REPAIR SERVICE MUST BE NEAR

Read the following carefully for 'AD-RIME' hints

Most of today's business transactions involve Manufacture, Sales and Service. In other words, the maker, the seller and the repair man are all of vital concern to the buyer.

Maintenance and repair facilities occupy a dominant role in modern merchandising — particularly with Electrical Appliances and Mechanical Equipment.

Before buying something far from home . . . whether by mail or from a so-called "discount-house" . . . it is a wise precaution to take a good look at the Service Facts. Reputable manufacturers give an ironclad guaranty

of FREE SERVICE BY THE AUTHORIZED SELLER for a fixed time period.

Even after the Warranty expires it is reasonable and natural to expect better, more interested service and lower upkeep cost from the man who made the sale or one with a local reputation of "Know-how" and honest dealing. Beware . . . we repeat . . . BEWARE of "off-brands" and "discount bargains". Too often they bring on unexpected and miserable headaches. Insure your own lasting satisfaction by going to your reputable dealer . . . the man behind the product . . . as nearby as your telephone.

LAST WEEK'S PRIZE WINNER

MILTON SYLWESTER
824 WEST MILITARY
ROSEBURG, OREGON
His winning line to rhyme with "Satisfaction Guaranteed" was "LOCAL SERVICE TAKES THE LEAD"
