

### Pauline Hawkins Passes Sunday

Pauline Joanna Hawkins, 78, died Sunday at the home of her daughter, Mrs. Walter Marosok, on E. Douglas Street. She was a former resident of Sheridan, Wyo., coming to Roseburg two years ago to make her home with her daughter. She was born July 21, 1877, in Barmen, Prussia, and came with her parents to the United States when she was four years old. She was preceded in death by her husband, Alfred, in January of this year. She was a member of the Presbyterian Church of Sheridan, Wyo.

### Montana Senator Advises Against Glacier Dam

By JOHN KAMPS  
WASHINGTON (AP) — Rep. Metcalf (D-Mont.) says he believes it would be a mistake to press during the next congressional session for authorization of Glacier View Dam, a key project in the Columbia River control plan.

### Accidental Shot Takes Canyonville Boy's Life

(Continued from Page One)

ranch home. He apparently tried to pull a toy out of the creek and fell in.

Adams died when his automobile plunged off a 70-foot cliff into 75 feet of water in the Detroit Dam Reservoir, apparently early Sunday.

Quinn was missing and presumed drowned when he was thrown into the Willamette River Sunday near Creswell, after the horse which he was riding stumbled.

Ralph L. Baker, 23, Westfir, was killed outright and three others were critically injured in a two-car collision near Oakridge early Sunday.

Victor Miller, 22, Spokane, and Lee Ahyta, 37, Crescent City, Calif., were fatally injured in other accidents reported Sunday.

E. H. Spoo, 47, Mitchell, Ore., died in a fire that swept through a motel at Grants Pass Saturday after an explosion of undetermined origin. His wife, Hazel, 37, suffered non-critical burns in the blaze.

### U. S. Airman Rescued From Bay; 2 Others Lost

YOKOSUKA, Japan (AP) — Fishermen rescued a U.S. airman and a dying Japanese from choppy waters in Tokyo Bay Monday and a search for two more Americans and two Japanese still missing was called off.

The U.S. Navy identified the rescued American as Airman 2C Marcellus Kneuber, husband of Mrs. Shirley Kneuber of Ponsford, Minn.

Names of the two missing Americans were withheld.

The five servicemen had hired the boat for a day of fishing. One of the three Japanese aboard was a woman. A strong wind capsized the craft.

Missing Hunter Sought In Washington Region

VANCOUVER, Wash. (AP) — A search party was being organized Monday morning for a hunter lost in the Yacolt Burn, northeast of here.

Sheriff Clarence McKay said the hunt is for Ray E. Lemoine, 21, Vancouver. According to reports he was to return to his car at noon Sunday but had not appeared at nightfall.

McKay was notified and two deputies, one with a bloodhound, left early Monday to organize a search of the area, about nine miles east of Yacolt.

### GOP Said Trying To 'Russianize' American Farmer

KLAMATH FALLS (AP) — The Republican administration in Washington is "trying to Russianize" the American farmer, Sen. Hubert Humphrey (D-Minn.) said here Friday night at a dinner kicking off the 1956 Democratic campaign in Oregon.

Humphrey, a strong foe of administration farm policies, said his "prize purpose in Oregon" was to try to bolster support for Sen. Wayne L. Morse in next year's elections. But he devoted much of his talk to an attack on Secretary of Agriculture Ezra T. Benson.

"Secretary Benson is the most expensive speechmaker in the country," Humphrey said. "Every time he talks it costs American farmers 100 million dollars."

"In the past 2 1/2 years, 10 1/2 billion dollars in farm assets have been liquidated. Yesterday, hogs dropped another \$1 in price. It's true that hogs can't vote, but they'll play an important part in next year's political campaign."

Humphrey asserted that administration policies "are driving the small farmer from the land."

"If this trend continues," the Minnesota senator added, "American farms will be on a collective basis as in Russia."

Humphrey was introduced by Morse. Others attending included Atty. Gen. Robert Y. Thornton, State Democratic Committee Chairman Howard Morgan, and Multnomah County Sheriff Terry Schruck.

### Widow Of Racketeer Bioff Will Testify

PHOENIX, Ariz. (AP) — An inquest into the mysterious bomb-slaying of retired racketeer Willie Bioff was scheduled for today with his widow as a witness.

Officers said a weekend of intensive detective work has failed to turn up any new clues, and the few they have to go on are meager.

Mrs. Bioff, who has refused to give anything but the most brief statements to newsmen since her husband died in a tremendous explosion as he stepped on the starter of his truck Friday, will be called to confirm his identification.

Officers eliminated one angle in the gangster-style killing when they found Bioff's seven-carat diamond ring on his lawn. He wore it on his right hand, which was blown off in the explosion.

Among the Republicans, Russell said Chief Justice Earl Warren would be a stronger candidate than Vice President Nixon. Russell said he thought Warren, who has disclaimed any intention of running, "would be very susceptible to a draft," but said the Democrats could beat either "if we keep together and don't do something foolish at the convention."

In a solemn state ceremony, the key to the opera—rebuilt by contributions of music-loving Viennese—was handed to opera director Dr. Karl Boehm by Austria's Minister of Education.

A festive premiere with Beethoven's "Fidelio" Saturday night may be one of the greatest social events in Europe's postwar history.

Austria regards the opera reopening not merely as one more step in its recovery from the war—but an international symbol. Viennese hope the opera's reopening may symbolize man's desire to create, not destroy.

"We thank God for freedom," Education Minister Heinrich Drimmel said. "Austria must be the symbol of freedom and present itself to a better world of the future."

The Oregon commission also was told the project has aroused the interest of the Washington Toll Bridge authority, but that that body has no funds for such a bridge at present.

### Klamath Falls Offices Suffer Smoke Damage

KLAMATH FALLS (AP) — Three business offices and the headquarters of the United Fund drive were damaged by smoke Saturday from a fire in the Evans Building.

Extent of damage to the structure in the heart of the Klamath Falls business district was not immediately estimated.

Firemen had to break a number of windows and tear up the sidewalk in front of the structure to get to the blaze which was believed started by a fire in a basement trash box.

Five persons lost their lives in a fire in the same building, then an apartment, in 1947.

### Plane Crash Kills U. S. Army Pilot, Three Poles

SEOUL, Korea (AP) — Three Polish members of the Neutral Nations Truce Supervisory Commission and a U.S. Army pilot were killed Monday in the crash of a light plane 30 miles north of Kusan, a western Korean port. All names were withheld.

Snow flurries and poor visibility were blamed for the crash. The 120 Army liaison-type plane was en route from Kusan to Seoul. The Polish members of the truce commission were en route to Panmunjom, in the neutral zone.

The U.N. Command is responsible for transporting members of the UNSC.

### SHOOTS SELF—August Vollmer, 79, father of modern police science, shot himself in his Berkeley, Calif., home, Nov. 4, and was pronounced dead on arrival at a hospital.

He was nationally known as a criminologist, and at one time was Berkeley's chief of police. Police said he had been in ill health for years. (AP Wirephoto).

### Adlai's Backers Count On Rayburn To Line Up South

By JACK BELL  
WASHINGTON (AP) — Supporters of Adlai E. Stevenson were reported counting heavily today on Speaker of the House Sam Rayburn (D-Tex.) to help head off any anti-Stevenson coalition in the South.

Sen. Russell (D-Ga.), a Southern leader, predicted meantime that Stevenson will be the nation's next president and said "I don't see how he can possibly lose the Democratic nomination."

Stevenson is expected to announce formally next week his candidacy for the 1956 Democratic presidential nomination.

Rayburn is spearheading a fight in Texas to take that state's Democratic party machinery away from Gov. Allan Shivers. The Texas governor supported President Eisenhower in 1952 and has announced he will be "practically anybody"—including a Republican—over Stevenson next year.

Shivers has announced he plans to travel the South to enlist anti-Stevenson support. He has mentioned Gov. Frank Lausche of Ohio as a possible recipient of backing he is able to drum up, although Lausche has denied a U.S. connection with any stop-Stevenson movement.

Among the Republicans, Russell said Chief Justice Earl Warren would be a stronger candidate than Vice President Nixon. Russell said he thought Warren, who has disclaimed any intention of running, "would be very susceptible to a draft," but said the Democrats could beat either "if we keep together and don't do something foolish at the convention."

In a solemn state ceremony, the key to the opera—rebuilt by contributions of music-loving Viennese—was handed to opera director Dr. Karl Boehm by Austria's Minister of Education.

### Toll Bridge Is Proposed For Columbia At Astoria

PORTLAND (AP) — The president of the port of Astoria proposed to the Oregon Highway Commission here that a 25-million-dollar, 4-mile bridge be built across the Columbia River at that city.

William R. Manion advanced the proposal on behalf of residents of Northwestern Oregon and Pacific Coast, Wash.

Paul Spear, Chicago, consultant to the Astoria port, said the bridge could never pay for itself completely. He added, however, that the costs could be paid off in 46 years with secondary financing tolls.

The Oregon commission also was told the project has aroused the interest of the Washington Toll Bridge authority, but that that body has no funds for such a bridge at present.

### Shares Award — American scientist Willis Lamb (above) of Stanford University, Cal., shared the 1955 Nobel Prize for nuclear research with another American scientist, Polykarp Kusch of Columbia University.

### Big Woods Search Precluded As Boys Find Way Out

Two 16-year-old boys were lost in one of the most rugged areas of the state late last week, and had they not wended their way out of the woods Thursday night, one of the biggest searches in the county's history would now be on.

An estimated 150 men from state and county organizations and industrial outfits were organizing at the time the two boys, Donald Miller and Walter Logue, came out of the woods at Allegany in Coos County, according to Sheriff Ira C. Byrd.

The sheriff's office of Douglas County had charge of the operation which was gathering to large-scale manhunt operations when the boys were found.

Sheriff Byrd put deputies John McCool of Drain and Lee Shipley of Reedsport in charge of the search operation and they set up headquarters at a house at Loon Lake.

Three Loon Lake men played staunch roles in getting the hunt started. Carl Collins, Sam Hughes and Marvin Haskell took charge of early search groups. One crew, headed by Haskell, pushed ahead on the search and out of the range of radio communications. The crew started the hunt Wednesday night and discovered the trail of the boys. They followed it an estimated 60 or 70 miles before coming out at the Allegany Store Saturday morning.

Aid From Other Sources  
Another Loon Lake man, Lloyd Keeland, also took a key part in getting the search underway. He ran liaison between the Loon Lake headquarters and the Cougar Pass camp where the search started.

He also took in a "cat" and bladed out roads to allow equipment to be taken into the woods.

These men took over the initial searching, but meanwhile the ranks were swelling to massive proportions. Shipley reports the U. S. Coast Guard sent a crew of searchers, and the State Forestry Dept. sent in radio equipment and furnished bloodhounds from Salem. A crew of men began scouring the Dean Mountain area near Cougar Pass.

Reedsport, Richard Miles and city police notified all mills in the area, who in turn notified their woods bosses. Searching crews were being formed by them. Airplanes were also called to the operation.

Probably most of the searchers involved were hearing signs of relief that the boys found their way out. Deputy Shipley calls the Allegany country "the roughest in the state."

### Famed Vienna Opera House Is Reopened; 'Fidelio' Presented

VIENNA, Austria (AP) — Vienna's famous opera house—which went down in flames during the war—was formally reopened Saturday morning as Austria proved that the nation's cultural rebirth might be the opening act of an era of world peace.

In a solemn state ceremony, the key to the opera—rebuilt by contributions of music-loving Viennese—was handed to opera director Dr. Karl Boehm by Austria's Minister of Education.

A festive premiere with Beethoven's "Fidelio" Saturday night may be one of the greatest social events in Europe's postwar history.

Austria regards the opera reopening not merely as one more step in its recovery from the war—but an international symbol. Viennese hope the opera's reopening may symbolize man's desire to create, not destroy.

"We thank God for freedom," Education Minister Heinrich Drimmel said. "Austria must be the symbol of freedom and present itself to a better world of the future."

The Oregon commission also was told the project has aroused the interest of the Washington Toll Bridge authority, but that that body has no funds for such a bridge at present.

### Safe Driving Must Come From Heart, Officer Says

State Policeman Joseph A. C. Haystead, Roseburg, who has become a one-man war party against traffic accidents, was one of the two featured speakers over the weekend at the Southwest Oregon Industrial Safety Conference at Coquille.

Sharing the bill with him was Don Derby, Portland, assistant director of the Oregon Mental Health Assn.

Haystead chided the state's drivers as "the world's worst." He went on to say, "We cannot legislate safe driving. It has to come from the heart."

The officer said: "Everytime anyone is killed in a vehicle accident, we call it an accident. Yet, the victim is just as dead as if someone had put a bullet through his brain."

"Somewhere in this modern age, we have lost this feeling for our brother man," he called for a little human feeling. He said when that humanity is achieved, "our accident rate will go right down."

### Three Autos Damaged In Minor Accidents

Two minor traffic accidents on Roseburg streets were reported by police over the weekend.

Two cars sideswiped on the Oak Avenue Bridge Sunday at 9:30 p.m. They were a taxi driven by Donald Keither McFarland and a car operated by Opal Elaine Willes, both of Roseburg. The taxi was damaged and skidded onto a lawn. The pole and lawn were undamaged, but about \$50 damage was estimated for the Roach car.

FLUE FIRE REPORTED  
No damage was caused Saturday evening when a flue flared at a house occupied by W. O. Vaughan, 52 N.E. Jackson St., according to Roseburg firemen. The house is owned by Dr. B. R. Shoemaker.

OVER WE GO—Clambering over an obstacle course wall at the San Diego, Calif., Marine Corps Recruit Depot are three Marine enlistees of the Fourth Oregon Beaver Platoon. From left: Pvt. Billie Johnson, Jr., son of Mr. and Mrs. Walter Edwardson of 1620 Garden Valley Rd.; Dale A. Josh, son of Mr. and Mrs. Elmer Josh of 1620 Garden Valley Rd.; and James H. Wilson, son of Mr. and Mrs. Lewis E. Wilson of 1640 Garden Valley Rd., all of Roseburg.

### U of O Student Slated To Speak At Myrtle Creek

Vishnu Wassiamal from the Gold Coast of Africa will be a guest speaker for two organizations in Myrtle Creek Thursday.

Wassiamal, a senior student in economics and political science at the University of Oregon, is being sponsored by the Myrtle Creek High School IRL Club. He will speak first to the student body at 7:45 p.m.

At 8 p.m. Thursday, he will be guest speaker at the Myrtle Creek PTA. The general public is invited to the PTA meeting. Wassiamal will be a guest of the Myrtle Creek PTA for lunch and the IRL club will be his host for dinner.

Wassiamal will graduate from the University this June. His father is a businessman in the Gold Coast. The Gold Coast is the first African, all-Negro colony to become an independent nation.

He will devote most of his talk to the Gold Coast, how they are faring as an independent nation and what significance this has for the rest of Africa. There will be an opportunity at both meetings for listeners to ask questions of the speaker.

### Failure To Agree Marks Fading 'Geneva Spirit'

(Continued from Page One)

These words would apply to Hungary, Bulgaria, Albania, Romania, Czechoslovakia and Poland. They indicated that Tito's views had not been changed by the visit of Soviet Premier Nikhruchev and Communist party leader Khrushchev last spring.

Dulles said he and Tito also were agreed "the German question must be settled gradually, step by step."

It was evident, however, that they did not see eye to eye on all details of the German question which has bedeviled the Geneva foreign ministers conference. Asked by reporters about methods of settling the problem, the secretary said, "that's another question. We shall see."

### Safe Driving Must Come From Heart, Officer Says

State Policeman Joseph A. C. Haystead, Roseburg, who has become a one-man war party against traffic accidents, was one of the two featured speakers over the weekend at the Southwest Oregon Industrial Safety Conference at Coquille.

Sharing the bill with him was Don Derby, Portland, assistant director of the Oregon Mental Health Assn.

Haystead chided the state's drivers as "the world's worst." He went on to say, "We cannot legislate safe driving. It has to come from the heart."

The officer said: "Everytime anyone is killed in a vehicle accident, we call it an accident. Yet, the victim is just as dead as if someone had put a bullet through his brain."

"Somewhere in this modern age, we have lost this feeling for our brother man," he called for a little human feeling. He said when that humanity is achieved, "our accident rate will go right down."

### MY PAY CHECK GOES:

	MONTHLY BALANCE	PAYMENT DUE
CAR PAYMENT	52.00	312.00
FURNITURE PAYMENT	8.00	72.00
STOVE PAYMENT	6.00	64.00
DOCTOR BILL	5.00	125.00
DENTIST BILL	10.00	35.00

### Ore 'Worth \$40 Million' Tied By U.S. Buying Law

PORTLAND (AP) — Mrs. Gladys Laycock says that government pegged prices are so low that she can't realize any profit from her Grant County gold mine, which she says contains gold ore worth 40 million dollars.

It would cost that much to mine the gold, her attorneys contend in a brief filed Saturday with the district court of appeals. The brief asks \$10,000 damages from the government and abolition of federal gold purchase policies.

Under law, the government is the sole purchaser of newly mined gold and pays the established price of \$35 an ounce.

Mrs. Laycock contends in the suit she could get more if she were allowed to sell the gold to dentists and jewelers.

Her suit was dismissed earlier by a federal court here. The brief filed Saturday appeals this dismissal to a higher court.

Mrs. Laycock inherited the mine from her father. She says she has been working in a Prairie City drugstore recently to support herself and the idle mine.

### STOVE OVERHEATS

Rural firemen were called out at 1:11 a.m. today when an oil stove became overheated at the L. O. B. Salmon residence, 1337 Rutter Lane. No damage occurred at the home, north of Garden Valley Road and just east of relocated Highway 99, firemen said.

### FLUE FIRE REPORTED

No damage was caused Saturday evening when a flue flared at a house occupied by W. O. Vaughan, 52 N.E. Jackson St., according to Roseburg firemen. The house is owned by Dr. B. R. Shoemaker.
