

Commercial Fishing Ban In Coastal Streams Topic Of Walton League Debate

Revived Initiative Proposal Encounters Varied Opinions From Spokesmen at Meeting

BEND 4P—Conflicting views on a proposed initiative petition which would close Oregon coastal streams to commercial salmon and steelhead fishing were aired Friday at the opening session of the Izaak Walton League convention here.

Rollin E. Bowles, Portland attorney and legal advisor to the league, opposed the measure. Charles V. Stanton, editor of the Roseburg News-Review, defended it.

Bowles said "you can't manage a fluctuating resource by fixed legislation and I don't think this bill will do the job." He added that the spawning areas could support only so many fish and that it would be "utter folly to allow these spawning beds to become glutted with salmon and steelhead."

Stanton, who was unable to attend, presented his view in a paper which said: "Coast streams, proposed to be closed provide only 3.3 per cent of the total commercial fishery yielding less than 10 per cent of all salmon and steelhead. Thus it is evident that a great deal of fuss is being made by the commercial fishery about a very small amount of its production. But we find that production to be exceedingly valuable in many other respects, yet steadily declining in volume and seriously in danger of extreme depletion."

Commissioner Critchfield, Stanton also criticized the State Fish Commission for what he said was failure to stock adequately the Umpqua River. Others taking part in the panel discussion were: Sam Hutchinson, assistant regional director of the U. S. Fish and Wildlife Service; Dr. John Hayner, chief of the fisheries division of the State Game Commission; Fred Cleaver, assistant director of the State Fish Commission; Harold Hadley of Albany, president of the Save Oregon's Salmon, Inc., sponsor of the initiative petition; and Bob Urban, Corvallis, secretary of SOS.

Conservation awards were presented to: Herbert Lund, associate editor of the Oregonian; Prof. R. E. Dimick, founder of the Oregon State College department of fish and game; L. C. Binford, Portland businessman; and Robert W. Sawyer of Bend, former publisher of the Bend Bulletin.

Fullerton Chorus Organized Again; Yule Program Set

A Fullerton chorus boys' and girls' chorus has again been organized for the present year under the direction of Mrs. Roy E. Hanford.

It is being sponsored and financed by Fullerton PTA to furnish constructive activity for youth at the school after school hours.

The idea of a chorus originated among parents in Fullerton PTA last year to give youngsters musical and dramatic expression for boys and girls of the fourth, fifth and sixth grades. Under the direction of Mrs. Hanford, the idea materialized, and the result was a delightful "May Fete" complete with costumes and scenery in May of this year. The performance was so well received, several civic organizations requested repeat performances for their members.

This term the chorus is again open to any Fullerton boy or girl in the three grades. Participation does not depend on a child's ability to sing or carry a tune well. It is open to any child who enjoys group singing. He must, however, bring a written slip of permission to join the chorus from his parents.

Practice periods are from 4 to 5 p.m. each Tuesday and Thursday in the school auditorium. Parents are responsible for transportation of their children after practice periods.

A Christmas program to be presented by the chorus is scheduled Dec. 5 at the auditorium at 7:30 p.m. It will be open to the public.

Democratic Governor Hits Adlai's Remark

LANSING, Mich. 4P—Democratic Gov. G. Mennen Williams will oppose Adlai Stevenson's advocacy of moderation in a speech Saturday night at Denver.

Williams, who will address the Colorado Young Democrats, said he was "disappointed with the approach of Governor Stevenson" in a nationally televised address from Chicago recently.

Williams said he objected to Stevenson's suggestion that it is a time to "catch our breath."

"I don't see it quite that way," Williams said, "and I want the Democratic Party to take an approach that will ensure victory in 1956. Win or lose, the voters should have a clear choice between Republican and Democratic policies."

Williams made his comments at a news conference prior to his departure for Denver.

Crew Of Wrecked Ship Rescued By Helicopter

HALIFAX, N.S. 4P—The crew of the wrecked Liberian freighter Kismet II was rescued by helicopter Saturday. Rescuers had battled snow, rough seas and high winds on the rocky north coast of Cape Breton Island since Friday.

The men were hoisted to safety in a boatman's chair swinging below a Canadian Navy helicopter. The helicopter dodged 1,000-foot coastal cliffs of the island in the Gulf of St. Lawrence to perform the feat.

The 2,848-ton ship had been pounded by seas whipped up by winds of 30 to 45 miles an hour since it ran aground Friday.

Dispatches from the scene said the crew of 21 was saved. Earlier reports had said 30 men were aboard.

Woman, 3 Grandchildren Perish As Home Burns

CHICAGO 4P—A 66-year-old grandmother and her three small grandchildren perished Friday in a fire which destroyed their two-room home in suburban East Chicago Heights.

The mother of the three children, Mrs. Irene Brock, 39, was at a neighbor's home when the fire broke out. Cause of the blaze was not determined immediately.

Mrs. Brock's children who died in the fire were Mary Frances, 10, Cynthia, 8, and Harry, about 8 months old. Police said they did not know the whereabouts of their father. The grandmother was Mrs. Ella Camp.

Reds Again Face Demand For Prisoner Accounting

PANMUNJOM, Korea 4P—The U. N. Command today again demanded that the Communists account for 2,720 missing Korean war prisoners, including 450 Americans.

Rear Adm. Walter E. Moore, senior Allied member of the Military Armistice Commission, said the Reds were "not at all responsive" to the demand.

But they did accept the list with reservations, Moore told reporters.

The Reds ignored the last U. N. demand for an accounting in August 1954.

The Communists in turn demanded the U. N. account for 88,738 of their men. Moore said he promised "a full accounting."

Marjorie Mast, 32, Dies Here Friday

Marjorie Jean Mast, 32, of Roseburg died at a local hospital early Friday evening after a lengthy illness.

She was born Nov. 5, 1923, in Bartlett, Ill., and was married to Charles H. Mast in Myrtle Creek Nov. 24, 1948. She moved to Roseburg six weeks ago, after having lived in Myrtle Creek three years previously. She came to Myrtle Creek from Klamath Falls.

She was a registered nurse, who had worked in Myrtle Creek and Coos Bay hospitals. She was a member of the Tri-City Presbyterian Church.

Surviving beside her husband include three children, Terre Ann, Tim Ivan and Ty Everett; her mother, Mrs. Olivia Biggs of Myrtle Creek; and a sister, Mrs. Paul Baugh, Nov. 12. He told them, in writing, that he did not believe the youth alone was responsible for the crime, the prosecutor said.

The Daily News said Manzo believes young Baugh is innocent because another youth, not yet sought, is believed to have left Chicago. Also because stains believed to be human blood were found on some of the missing youth's clothes. No such evidence was found on Baugh's clothing.

Police said Baugh, after his arrest July 27, told officers he lured the girl into a vacant liquor store building, hit her on the head with a length of pipe and then raped her.

Attorneys Named To Defend Plane Bomber Suspect

DENVER 4P—Three attorneys were appointed Friday to represent John Gilbert Graham, charged with murder in the dynamiting of a commercial airliner that carried his mother.

Charles S. Vial, John J. Gibbons and Paul L. Weadick, all of Denver, were appointed by Dist. Judge Edward J. Keating after a meeting at which Graham was adjudged an indigent person unable to provide his own lawyers.

The 21-year-old defendant is charged with the murder of his mother, Mrs. Daisie King, 54. She and 43 other persons were killed Nov. 1 when a United Air Lines plane exploded and crashed near Longmont, Colo.

Graham's arraignment is scheduled for 9 a. m. (MST) Monday. Vial is a former district attorney for Colorado. He has been a practicing criminal defense attorney here for the past several years.

Gibbons has participated in a number of major criminal trials here in recent years.

Vial is a young attorney who was appointed by Keating at the request of Vial.

Another Group Accepts Lumber Wage Increase

PORTLAND 4P—Another group of AFL Lumber and Sawmill workers has agreed to a 5 to 15-cent hourly pay increase effective Dec. 1.

Representatives of the Lumbermen's Industrial Relations Committee and the union's Portland Coast-Columbia district announced the agreement, the third of its kind since the AFL plywood workers accepted the increase at Seattle last weekend. The others are the CIO plywood workers and the AFL Puget Sound-West Washington District Council.

A similar agreement is expected when the union meets Monday with employers of the Tualatin Valley and Willamette Valley.

Despite the acceptance by the CIO plywood workers, CIO Woodworkers President Al Hartung said that his union would hold out for a 12½-cent hourly increase.

Parents Of Slain Girl Offer To Aid Suspected Youth

CHICAGO 4P—Convinced that a youth charged with the rape and murder of their daughter is innocent, Mr. and Mrs. Dominick Manzo have offered him their help.

The offer—disclosed Friday—was made by the Manzos to the parents of Clarence Baugh, 17, whose trial for the death of 8-year-old Mary Manzo starts Monday.

The battered body of the dark-haired child was found July 7 beneath a railroad viaduct on the south side. Police said young Baugh, a Negro, admitted the crime, slaying and re-enacted the crime. A psychologist has described the youth as a mental defective.

Asst. State Atty. Samuel Papanek said Manzo, a 45-year-old steel worker, went to Baugh's deaf-mute parents, Mr. and Mrs. Melvin Baugh, Nov. 12. He told them, in writing, that he did not believe the youth alone was responsible for the crime, the prosecutor said.

The Daily News said Manzo believes young Baugh is innocent because another youth, not yet sought, is believed to have left Chicago. Also because stains believed to be human blood were found on some of the missing youth's clothes. No such evidence was found on Baugh's clothing.

Rock Creek Access Road Error Rapped At Inquiry

ASTORIA, Wendell Wyatt, Republican state chairman, commenting on the hearings, said the "character assassination attempted by the Democrats in Friday's session... proved conclusively that the major purpose of the hearings has been to discredit the Eisenhower administration, increase unrest and attempt to create a platform for the re-election of (Sen.) Wayne Morse (D-Ore)."

Rep. Clare Hoffman (R-Mich.) promptly said Chudoff's statement was political.

Chudoff said it was not. The statement by Chudoff prefaced the final day of the hearing in Portland, which saw Loran L. Stewart, president of the Bohemia Lumber Co., Cottage Grove, appear and ask for a chance to add to testimony he had given last Friday at Eugene.

Chudoff said the Department of the Interior might be able to give satisfactory answers "when we have further hearings in Washington, D. C." At the moment, though, he said, he wondered about several things including:

Indians Underpaid
Testimony that the Bureau of Indian Affairs is putting an administrative charge against the Warm Springs Indians which he called an overcharge of "100 per cent to the tune of \$80,000 a year."

Despite revisions of contracts and the pretensions of Indian Service officials, the figures indicate that the price received for Indian timber is in some cases considerably below that received for other comparable timber.

Chudoff raised several other points on road use policy which he said needed further explanation. He also said that at Medford, the Bureau of Land Management, he called an overcharge of "100 per cent to the tune of \$80,000 a year."

Department, it had no choice under the laws but to issue patents," he continued.

"With contemptible 'cloak and dagger' secrecy, very little advance notice of this revival of the attempted character assassination of Secretary McKay was given either to Republican committee members or to Interior officials," he said.

Crescent Lake Deal Talked
Rep. Clare Hoffman (R-Mich.) brought up the question of sale of some 75 million board feet of sub-alpine species timber, asking Walter Lund, regional forest management head, to explain it.

Lund said that the L&H Lumber Co. of Roseburg had proposed buying the timber in the Crescent Lake area. The regional office recommended against it but the chief forester's office overruled that in July, and recommended the sale.

The sale to L&H was protested by Bend and Klamath Falls interests.

Neuberger said he had favored the sale because it would make jobs and aid the economy although he said it should be made on competitive bid and have safeguards for recreational values of the area.

Missionary Slated To Speak At Roseburg Methodist Church

Members and friends of the First Methodist Church will hear Miss Violet Crandall, missionary on furlough from Angola, Africa, speak at an all-church 5 p.m. supper Sunday.

Miss Crandall will display many pictures from Africa and following the supper she will explain the African's use of these.

At 6 p.m. Miss Crandall will talk to the children while the adults have their final session on the study of "A Revolutionary Faith for a World in Revolution" led by Mrs. E. M. Tilton.

This group, as a result of study, has considered bringing a family of displaced persons to Roseburg. Many of these refugees are skilled or professional people who are without homes because communal forces took over all or part of their country and they fled to the free world, according to Mrs. Tilton.

The Methodist Church of United States has taken the responsibility for 5000 of them.

Miss Crandall will show pictures of 7:30 p.m. of work being done at Quessua and Luanda in Angola, where schools, a hospital, nurses' training, and a social-evangelical center have been carrying on work begun in 1899.
