

TAKE THE WRAPS OFF YOUR SELLING

...put your advertising
where people, ready to
buy, can always
SEE IT
at their own convenience

An advertisement can't even begin to sell unless and until it is SEEN by those who are in the market for what is offered for sale. Best way to make sure that your advertisement will be SEEN by the right people at the right time is to advertise in this newspaper. It's as simple as one-two-three:

1. Folks who want to buy something like to get all the information they can get about what's for sale.
2. They turn naturally to the advertising columns of this paper for a quick, comprehensive look at the market.
3. Your advertisement here is never an intrusion or interruption; it does not have to depend on fixed time and place for attention.

Take the shortest distance to your largest, most responsive market . . . via advertising in this newspaper.
