit on the head with a rock. He was not badly injured. In spite of their pleas, hundreds of the demonstrators milled around the foundry, throwing bricks, stones and bottles. The order mustering the State Police force came from the office of Gov. George N. Craig, who is in Miami for the coming national convention of the American Legion. Three other eastern Indiana plants, at Hagerstown and Richmond, also involved in the violent two-month-old strike, were quiet Wednesday. New Castle is 50 miles east of Indianapolis. Ballast said he "understood" the CIO had called a "one-day labor holiday in New Castle."

Explosion And Fire Kill Two Students In Gym

WHITE CLOUD, Kan. (AP)—An explosion and fire in a gymnasium where a high school basketball squad was cleaning the floor killed two youths and burned eight other persons Tuesday. Mayor Bill Scheer said gasoline being used as a cleaner. The gymnasium is in the basement of the community church. Fatally burned were Charles Baskins and Donald Todd, both 14. Two other students—Claude Franklin Collins, 15, and John C. Bowen, 16—were reported in critical condition.

Coon And Neuberger Present Conflicting Estimates Of Power Cost Under Two Plans

BURNS, Ore. (AP)—If the John Day Dam were built under the "partnership" bill, it would market power for 2.5 mills per kilowatt hour, Rep. Coon (R-Ore.) said Tuesday.

But Sen. Neuberger (D-Ore)—who opposes Coon's bill and favors instead federal construction of the Columbia River project—said the cost of such power would be 8 to 10 mills per kilowatt hour. These conflicting statements were made here at the seventh of the scheduled 10 debates between the two Oregon lawmakers on the merits of Coon's "partnership" bill. Coon said the bill would permit local public and private agencies to contribute 273 million dollars to cover the cost of power features of the proposed \$10 million dollar dam. In return these agencies would receive 50-year contracts for all power generated at the dam. "This will be a federal project, owned by the government at all times and operated by the Corps of Engineers. All my bill does is sell power in advance so we won't have to wait for Congress to appropriate the money," Coon said. Neuberger has contended that the bill was written by private power companies and that it would provide these companies with five billion dollars worth of power for their 273 million dollar investment. He contradicted Coon's statement that the dam could sell power for 2.5 mills and he said higher rates would "choke off Oregon's chances for new payoffs."

Argentine Troops Surround Struck Packing Houses

BUENOS AIRES, Argentina (AP)—Army troops Wednesday surrounded three packing houses here as laborers staged sudden strikes amid reports the once all-powerful General Confederation of Labor (CGT) is splitting. Labor leaders complained to the government that dissidents are seizing control of key units of the giant labor organization which helped boost Juan D. Peron to the presidency. "As an Oregon senator I will never agree to yield our Columbia River power sites to private utilities with their high rate structure and their basic hostility to Bonneville's low industrial rate of 2.2 mills," the senator said. A crowd of about 200 ranchers and lumber workers from the sparsely settled east-central Oregon region heard the debate. Wednesday night's debate is scheduled for Lakeview.

"Farmers in Oregon must ship their surplus produce 1,000 miles east at high freight costs and this has retarded agriculture in Oregon," he said. "Our one hope for a consumer market closer to home is low cost power, making possible big industry which relies on electricity for fuel."

Peron continued his exile in Asuncion, Paraguay. A high diplomatic source close to him said the fallen dictator would live permanently in the Paraguayan capital. Earlier rumors had said he might move to Europe.
