HEADS AEC PROJECT—Dr.
Amasa Stone Bishop of Cleve-
land, Ohio, is chief of the Sher-
wood branch of the Atomic
Energy Commission's division
of research. The Sherwood
branch is presently working on
a program begun in 1951 to
harness the power of the H-
bomb for peaceful uses. Dr.
Bishop joined the AEC two
years ago, leaving a post at the
Massachusetts Institute of
Technology at Cambridge.

Son Of Glide Man Gets Nomination

By MRS. ARTHUR SELBY
Raua Kucera, 17-year-old son of
Mr. and Mrs. Frank Kucera, has
been nominated by Sen. Wayne
Morse to take the examinations to
enter the Air Force Academy at
Colorado Springs, Colo. Raua is a
senior at Jefferson High School in
Portland. After the purchase of the
Red Barn by his father in Au-
gust, Raua remained in Portland
in order to graduate with his
class.
Shoots Snake
David Gilbert, 11, and David
Bonnell, 10, shot a timber rattler
Saturday while scouting in the
woods above the Gilbert home. The
snake was 2 feet in length and had
six rattles and a button.
Miss Margie Payne of San Di-
ego, Calif., arrived recently for an
extended visit with her twin broth-
ers, Cam and Jink Payne.
Mr. and Mrs. Lloyd Gilbert re-
turned Saturday after a three-day
business trip to Portland.

Canada Not Anxious To Sell Water Rights

SEATTLE (AP)—Canada is not
especially anxious to sell its water-
power resources, the Canadian
consul-general, C. Norman Senior,
says.
"Here in the Northwest you are
apprehensive of a shortage of elec-
tric power. Several proposals have
been made for meeting that antici-
pated shortage by using Canada's
property... to increase your power
resources.
"It so happens that we in Can-
ada have no particular desire to
sell... On the contrary we would
much rather use it in Canada."
Senior mentioned specifically the
waterpower discussions between
the United States and Canada re-
lative to the Columbia River and
its tributaries.
