Ford Foundation Grants Include 8 Oregon Schools

(Continued from Page One)

was determined by approximately matching its payroll for instruction in the 1954-55 year.

The largest Northwest grant was to Seattle University, $432,900, and the second largest to Reed College, Portland, $391,400.

The foundation reported the grants to both Reed and Whitman College included extra sums because the schools were leaders in raising teachers' salaries.

New Recipients Listed

The grants by states included:

Washington— Seattle University, $432,900; Seattle Pacific, $102,300; Whitman, $249,200; Walla Walla College, $128,300; College of Puget Sound, $194,900; Pacific Lutheran $184,500; St. Martin's, $135,900; Gonzaga, $208,100; Holy Names College, $87,800; Whitworth, $148,700.

Oregon— Reed, $391,400; Portland University, $313,100; Lewis and Clark, $277,800; Willamette, $216,600; Marylhurst, $172,600; Linfield, $171,200; Pacific, $147,400; Mount Angels Woman's College, $51,700.

Idaho—College of Idaho, $103,300; Northwest Nazarene, $84,200.

Farm Bureau President Backs 'Soil Bank' Plan

(Continued from Page One)

ance farm production with demand.

"2. Elimination of price-fixing of agricultural products.

"3. Elimination of government-held surplus stocks of farm commodities by stopping the flow into the surplus stockpile and continuing present surplus disposal programs.

"4. Continued efforts to expand sales of farm products in this country and abroad.

"5. Increasing competition in the pricing of the products which farmers buy.

"6. Reducing the costs of marketing and distribution of farm products through improved efficiency and greater competition.

"7. A greatly increased program of research."

Slide Is Being Cleared On New Reedsport Sector

State Highway Dept. crews expected to have a slide area opened to two-way travel today about a half-mile east of Reedsport on Highway 38.

The slide blocked off traffic sometime between 5 and 5:30 p.m. Monday. It was the second in about a week on new construction just east of Reedsport.

It took only until about 8:30 p.m. to open the highway to one-way travel.

But men and equipment were working to clean up the remainder of the debris today. A State Highway Dept. engineer here said he didn't think the slide was major in proportions.

Roseburg YMCA Now Seeks $149

The YMCA in Roseburg is out to collect $149 by Dec. 31 as part of its contribution to the world services program of the association, according to Secretary Don Naden.

A $375 contribution will be made to the program, but school students already have raised more than $200 and the Y boy's summer camp gave $15. The balance will be asked from adults and members.

Dr. James Millar, world service chairman, points out that "After attending the World Centennial Convention of the YMCA in Paris last August, I am more impressed than ever by the world-wide service rendered by this organization."

He asked for prompt response and help for "this worthy cause" from local citizens. Contributors should contact the secretary.

JAILED, FINED $100

Henry Arlie Penny, 25, of 420 Patterson St., Monday was sentenced to 10 days in jail and fined $100 when he pleaded guilty to driving with a suspended operator's license before Dist. Judge Warren A. Woodruff. Penny was arrested Monday by state police.

Nationalists Call U. N. Package Deal Illegal, Immoral

UNITED NATIONS, N.Y. (AP) — Nationalist China Tuesday blasted the U.N. membership package deal as "illegal and immoral" and appealed to the Security Council to reject it.

The Chinese Nationalist delegate, Dr. T. F. Tsiang, also sought to overturn an agreement between Russia and the Western powers on voting procedure for the admission of 18 new members to the world organization.

Tsiang spoke as the 11-nation Security Council headed toward a vote.

Without further debate, the council overrode Tsiang's objections and approved the voting plan previously accepted by Russia and the Western powers. The vote was 8 to 1 (China) with the United States and Belgium abstaining.

The council then voted 8-2 to adjourn until 3 p.m. when voting was scheduled to begin.

The Chinese delegate appealed to all delegates "to muster enough courage to stand up to the Soviet Union."

He spoke after Soviet delegate Arkady A. Sobolev had announced he was ready to accept a Western plan of procedure in the council's voting.

Tsiang challenged the Western procedure as a "total surrender to the dictates of the Soviet Union."

The Western voting plan called for separate Security Council votes on each of the 18 applicants and then a final vote on all of them as a group. This would make it possible to block the admission of all applicants if the preliminary voting did not satisfy all the five permanent powers who have the veto power.

Trail Cold In Search For Slayer Of Coed

OMAHA (AP) — Police termed the trail cold today and Detective Inspector Ernest Brown said "We're just hoping for a break" in the slaying of Omaha University coed Carolyn Nevins, 20.

Miss Nevins was shot four times at close range last Friday night or early Saturday after working late at the school library, where she had a part-time job. She was buried yesterday.

The Rev. Joe R. Kennedy, her former pastor and now of Des Moines, eulogized her as a girl whose life "was already dedicated to the Lord" through her church work.

A few hours later, police released on $100 appearance bond an ex-taxi driver picked up after he had allegedly been heard to say in a tavern "I killed that broad."

The man agreed to take a lie detector test and Capt. Alvin Clinchard said the test indicated "he was not responsible for the killing."

Fate Of Martin Reyes To Be Left Up To Jury

CORVALLIS (AP) — The fate of Martin B. Reyes, accused of first degree murder in the gun shot slaying of James R. Appelgate here last October, was expected to be in the hands of a jury Tuesday.

Reyes, 24, Seattle, did not take the witness stand in his own defense. His attorney, Robert Mix, told the jury that Reyes, who had broken out of the Lane County jail at Eugene earlier in the evening, was attempting to flee and that a gun he was holding accidentally discharged in a struggle with Appelgate.

Dep. Dist. Atty. Robert Ringo, in his closing statement Monday, asked the death sentence for Reyes.

Reyes' mother, Mrs. Mary Verzola, Seattle, who has been a spectator at the trial, wept when the death penalty was asked.

Rail Pay Boost Awaits Railroad, Union Acceptance

By FRED S. HOFFMAN

WASHINGTON (AP) — Another 16½ cents an hour in pay and health benefits for 750,000 non-operating rail employes hinges today on a railroad and union acceptance.

There was no immediate comment from either side on the recommendation, contained in a fact-finding report filed at the White House by a special three-man board appointed by President Eisenhower.

However, such recommendations —while not binding on the parties —have generally formed a basis for settlement of past rail labor disputes. The unions had demanded 27 cents an hour more. The railroads had offered 10½ cents. Nonoperating rail workers now get an average of $1.78 an hour.

It was estimated the recommended raise would cost the railroads about 250 million dollars a year.

Affected are such workers as telegraphers, clerks and others who do not run the trains. The operating employes, like engineers and firemen, are not involved.

Most of the nonoperating employes would get a 14½ cents an hour wage increase, plus 2 cents an hour toward a health and welfare plan which would become wholly company-financed. In the past, the workers have contributed the $6.80 a month insurance premium.

Arrest Of Four Boys Clears Up Several Thefts

Arrest of four boys, ranging in age from 9 to 16, apparently has cleared several minor thefts and two break-ins at Valley Wholesale Co. the past few weeks, according to Roseburg Police Chief Stan Olson.

The boys have been turned over to juvenile authorities.

The 9-year-old was picked up in the Pay Less Drug Store, where he admitted taking a flashlight, shoestrings, lipstick and some fish hooks.

His arrest led to questioning of the others. Another admitted to officers that he entered Valley Wholesale Co. on two occasions, once in October, and took cigars, candy, potato chips, etc.

The boys also admitted taking $1.50 in change, ice cream and some popcorn from the Armory, sunglasses from a drug store and bottles from two grocery stores. One youth also said a window was broken at Fullerton School about a month ago, and a neon sign on South Stephens also was broken.

Two Cars Are Heavily Damaged In Accident

Two cars were heavily damaged in a traffic accident on Garden Valley Road at the Southern Pacific tracks Monday night, according to state police.

Officers said Dr. William Donald Holst, 213 Bowden St., had stopped at the railroad crossing. A car driven by Johnnie Edward Andrews, 26, Oakland, struck the Holst car from the rear. Neither man was injured.

Andrews told police he was wiping the inside of his windshield and failed to see the other vehicle in time to stop. No citation was written.

Benefit Rodeo Raises $3,000 For Donnie Pyeatt

SALEM, Ore. (AP) — A weekend rodeo here raised $3,000 for the benefit of Donnie Pyeatt, 21-year-old Cottage Grove youth who was injured July 4 in a riding accident.

The rodeo was held at the State Fairgrounds Saturday night and Sunday.

About 2,000 persons attended. Three hundred cowboys from Washington and Oregon gave their services.

President Eisenhower Lays $35 Billion Defense Budget Before Congressional Heads

By JACK BELL

WASHINGTON (AP) — President Eisenhower was reported to have laid before congressional leaders Tuesday a defense budget in excess of 35 billion dollars, with nearly half to go for the Air Force and guided missile development.

In a three-hour White House conference with leaders of both parties, the President was said to have emphasized the necessity of shaping American military forces toward averting disaster at home in case of war and providing immediate heavy retaliation against an enemy.

Some of those who attended the conference said the summary of world conditions given by the President and Secretary of State Dulles generally was optimistic despite their obvious disappointment at Russian actions since the Geneva summit conference.

It was emphasized that neither the President nor Dulles felt there was any immediate danger of war.

The military budget discussed at the White House meeting would be for the 12 months beginning next July 1. In the present fiscal year, defense spending is expected to run between 34 and 35 billion dollars with the Air Force share about 15 billion.

The evidently firm decision to increase military expenditures by perhaps a half billion dollars or more indicated the administration has no current plans to propose a cut in taxes.

Although this subject was not mentioned in the general meeting with the leaders, some of them said they had been told individually there will be no tax cutting recommendation in the President's forthcoming messages to Congress.

By and large, the reaction of the congressional leaders to the President's foreign and defense programs, as outlined in the meeting, appeared to be favorable.

Chairman Russell (D-Ga) of the Senate Armed Services Committee told reporters: "I think the defense program looks fairly good."

The session completed the major business Eisenhower tabbed for action when he came to Washington last week. It cleared the way for his return to his Gettysburg, Pa., farm and another period of rest and recuperation from his heart attack.

W. Washington Waters Slowly Return To Beds

By THE ASSOCIATED PRESS

Western Washington's rain-swollen streams crept slowly back within their beds Tuesday, soothed by a blanket of cold arctic air which sent temperatures dipping below the freezing point from Canada to Oregon.

Many Western Washington streams, fed by torrents of rain over the weekend, foamed over their banks Monday. The most spectacular rise was that of the Green River.

The Green's muddy waters spread over hundreds of acres of rich farmland in the Kent-Auburn Valley, forcing the evacuation of some 40 farm families from their flood isolated homes. Traffic stalled as the water crept over roads and lapped at the undersides of bridges.

No loss of life or heavy property damage was reported.

Rail traffic was moving through the Cascades again as crews worked to repair washouts completely and to clear away the remains of slides which blocked both the Milwaukee and Northern Pacific lines.

Attorneys Start Defense In Burton Abbott's Trial

OAKLAND, Calif. (AP) — Attorneys for Burton Abbott started their defense today against charges he committed the unwitnessed kidnaping and slaying of 14-year-old Stephanie Bryan.

The prosecution wound up its circumstantial case Monday with testimony by Dr. Paul Kirk, University of California criminologist. All that remained was the formality of announcing the state rested.

Dr. Kirk testified the chances were at least 125,000 to 1 that two strands of hair he found in Abbott's car were from the head of the girl.

The scientist said his figure of 125,000 was a "minimum estimate" and gave it after stating on cross-examination that he could not be absolutely positive the hair was Stephanie's.

On cross-examination he said he was not certain clay found on Abbott's boots came from the girl's grave nor was he sure blood found on a car mat was hers.

Eight Airmen Killed As Big Plane Crashes

TETUAN, Spanish Morocco (AP)— Spanish border guards say all eight airmen aboard a U. S. military transport plane were killed when the craft hit a 5,000-foot peak in the rugged Riff Mountains and exploded.

The plane was a four-engine C54 of the U. S. Air Force's 1700 Air Transport Group, based at Kelly Field, San Antonio, Tex. The transport crashed Sunday night in the Gormora district, near the border between French and Spanish Morocco.

Flying from Wheelus Field in Tripoli to Casablanca, it was believed en route to the United States.

Petersdorf Resigns Post On Sanitary Dist. Board

(Continued from Page One)

bers, an action approved on Dec. 5 by the North Roseburg Sanitary District.

In spite of the petition, the sanitary board ordered a go-ahead on a preliminary survey to establish an exact cost of sewer system.

The district secretary, Orpha Rutan, was directed to ask engineers to make the survey complete before an election on the proposed dissolution is held.

Engineering for the district has been done by Cornell, Howland, Hayes and Merryfield, Corvallis consultants.

The board authorized payment of several bills, including a $37.50 item to pay the election board of the Nov. 22 election.

The new election, it was estimated, will cost about $175.

Myrtle Creek Board Names 2 Budget Members

The Myrtle Creek school board Monday night appointed two new members to the District 19 budget board. They are Jack Markham and Louis Hagberg.

Other members of the board are Mrs. Cordelia Rice, William Arbogast and C. S. Wegher.

In other business, it was also decided to call for bids for a new 73-type pusher bus, probably in the latter part of January, according to correspondent Ruth M. Evans. Funds for the bus will be secured from the district depreciation accounts, she said.

The board also accepted the resignation of Mrs. Ida Stout, third grade teacher at Tri-City School. She was seriously injured when struck by a car during the Thanksgiving vacation. Mrs. Abby Madenwald was hired to succeed her.

Council Proposes Tax For Public Utilities

(Continued from Page One)

the agreement, it would mean an appreciable immediate rise in the amount of money received from the company. Luoma reported that last year, the company paid the city $5,292 under the straight 2 per cent franchise.

Despite the immediate raise in payment, some rumblings still continued within the council for a higher straight percentage franchise agreement on the grounds such an agreement would mean greater long range payments with growth of the city.

Luoma said, however, that 2 per cent is considered a "reasonable" rate in all Oregon cities but Corvallis and Portland. He said if the rate is raised, it will in effect cause "indirect taxation" increases for the citizens. He requested the agreement be accepted.

SALVATION ARMY

HERE is a toast to the Salvation Army,
God's friendly soldiers who fight in His name,
Winning their battles where odds are terrific...
Gaining no medals or newspaper fame.

Wars come and go with their bloodshed and valor
But no armistice sounds in the war against sin ..
The Army of God fights the devil and squalor
And helps fallen angels, God's Heaven to win!

Theirs is an army that knows no disbanding;
Their shield is the knowledge that God loves us all;
Their devotion to mankind is past understanding...
No land is too distant—no voice is too small!

—NICK KENNY.
