Bears Go Ahead in West Circuit

By THE ASSOCIATED PRESS

Twenty years ago Alabama sent Don Hutson up to the National Football League and he proceeded to make life miserable for opposing pass defenders for the next decade.

Now Alabama has contributed Harlon Hill to the NFL, and the Chicago Bears' star promises to be just as much of a problem for the defense as his illustrious predecessor. Hill looked like Hutson at his best yesterday as he twice faked Detroit defenders out of the way for the touchdowns that brought the Bears a 24-14 victory, their sixth in a row, and first place in the NFL's Western Conference.

With three games to go, the Bears (6-3) have a half-game lead over the Los Angeles Rams (5-3-1), who were held to a 17-17 tie by Baltimore. Hutson's team, the Green Bay Packers (5-4), trail by a game after Tobin Rote passed for two touchdowns and ran 49

Among the boys, it was Ted Myers and Al Fish picking the 67-10, with Al using the tough spare to amass a 562 set. Several lads had two 200's including Harold McCall, Modern Floor Covering, 231-212 - 594; Wittren 202 - 204 - 584; Branie Root for J. C. Sporting 200-214-594; Dan Hansson 203-209-577 for Pepsi-Cola; Jim Bloom, same team, 207-214-571; and Eddie Klemmer for Keystone Machine Works 213-208-597. High line for the week, 248 by Jim Pope for a 574 series, and the same for Hoppy Hopkins for a 594. Then Jerry Wittren hit a 244, to complete a big week.

ROSEBURG JAYCEES set a new high game and series record in the four-man Classic Junior with 874 and 2,417 figures. It took 1,099 for VFW to beat Chrystallite Tile's 1,061, while Coca-Cola lost to Pat's Bakery, 1,013 to 1,020. Hard ones to lose!

Bob Nesbitt and Jim Bloom in the City League have identical counts of 5,299 pins in 30 games, for 176 averages. Nobody got a triplicate, but Don Nye was edging close with 178-178-176. Needed 12 sticks on the last ball, following a double in the 10th. But not that many on the pindeck.

Jack Hayman was close, too, with twin 139s behind a 125. Larry Newport had a 169 sandwich, and Jack Blair had a two-step ladder, 173-175-177. Myrtle Creek Elks had games of 962, 963 and 963, while Sun Studs had 968 and 964. Popular scores! Coen Supply had 923-920 and West Coast Building Supply had 984-987-989, a consistent series.

OUR "HUSTLE PROGRAM" is attracting nationwide notoriety. We've had write-ups in Bowling Magazine and the Oregonian and maybe more. Last Wednesday night, two teams finished in exactly two hours each.

Which reminds us, it may be later than you think. Entries close for the State Tournament Dec. 4, which is less than two weeks away. A lot of teams were disappointed last year in not getting the dates they wanted. And this year's deal will be the biggest in the history of the championships.

So if you want to get a favorite date, take our advice. Get busy! We've signed only three entries to date. Nobody not on a team, but wanting on one, give your name to the secretary. We'll do our best to find you a spot. But don't wait too long.

Idaho Wallops Montana; Buses Used For Benches

MOSCOW, Idaho (AP) — The most comfortable spectators were the substitutes. They sat in heated buses on the sidelines as Idaho walloped Montana, 31-0 in the football finale for both clubs Saturday.

Otherwise, most of the 1,500 fans who sat through three quarters of rain, fled when a near-blizzard struck near the finish. Idaho fumbled the first two times the Vandals had the ball. But Montana couldn't huddle up any mischief in the puddles, and the Vandals splashed away with three touchdowns by quarterback Gary Johnson and another by Ron Braden. This latter was a 55-yard navigation in the second quarter.

17 College Teams End Perfect Grid Seasons
 NEW YORK (AP) — Twenty-two college football teams are left with unbeaten and untied season records. Seventeen are home safe, having wrapped up their regular season competition.

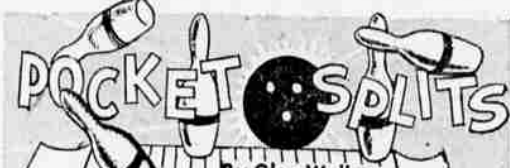

Only Maryland (10-0) and Oklahoma (9-0) are untouched among the major colleges. Maryland, its regular season completed, has a rest until Jan. 2 when it meets Oklahoma in the Orange Bowl. The Sooners finish their regular season this Saturday against Oklahoma A&M.

The list includes Whitworth of Spokane, with eight wins.

Some dynamite in the Timber Capital tournament a week ago as Ruby Callison of Eugene and Jerry Wittren, a home town lad, made strong bids for the bowling bags Joe Coe is donating for high scratch games. Ruby toppled 235 sticks and Jerry floored a noble 267. Both good efforts. Chuck Hopkins had three successive 210's, but in different sets.

The big blizzard was nearly as bad as that one way back in '88. It raised heck with our Christmas classic as the out-of-towners got a fatigued and rushed home for fear of getting snowed in. The secretary spent most of his day switching schedules to get them out of town.

We want to give special thanks to Flo Ann McDonald and Ina Hooven, the Hennebeck brothers and Joe Quant and Jerry Coen for having postponed their minors three different times to accommodate our visitors. And we know the visitors appreciated it, too.

It has been a tough problem to line up score keepers on a volunteer basis, too. Special mention goes to Madelyn Waters for a full day last Sunday and Curly Siekman and Pat Patterson have given long hours of service.

THIS IMMEDIATE past weekend saw the heavy part of the schedule wound up. The final week will have only one team squad, and a pretty easy day following with doubles and singles. Another chance to get in on the special four-game classic. This feature was cut short yesterday and Saturday by a full schedule of Medford and Albany visitors.

Getting back to the local scene, it appears that the 5-7 split wasn't much of a stopper in the ladies' league last week. It was picked by no less than four keglerettes, Lorraine Russell, Del Mix, Connie Nelson and Florence Slack. Mary Fisher converted it too, with the added hazard of the 9 pin. Flo Ann McDonald made the tough 2-10, and the big railroad, 7-9, fell to Eunice Johnson. And speaking of that toughie, Arlo Jacklin also tipped it over in the Classic, only his was the equally difficult 4-6.

A Split second is the big difference!

A split second is the big difference in a thrilling pass interception like this. In your engine it's even more important. Unless your engine fires on the right 1/100 of a second, power works against you, not for you.

TCP is the Big Difference between Highest Octane Gasolines — gives you split-second "GO"

With the horsepower of today's engines at an all-time high, it's no wonder they'll give you split-second "GO" at the touch of your toe.

But did you know that deposits, which build up in your engine during daily driving, soon cut down this fine response?

In combustion chambers, they glow red hot and fire the gasoline a split second before the piston reaches firing position . . . resulting in an incomplete power stroke. On spark plugs, the deposits cause short circuits and your engine "misses"—wasting still more power!

High octane alone can't stop this dual power loss. TCP* can.

TCP, the specially developed Shell gasoline additive, neutralizes deposits as they form. It stops both pre-firing and spark plug failure. That's how TCP keeps top octane delivering split-second response.

Only Shell Premium Gasoline has both TCP and top octane. It's the most powerful gasoline your car can use! Fill up today at your Shell Dealer's.

Only Shell Premium Gasoline has both TCP and Top Octane!
