Television Cable System Proposed In Myrtle Creek

A community cable television system to increase TV reception in Myrtle Creek has been proposed by a Portland engineer.

Television installers in the city were told by Les Austin that the cost would be between \$2,500 and \$5,000. Difficulty in reception has been experienced in most parts of Myrtle Creek because of mountains between TV stations and the city.

Other southern Douglas County areas are getting good reception, according to the Myrtle Creek Mail.

By one arrangement, it would be possible to transfer Roseburg, Medford and Portland TV programs onto the system. A second plan would make it possible to pick up Roseburg and Medford only, but would provide service to more homes.

The system, as in Roseburg, would be maintained through a monthly utility assessment.

Glendale Women's Assn. Plans Merchant's Lunch

The Women's Assn. of the Olivet Presbyterian Church met recently at the home of Mrs. Esther Perry. Mrs. Mary Wright led in the devotion, and Mrs. Ester Perry presented a mission topic on Japan.

Plans were made for serving a merchant's lunch about the middle of May. The lunch will help pay for a newly installed electric stove, in the church kitchen, which has been a Women's Assn. project.

Hostesses, Mrs. Esther Perry and Mrs. Mina Johnson, served refreshments.
