### U. N. Sidesteps Russia's Demand For Quick Debate

UNITED NATIONS, N. Y. (AP) — The U. N. Assembly Political Committee Friday brushed aside without a vote Soviet Russia's demand for a quick disarmament debate here.  
It avoided a direct test by voting 49-5 (Soviet bloc) to take up next in its work program steps to study atomic radiation hazards. The debate on this will begin Monday.  
V. V. Kuznetsov, deputy Soviet foreign minister, first insisted on the debate because he said it would help the Big Four foreign ministers meeting at Geneva. Disarmament is one of their topics. Western delegates said such a debate here would hamper the Geneva talks.  
The 12-nation Disarmament Commission swamped a similar Soviet request last week.  
Henry Cabot Lodge Jr., chief U. S. delegate, was quick to oppose Kuznetsov's move. He said it would be better to wait a few weeks until all the information was available. It would be imprudent to take up the question now, he said.

### President Works On State Of Union Message Friday

DENVER (AP) — President Eisenhower Friday worked some more on his State of the Union message, received reports on the Geneva foreign ministers conference, and had a new set of chest X-rays taken by his physicians.  
The recuperating President also sent off a message of sympathy on the death of Clark Griffith, 85-year-old owner of the Washington Senators baseball club.  
A 10:45 a. m. bulletin from Fitzsimons Army Hospital reported that Eisenhower was continuing to progress satisfactorily after another good night's sleep of 7½ hours.  
The bulletin said, too, the President got in some more work on the State of the Union message which he will send to Congress in January. The Chief Executive got started Thursday on a preliminary draft of the message which will outline the administration's 1956 legislative program.  
James C. Hagerly, White House press secretary, reported that Eisenhower is receiving daily reports from Secretary of State Dulles on the Big Four foreign ministers' conference which opened in Geneva Thursday.  
After studying those reports and working on the State of the Union message, the President was taken by wheelchair to the hospital's X-ray department.  
There, the medical bulletin reported, he had chest X-rays which show his doctors whether the attack of Sept. 24 enlarged his heart.

### Railroad, Union Reach Agreement On Wage Raises

CHICAGO (AP) — Representatives of the nation's Class 1 railroads and the Brotherhood of Railroad Engineers Friday reached agreement on the union's demands for wage increases for road and yard engineers.  
A joint carrier-brotherhood announcement said the agreement calls for a general wage increase of 5 per cent in the average basic daily rates of locomotive engineers. An additional 2 per cent is to be added "as an adjustment of differential inequities between locomotive engineers and employees in other classes of railroad service."  
About 48,000 engineers are affected by the agreement, which is retroactive to Oct. 1, this year.  
A portion of the increases granted is in lieu of a health and welfare fund.  
"If the Brotherhood of Locomotive Engineers moves for a carrier-financed health and welfare plan on individual railroads," the announcement said, "the agreement provides that up to 4 cents an hour will be credited to the railroads for payment of such benefits."  
The settlement also provides for establishments of a five-day week for yard engineers if it is requested on all the nation's railroads.  
**School Superintendent Is Placed On Probation**  
EUGENE (AP) — Virgil G. Kingsley, 46, former superintendent of the Cottage Grove High School district, was placed on probation for seven and one-half years here Friday.  
Kingsley had pleaded guilty to converting more than \$11,000 dollars in district funds to his own use. Circuit Judge Frank Reid granted Kingsley probation after his attorney said arrangements had been made to pay back the money.  
Kingsley would sell his house and borrow additional funds to make restitution, the attorney said.  
Petitions signed by 117 Cottage Grove people, asking probation, were presented to the court.

### Roseburg Lions Aiding Retarded Children's School

Roseburg Lions Club has taken on a project of assisting the Retarded Children's Assn. school.  
On Wednesday this week two of the members, Charles Church, chairman of the Lions' children's committee, and Roy Hebard painted one of the rooms of the Westside Christian Church, where the school is held.  
On Thursday night next week the club will hold its business meeting and then adjourn to the church to do additional painting and other needed work.  
Paint, donated by members and by Gerretsen Building Supply, and numerous small pieces of lumber and some tools have been gathered for use at the school by club members. The school is operating without funds of its own and with donated time by the instructors, so any assistance individuals can give will be welcomed, said Church.  
At Thursday's club meeting it was announced two pairs of glasses had been provided children as part of the club's sight conservation program.  
Frank Purdy announced the annual banquet honoring football players will be held the night of Nov. 23 with Oregon State College Football Coach Tom Prothro as the speaker.  
Thursday's program was the showing of a film, "The First Barrel," produced by Shell Oil Co. in connection with Oil Progress Week.  
Cal Massey, local Shell manager, emphasized that the oil industry is trying to point out that, while it is big, competition is keen, and competition makes for a better product. The film carried the development of oil wells from the initial survey of fields to the finished product.  
**Rioting Marks Cyprus Services**  
NICOSIA, Cyprus (AP) — Church services marking the anniversary of the Greek entry into World War II sparked violence in strife-torn Cyprus Friday.  
A crowd of several hundred Cypriots of Greek origin formed after a service conducted in Nicosia's biggest church by Archbishop Makarios—leader of the union-with-Greece movement in this British colony. The mob tried to smash through barred wire barricades held by police and British troops. Three British commandos were hurt.  
The jeering crowd hurled stones at the soldiers. The troops used tear gas to disperse it. No civilian casualties were reported.  
In Famagusta, a crowd of several thousand people gathered after the local service and a bomb exploded. Police charged the crowd with batons and troops fired tear gas shells. There were no casualties.

### United Fund Hits 40 Per Cent Of Desired Goal

The Central Douglas United Fund campaign has reached 40 per cent of its goal, according to Chairman James Richmond. Total collections edged to \$21,000 this week as a "definite trend of increased coverages became apparent," Richmond said.  
Richmond reported certain chapter plan firms have completed employe solicitations and that the results were "most encouraging." He said employes of Todd Building Co., Sun Studs Inc. and Umpqua Dairy Products have all completed their chapter plan solicitations. Reports from each indicate 100 per cent U. F. participation.  
Richmond pointed out that Youngs Bay Lumber Co. had increased its firm gift by 2 times to \$1,250. Todd Building Co. employes have more than doubled their chapter plan over last year to \$850.  
Elsewhere on the U. F. scene, M. C. Deller, chairman of the residential division, revealed the first completed report from solicitation of homes in Central Douglas County had been received Thursday from Mrs. Wayne Croch and Mrs. Clifford Norris, co-chairmen of solicitations in the Calkins Road area. Solicitors in the area were: Mrs. William Miles, Mrs. John Nelson, Mrs. Harold (Irv) Pugh, Mrs. H. A. Tharp, Mrs. C. W. Ferber, Mrs. T. E. Lindbloom, Mrs. Milton Hard, Mrs. C. S. Rush and Mrs. R. E. Horton.  
Meanwhile, Arthur Judd, chairman of the chapter plan in Roseburg schools, said teachers and other school employes will complete their coverage soon.  
Richmond said today the key to an "over-the-top" campaign rests entirely with "giving everyone a chance to give." He said a stepped-up effort to contact all prospects with the least possible delay would boost receipts substantially. He said some divisions have been slow in making calls assigned them.  
The U. F. goal is \$52,280.

**Opposition Paper Slaps At Times**  
LONDON (AP) — The widely read London Daily Mirror today bitterly charged the influential London Times with an "ill-disguised attempt to force Princess Margaret into giving up the man she loves by a bullying ultimatum."  
In one of the most savage attacks ever made by one British newspaper upon another, the tabloid said the Times' editorial lecture to the princess Wednesday bore "no relation to the wishes of the vast majority of people."  
The Mirror, which claims a daily circulation of more than 4½ million, the world's largest, described the Times as a "newspaper selling 221,972 copies a day."  
"It speaks for a dusty world and a forgotten age," said the Mirror. "Any idea that the Times and its stuffy cronies speak with authority and finality must be scotched."

### Rare Chinese Dove Tree Blooming At Courthouse

A rare phenomenon on the court house grounds was reported Thursday by Jane Wharton, secretary to the County Court.  
She pointed out that the Chinese dove tree on the southwest corner of the grounds has blossoms on it, despite the fact most of its leaves have fallen off.  
The rare tree, one of only a few in the United States, blooms in spring, but has never bloomed in the fall before this year, Miss Wharton said.

### Russia, West Powers Deadlock Over Issues

(Continued from Page One)

Soviet proposals put forward at Geneva (in July) does not end the division of Germany."  
In their proposal U. S. Secretary of State Dulles, British Foreign Secretary MacMillan and French Foreign Minister Pinay put forward again a plan for unifying Germany through free elections under Big Four supervision. Virtually the same plan was presented 29 months ago at the Berlin Big Four conference.  
The security clause of Friday's proposed treaty says "an attack in Europe by any party, which is also a member of NATO (specifically meaning united Germany), or vice versa, would endanger the peace and security which is the object of this treaty, and that all the parties would then take appropriate action to meet that common danger."  
The treaty proposed by the West would have as its essential signatories, officials said, the United States, Britain, France, Russia, Poland and Czechoslovakia and eventually a unified Germany.

Mrs. Metzler will replace Miss Emma Lou Webster in December. Miss Webster will take a position in Multnomah County.

### Innocent Verdict On Rape Charge Elicits Abuse

NEWPORT, Ore. (AP) — Jurors returned an innocent verdict in a rape trial here this week afternoon and were greeted by abusive words as they filed out of the court room into a crowd of some 40 persons gathered in the corridor.  
Circuit Judge Fred McHenry, hearing the commotion, directed Sheriff's Deputy Jack Waterman to bring in anyone abusing the jurors. Waterman brought the Rev. George Virgil Dexter, pastor of the Free Methodist Church, before the judge.  
McHenry said that "when this pastor was brought in he calmed down" and became quite apologetic.  
The judge directed Waterman to protect the jury and the deputy escorted two of the women members of the jury to their homes. The others had proceeded past the crowd.  
The trial was that of Leslie Lee Henry, 23, of Toledo, Ore., charged with rape of a 17-year-old Newport girl, a member of the Rev. Mr. Dexter's congregation.  
Henry's fiancée attended the trial and stood by him. On his acquittal, Henry said his immediate plans were to get a job and get married, possibly returning to his former home of Sweet Home.  
Plywood is being used in the inner planking for added watertightness in the construction of the navy's new picket boats.
