

Truman Sees No Basis For Charge

NEW YORK — Former President Harry S. Truman said Tuesday there is no basis for a Republican charge that the Democrats may drop Adlai Stevenson as a possible presidential nominee even before next year's convention.

Business Activity In Far West Goes Up In September

SAN FRANCISCO — Business activity in the Far West in September, as measured by bank debits, was 13 per cent ahead of September, 1954.

The debits totaled \$15,951,545,000 in the 12th District, the Federal Reserve Bank of San Francisco reported Wednesday. While this represented a 13 per cent gain over a year ago, the total was below the record \$16,980,029,000 established in August.

Each of the 36 reporting cities in the seven states of the district reported gains, with the exception of Walla Walla, Wash., which had a decline of 3 per cent.

The gains ranged from 2 per cent in Bellingham, Wash., to 42 per cent in Riverside and Santa Monica, Calif.

Among the larger cities there were gains of 12 per cent in Seattle, San Francisco and Oakland, Calif.; 13 per cent in Los Angeles and 15 per cent in Spokane, Wash., and Salt Lake City.

Bank debits, measuring the flow of money payments through the banks for goods and services, are considered a good overall indicator of business performance.

Eisenhower four years ago, "may be dumped in midstream." He indicated he thought Truman, Gov. Averell Harriman of New York and Carmine DeSapio, a high Democratic Party leader in New York, might be engineering such a plan.

Harriman has been prominently mentioned as a possible nominee, and was host to Truman over the weekend at Albany.

Accreditation Lack May Affect Oregon Students

PORTLAND — Lack of accreditation for Portland State College may mean that 75 students who will graduate this spring in education will not be certified to teach in Oregon schools.

The difficulty results from long-established policies of the Northwest Assn. of Secondary and Higher Schools, which does accrediting, and the State Board of Higher Education, which certifies teachers.

The accrediting association's policy is not to approve schools that have been in operation for less than one full year. Portland State achieved degree-granting status with the State System of Higher Education only last August.

Interrupted Mowers Beat Eugene Man, Flee

EUGENE — The inter-communications system at a bowling alley gave away two would-be burglars Sunday night, but they made a get-away after beating an employee.

Charles Hansen, 48, who lived near the bowling alley at Benton Lane Park, 20 miles north of here, heard voices coming over the inter-com. He picked up a sawed-off pool cue and rushed to the bowling alley where he found one man crouching near a wall. Hansen hit the man with the cue but was surprised by a companion. The two men attacked Hansen.
