

Negro Uncovered \$50,000 Buried Under House

DALLAS, Tex. (AP)—When Jackson Davis, 24, found \$50,000 in the basement of a Dallas home, he just quit his job and went back to his home in Corsicana, Tex.

Some of the money was in gold certificates which Jackson didn't recognize as currency. But he made a down payment on a house and bought a new automobile and a television set.

He told questioning officers he was working on his first job in the city, digging a trench for a plumbing firm, when he found the money. He was dazed to learn he had been charged with theft, police said. He gave them the old thermos bottle in which he found the money and more than \$43,000 remained unspent.

After eight days in jail, Davis, a Negro, was released yesterday at the request of the owner of the house, whom police did not identify.

The owner said the money apparently was buried during the depression by a relative who died more than 20 years ago without revealing the presence of the cache.

Jackson's discovery first came to light when he told two Corsicana Sun reporters about it.

"SEEING-EYE" CAT—Meet "Specks," year-old cat who is the "seeing eye" for "Blackie," blind, seven-year-old cocker spaniel. They are shown with their mistress, Gloria Bloodworth, of Gainesville, Ga. She says the cat sensed Blackie's oncoming blindness before the family figured out why the dog seemed so bewildered at times. Within six months Blackie was completely blind. By that time, Specks had taken over. She guides him carefully nudging him on. She waits patiently until the cocker finishes drinking and starts him on the return trek. He trots closely behind the cat, who periodically turns back to give him a reassuring brush under his nose. She also guides him around the Bloodworth home to keep him from bumping into furniture and helps him up and down stairs. EXCLUSIVE NEA PHOTO.

Soviets Contend Dulles' Speech Counters Spirit

MOSCOW, (AP)—Soviet newspapers Wednesday described Secretary of State Dulles' Miami speech as "counter to the spirit of Geneva." They printed a Tass dispatch from Washington saying Dulles tried "to sow distrust of the peaceful policy pursued by the U.S.S.R."

This was the only report published here on Dulles' address to the American Legion convention. This marks a change in signals. The policy recently in the Soviet Press has been to print extended excerpts of such speeches and give Soviet readers an opportunity to judge the contents.

Pravda, at the same time, declared the unification of Germany can be brought about only by prior establishment of the Soviet-sponsored system of collective European security. In this both East and West Germany would be members. Pravda denounced the Western view that German unification is a precondition for establishment of a security system.

These views are being published only two weeks before the opening of the Big Four foreign ministers' meeting at Geneva.

Bing's Rain-Making Brother Sees Good Business In Idaho

BOISE (AP)—Ted Crosby, brother of Hollywood crooner Bing Crosby, says he hopes some day to be doing business throughout southern Idaho. His business is rain-making.

Crosby claimed Tuesday that his firm—North American Weather Consultants of Santa Barbara, Calif.—had substantially increased the rainfall in the Oakley-Magic Mountain area of southern Idaho and in the southwestern corner of the state.

He told a reporter that almost all of southern Idaho, especially the upper Snake River Valley, is a rain by means of heating units which send silver iodide vapor into the clouds. It says the clouds would otherwise sail by without precipitation.

The company claims it produces fertile fields for cloud-seeders.

One third of the 50 million cars in the United States are more than 10 years old.

Chevrolet Increases Its Lead Over Ford

DETROIT (AP)—Chevrolet increased its lead over Ford in new car registrations during August, according to newest tabulations.

Total January-through-August registrations credited Chevrolet with a lead of 24,316 units over Ford.

Figures for the first eight months of 1955 gave Chevrolet 1,626,362 and Ford 1,632,046.

Buick's margin over Plymouth for eight months was 515,742 to 459,269.

AFL Meatcutters Union Organizer Dies At 64

SAN FRANCISCO (AP)—Herman Fahbusch, 64, of Tigard, Ore., an organizer for the AFL Meatcutters Union, died of a heart attack while attending a union convention here.

He came here last Thursday with Robert Wilson of Portland and H. E. Barker of Salem. He complained of a shortness of breath Saturday morning and died of a coronary thrombosis that afternoon.

The widow, Laura, survives.

Chrysler Features New Styling In Latest Models

DETROIT (AP)—Chrysler division's New Yorker and Windsor model cars for 1956 will go on dealer display Oct. 21, featuring new styling, increased power, push button shifting, safety door latches and an instant heat aircraft type heater.

Flight-swept rear fenders mark the new styling motif. The hard-top and convertible models are five inches longer than last year. Horizontal grille bars sweep out toward the front fenders, with wide front parking lights adding to the impression of width and lowness.

Details of the pushbutton gear shifting for automatic transmissions already have been announced.

The Chrysler Windsor line will be powered with a 225-horsepower V-8 engine that can be stepped up to 250 with optional modifications. This power plant has an 8.5 to 1 compression ratio. The New Yorker model has a 280-horsepower engine output at 4,500 revolutions per minute. The compression ratio is 9 to 1.

Like all other Chrysler Corp.'s cars the New Yorker and Windsor models also will have a high fidelity record player as extra cost equipment.

Morse Again Issues Challenge To McKay

GRANTS PASS (AP)—Sen. Wayne Morse reiterated Monday night his challenge to Secretary of Interior McKay to run against him next year for the Senate seat Morse now holds.

Morse noted that McKay in a recent speech had been critical of Morse's position on some issues. He suggested that McKay come back to Oregon to oppose him "and let the people decide."

Speaking before 400 persons at the Fruitdale Grange Hall, Morse said he would work in the next session of Congress for a 50 million dollar timber access road program in order that the timber cut from government land in Southern Oregon can be doubled.

The senator also said declining farm prices is the major domestic problem, adding that the administration's farm program has been of little benefit to farmers.

The meeting was sponsored by the county Democratic committee.

NATO Defense Chiefs Call For More Spending

By EDDY GILMORE

PARIS (AP)—The defense chiefs of the North Atlantic Alliance turned toward home today after hearing stern warnings that Western military spending must go up—not down.

The defense ministers of the NATO allies opened their three-day conference Monday hopeful that the recent peaceful overtures from Russia might warrant cuts in their appropriations for their armed forces.

NATO's top advisers warned the ministers cuts in their defense spending was unthinkable in the face of the Soviet Union's still growing military might.

Gen. Alfred M. Gruenther, the supreme Allied commander in Europe, told the ministers the free world could win a war if it started now, but he warned that the balance of power is tipping slowly toward the Communists.

Businessmen Threaten Suit On Center Site

PORTLAND (AP)—A group of North Portland businessmen Tuesday threatened a suit to block selection of a downtown site for Portland's proposed exposition-recreation center.

The group wants the eight million dollar project located in the Delta Park area of East Vanport—near their businesses. They said they were taking steps to employ counsel to "protect the taxpayers' interest" in development of the center. They contend that the downtown site would cost more than the areas approved for the center.

A special committee recently selected the Delta Park site. But a majority of the members of the Portland City Council say they will not approve handing the site over to the committee. These members contend the Delta Park region is too far from downtown and that the river bottom land would not support the necessary buildings.

Future Farmers Receive National Contest Awards

KANSAS CITY (AP)—National contest awards were presented to 115 local chapters of the Future Farmers of America Tuesday at the organization's 28th national convention here.

The chapters were honored for outstanding activity records during the 1954-55 school year. The top gold emblem was awarded 37 chapters. Silver emblem awards went to 37 chapters and 21 chapters received the bronze emblem.

The FFA has 8,878 local chapters in the United States, Hawaii and Puerto Rico. Judging was done by members of the Office of Education, Department of Health, Education and Welfare.

Winning chapters included: IDAHO—Rigby chapter, Rigby, silver emblem; Sugar Salem chapter, Sugar City, silver emblem.

OREGON—Albany chapter, Albany, gold emblem; Ontario chapter, Ontario, silver emblem.

WASHINGTON—Fife chapter, Tacoma, silver emblem; Wapato chapter, Wapato, silver emblem.

Chancellor Adenauer's Condition Improves

BONN, Germany (AP)—The West German government announced Wednesday that Chancellor Adenauer has shown "further improvement" in the last 24 hours of his battle with bronchial pneumonia.

Although the 79-year-old government chief's doctors said Tuesday they could not tell when he would resume his duties, the government said Wednesday it was hoped he could take part in a Cabinet meeting Oct. 21.

Despite the encouraging reports, a wave of speculation mounted over who would succeed the indomitable old friend of the West should he be forced to quit the political helm.

STEAK TASTES GOOD

SAN ANGELO, Tex. (AP)—A young San Angelo couple enjoyed a big juicy steak dinner last night in celebration of proving that two can live on \$7.84 worth of food a week.

"Economic was fun, but this steak is good too," said Robert Myre, airman stationed at Goodfellow Air Force Base here.

Crop Production May Surpass All-Time High

WASHINGTON (AP)—This year's crop production may equal—perhaps even surpass—the record volume of 1948, if favorable late season growing and harvesting conditions continue another month.

This was the gist of the October crop production report issued late Tuesday by the Agriculture Department.

At any rate, the volume of farm production—crops plus livestock products—will be the largest in history for American agriculture, the department said.

The huge output will supply all anticipated needs and add to the government's seven billion dollar stockpile of surplus farm commodities.

The department reported that rains in September fell over much of the Midwest and Great Plains to provide a favorable seedbed for grains to be harvested next spring and summer.

STATIONED IN GERMANY

Pvt. Billy G. Priest, 23, son of Mrs. Luma D. Priest, Sutherlin, is a member of the 4th Infantry Division in Germany.

Priest, a jeep driver in the division's 4th Reconnaissance Company, arrived overseas in January from Fort Ord, Calif., his basic training camp.

Before entering the Army in August 1954, he attended high school in Monticello, Ark., and worked for the Roseburg Lumber Co.

His wife, Barbara, is with him in Germany.
