

New Business Opens In Canyonville Wednesday

By JEAN CLAXTON

Canyonville greeted a new business in town Wednesday. Dr. John W. Meyer opened a dentist office adjoining the new post office. Dr. Meyer has been working with Dr. R. B. Johnson in Myrtle Creek while his office was being completed.

Dr. and Mrs. Meyer and two children moved to Canyonville Saturday and are occupying the house recently vacated by John Brusch. He is working on a 6-day temporary basis. Saturday office hours are for working people who cannot come in through the week.

Mr. and Mrs. Paul Strahan and son, Bobby, spent Christmas at Richmond, Calif. with their son-in-law and daughter, Mr. and Mrs. Bill Depey. They reported seeing a great deal of the flood disaster areas and the many homeless people in the stricken area.

North Douglas Grange Has Installation Meet

The North Douglas Grange held their second meeting in December a week late. Master James Nelson presided over the meeting for the final time.

Installation ceremonies were held for Dean Buss as master, Helen Suiter as lecturer, and Norman Suiter as a member of the executive committee.

Nelson thanked the group for their cooperation and support for the past year. Grange was closed and Dean Buss showed slides of Gene Meacham's trip to Massachusetts and also slides of Dean's taken of Japan.

Guests were Bobby Black of Curtin, Dick Hess of Drain and Pat and Helen Powell of Eugene. Gene Meacham was home on Christmas for a day.

The NDHE Club meeting will be postponed one week on account of the death of Mr. Sands. It will be held Jan. 12 at the grange hall.

Sec. Wilson Returns After Inspecting Plants

WASHINGTON (AP)—Secretary of Defense Wilson returned Wednesday from an inspection of West Coast aircraft factories where some of the nation's new and secret weapons are made. He said he was pleased with what he saw.

But in meeting newsmen, he talked only cryptically of his tour of factories in California, declining even to list all plants and places visited.

"I saw all the newer stuff," Wilson said.

When asked if he inspected progress on the intercontinental ballistic missile project at the Convair plant, Wilson replied, "Naturally, I looked around when I was out there."

Car Accident Fatality Leads To Double Deaths

LOS ANGELES (AP)—A lumber-laden trailer, tearing loose from a runaway truck, smashed into two cars Monday night and killed three men.

One of them was Charles L. Hoffman, 43, of nearby Glendale.

His father, Lawrence Hoffman, 70, was grief stricken when he learned of the son's death. Relatives said he became irrational.

Last night the elder Hoffman's wife, stepmother of the son, was talking on the telephone with a friend, who suddenly heard her say:

"He's coming at me with a gun."

There was the sound of shooting. Then silence.

Friends found Mrs. Hoffman dead and Hoffman dying. Sheriff's officers termed it murder-suicide.

Hubert Ney New Premier Of Disputed Territory

SAARBRÜCKEN, Saar (AP)—Hubert Ney, leader of the Saar offshoot of Chancellor Konrad Adenauer's Christian Democratic Union, is the new premier of the long-disputed border territory. Ex-Nazi Heinrich Schneider is the new president of its Parliament.

The three pro-German parties which swept the Dec. 18 parliamentary elections picked them yesterday. Parliament followed up by electing Schneider and will meet Jan. 10 to approve Ney.

—NEA Telephone

GRIM—A grim-faced Governor Goodwin Knight listens to reports of flood damage in the Russian River area at a special meeting in Santa Rosa, Calif. The governor is making a personal tour of flood-damaged areas of the state.
