Mrs. Albert Long Dies Wednesday

Mrs. Albert (Rena M.) Long, 90, well-known resident of Roseburg and life-long resident of Oregon, died at Riversdale Sanitarium March 28 following a prolonged illness.

She was born near Sheridan, June 7, 1865, the daughter of G. R. Pinckney and Mary Agee Atterbury, pioneer residents of this state. She came to Douglas County with her parents as a child, residing near Glide.

She was married in Roseburg June 27, 1928, to Albert Long. She was a member of the First Baptist Church and the Roseburg Chapter, Order of Eastern Star.

Surviving are her husband, Albert of Roseburg; two stepchildren: Burr Miller of Salem, and Earl Miller of Medford, and a number of nephews and nieces.

Funeral services will be held in the chapel of Long and Orr Mortuary Saturday at 2 p.m., with the Rev. Henry I. Fox of the First Baptist Church officiating. Concluding services and vault interment will follow in the Oak Creek Cemetery.

Hero Of New Guinea Campaign Dies In Crash

WICHITA, Kan. (AP)—A hero of the New Guinea campaign in World War II was killed Wednesday in the fiery crash of a B47 Stratojet bomber.

Lt. Col. William H. Dames, 34, of Oconomowoc, Wis., was one of three men killed when the bomber exploded and crashed at the edge of a residential area here. It had just taken off from McConnell Air Force Base.

Dames won fame as the leader of a ground attack that drove the Japanese out of Buna Mission, New Guinea, in 1943. He was then a National Guard infantry captain with the 32nd Division.

Lack Of Auditoriums, Not Communism Halted Tour

WASHINGTON (AP) — Officials of the Symphony of the Air contend it was a shortage of suitable auditoriums, rather than any Communist infiltration, which led to cancellation of a government-sponsored good will tour.

Board Chairman David Walter quoted Robinson McIlvaine, deputy assistant secretary of state, as saying the auditorium problem was the "overriding consideration" in abandoning a department-sponsored concert tour through the Near East this fall.

McIlvaine told a House Appropriations subcommittee, in testimony made public last Friday, that information derogatory to about 30 members of the 100-member orchestra had been received by the FBI. Included were charges that some members "spread Red propaganda, and that two were card-carrying members of the Communist party.

Surviving are his wife, Tillie of Salem; two daughters, Mrs. LaReva Lindeburg of Vallejo, Calif., and Miss Bernice Isham of Salem; a son, Leroy Isham of Salem; seven sisters and three brothers.

Interment will be in the Willamette National Cemetery. The Chapel of the Roses is in charge of the arrangements.

Stricken Vessel's Crew, Passengers All Rescued

PROGRESO, Mexico (AP) —Port officials said Thursday all the passengers and crew aboard the Mexican motor vessel Matul had been rescued. The ship burned and sank in the Gulf of Campeche Wednesday night.

Joselin Heredia Cobas, a port authority official, said 21 passengers and a crew of 14 were rescued by the Mexican Coast Guard boat Virgilio Uribe and an amphibian plane.

Gadway And Bean Buy Market On Harvard Ave.

William M. Gadway and Victor Bean have purchased a grocery store on Harvard Avenue from Sherman Morris. The store, formerly Morris Thrifty Market, is now called "Anderson Place Market."

Gadway said that store hours would be from 8 a.m. to 8 p.m. daily, including Sundays. A delivery service will be featured.

The grand opening of the store is planned for early in April, Gadway said. The two owners and their wives will work in the business.

Gadway said that they will continue to carry the same line of merchandise as in the past. The meat market is run by Batman's Meats.

Sweden's Prime Minister Now On Soviet Tour

MOSCOW (AP) — Sweden's Prime Minister Tage Erlander arrived in Moscow Thursday for a goodwill tour that will include a firsthand look at the Soviet republic of Georgia and neighboring Armenia.

Erlander and his party will be the first foreign visitors permitted to go to Georgia since student demonstratons were reported there against the Kremlin's criticism of Stalin rule.

It was understood that the Swedes requested that their tour include Georgia and Armenia. Erlander is to be accompanied on the swing through Southern Russia by Swedish embassy officials and a group of Swedish reporters.

The prime minister's plane landed at Moscow's Vnukova Airport in a driving sleet storm.

In Stockholm, close associates of Erlander said he was prepared to tell his Soviet hosts that Sweden's neutral role should not be taken as a sign of weakness. They said he would advise the Russians that Sweden maintains an "armed neutrality" with all its defenses poised on its eastern border because Sweden has fought Russia 10 times.

Pension Funds Tax Exemption Fight Brewing

WASHINGTON (AP) — A fight is brewing in Congress over a plan to let workers exclude from taxable income the money they invest toward future pensions.

Railroad labor unions are pushing legislation, now before a House subcommittee, to give rail workers such a tax exemption for contributions toward their retirement plan, separate from the social security system.

However, Secretary of the Treasury Humphrey has cautioned that the principle, if adopted, could be extended to social security charges and the costs of all pension or annuity plans, public or private.

In that event, Humphrey estimates, the federal tax loss would run about two billion dollars a year.

The rail unions claim that Humphrey's tax loss estimates are considerably inflated. They challenge Humphrey's calculation that the tax los from rail workers alone would be 70 million dollars a year. The unions say it probably would be only half that amount.

deeply. Now it's my turn to fight for you."

Stevenson said he would have to campaign "my way from here on in. I am not going to attempt to compete in a race with either Democratic or Republican candidates where I will have to continually try to outbid my opponents."

He said he has long favored a 400-million-dollar annual school improvement program and added:

"The other day my Democratic friend proposed a 500-million-dollar-a-year school improvement program. And I was outbid again.

"I have been upset on another count. They say Stevenson is aloof. When a man's been in public life very long he cannot afford to be aloof.

"To prove that I'm not aloof, I am going to shake hands with everyone in this room tonight, even if it takes me all night. Stevenson can shake hands too."

The eyes of both candidates are now on the California primary June 5. Stevenson arrived in his native city less than 24 hours after Kefauver had finished a five-day campaign in southern California.

"My friends," he told the rally, "the underdog has come back to do a little barking.

Divided School Bond Issues Election Slated

issue "for classrooms only" but with proviso voters be given opportunity to express their wishes "via vote" on the cafeteria items.

Considerable discussion concerned the possibility of having classrooms by fall. Board members felt it likely the rooms in East Roseburg could not be ready for use by Sept. 1. In view of apparent need for housing, they recommended that six rooms be built at Hucrest, listing two reasons for the choice:

1. Plans for that addition nearly are completed. It will be a duplication of the first wing. East Roseburg site plans are not in a preliminary stage yet, because funds have been lacking for the construction.

2. The Hucrest site is available and construction could start within a few weeks.

Congress Members Praise Raiding Of Communist Offices

WASHINGTON (AP)—The padlocking of U.S. Communist party offices and those of its paper, the Daily Worker, drew praise today from several members of Congress.

Senators McClellan (D-Ark) and Robertson (D-Va) endorsed a proposal by Sen. Wiley (R-Wis) that the Treasury Department assign a panel of crack income tax experts for an "all-out blitz" against Communist organizations.

In a letter to Secretary of the Treasury Humphrey and in a Senate speech yesterday, Wiley said the technique he has in mind is the same used in income tax cases used to jail gangsters.

Internal revenue agents clapped padlocks on Communist headquarters and the Daily Worker offices in New York Tuesday, and in simultaneous raids also padlocked Communist party offices in other cities, alleging income tax delinquencies.

Declaring it is being persecuted, the Communist party contends it is exempt from such taxes as a political party. The Daily Worker says it owes no taxes and that it has been operating at a loss.

Conferees Would Give Wheat Growers Choice

WASHINGTON (AP) — A Senate-House conference committee decided Thursday that commercial wheat growers should have a choice each year between 90 per cent price supports plus controls or an untried "domestic parity program."

Sen. Ellender (D-La) announced this decision by the 10-member group seeking to adjust differences between the Senate and House on the election-year farm bill.

He also said after a closed meeting that the committee had given up the idea of finishing its job this weekend.

"It looks now as though we may not complete our report until sometime next week," Ellender said.
