Youth Center Planning Active Summer Program

It looks like an active summer for members of the Roseburg Youth Center, Inc.

Friday night a dance for all junior high school students with blue membership cards is planned at the Community Building at the Douglas County Fairgrounds. A special bus will pick up students at Central Junior High School at 7 p.m. It will return them there following the dance which ends at 10 p.m.

It is possible for junior high students to purchase membership cards at center functions, according to adult secretary Mrs. Charles Brown. She said chaperones would be provided at the dance.

Directors of the center met Tuesday evening to plan summer events. In addition to the dance they outlined other activities, including a float in the June 23 rodeo parade, a dance jamboree for the end of July and a "laff-o-rama" production in mid-July.

Mrs. Brown urged teenagers with membership cards to attend center meetings. Another will be held Tuesday at the Moose Hall at 8 p.m.

"We need support and ideas," Mrs. Brown concluded.

Harriman, Stevenson Backers Remain Friendly

NEW YORK (AP)—Top New York state backers of Gov. Averell Harriman and Adlai E. Stevenson have agreed to remain friendly rivals in the campaign to win the Democratic presidential nomination for their candidates.

They said they endorsed a friendly campaign so as to assure the eventual nominee of united support from New York Democrats after the party's national convention.

The understanding was reached Tuesday at a luncheon attended by Carmine G. DeSapio, Democratic national committeeman and Harriman backer; Thomas K. Finletter, chairman of the New York State Stevenson - for - President Committee; and former Air Force secretary; and Alex Rose, vice chairman of the Liberal party.

The Liberal party, which exists only in New York state, has not announced support for any candidate. The Liberals backed Stevenson in 1952.

Johnson Says President Hasn't Proved Aid Need

(Continued From Page One)

their colleagcus to uphold what they called his "staunch leadership for peace."

Committee Chairman George (D-Ga) led in a move aimed at increasing the house total by 500 millions. Senate sources said passage of this proposal would be "difficult, but possible."

With Sen. H. Alexander Smith (R-NJ), a senior member of the committee, already committed to fight for restoration of at least part of the House cuts, the 10 other Republicans voiced this admonition:

"If we waver in our leadership, uncertainty and doubt among other nations can only lead to a rift that will endanger us all. Let us not throw away the best weapon we have against communism. This is the time above all to hold the staunch leadership for peace which the President represents for all the world."

The signers were Senators Clifford Case (NJ), Allott (Colo), Bender (Ohio), Duff (Pa), Bush (Conn), Flanders (Vt), Ives (NY), Kuchel (Calif), Payne (Maine) and Purtell (Conn.)

CHINESE FOOD TO TAKE OUT

Program Set Thursday At Christian Church

Children attending daily vacation Bible school at the Christian Church for the past two weeks will put on a program demonstrating their work on Thursday at 7:30 p.m. The theme for the school has been The King's Adventureland.

Scheduled on the program are rhythm band selections directed by Veloris Baxter; vocal music directed by Peggy Nott and Jessie Crenshaw; memory work demonstrations directed by Mildred Dunn, Blanche Marr, Minnie Batton, Toni Crenshaw and Sally Leep; a missionary pageant from the junior department, with Sue Hamm as soloist; and a Bible drama from the junior high department, directed by Virginia Marr and Estel Batt.

After the pre-school and primary children's part in the program a film will be shown. A total of 331 children have been enrolled with 87 staff members. The school closes Friday.

Hot Weather Blankets Most Of United States

By THE ASSOCIATED PRESS

Hot and humid weather blanketed much of the country Wednesday and numerous temperature readings over the 100 degree mark were reported.

Temperatures rose into the 90s as far north as the area from the upper Mississippi Valley to southern New England. Readings above 100 were recorded in South Dakota.

The mercury was above 100 in sections of southern Nevada to the Rio Grande Valley. At Yuma, Ariz., a scoring 117 degrees were reported.

Wet weather and strong southeasterly winds were forecast Wednesday for the Gulf coastal sections of Louisiana, northwest Alabama and Mississippi. More than five inches of rain was measured in Burrwood, La., since early Tuesday while Mobile, Ala., and Pensacola, Fla., reported over two inches.

Building Housing Famed Horses Burns In Sweden

STOCKHOLM, Sweden (AP) — The training building of the stables for the Olympic Equestrain Games caught fire Wednesday night. The entire area was turned into chaos with screaming horses running wildly about, but none of the champion horses was trapped.

The training building, used by the Swedish Guards Regiment and tinder-dry with hay and fodder, burst into flames late in the afternoon.

Fire and smoke poured over the entire area now being used to decide the 1956 Olympic equestrain championships.

Three-Day Camp Set For Children By Local WCTU

A three-day camp for children of the Loyal Temperance Legion will be held June 29-July 1 at a yet unnamed camping spot on the North Umpqua River.

The camp will be directed by Miss Jean Hansen, national LTL director, according to Mrs. Albert Fray, state director for children's programs who resides in Roseburg. Mrs. Fray has requested that registration be made with her not later than June 15. She may be contacted at OR 3-7623 or at her home at 1609 Medford St.

The national director will visit for a week in the Roseburg area. She will be available for other engagements.

The Roseburg Woman's Christian Temperance Union is arranging a workshop July 2 which Miss Hansen will direct. It replaces the regular July WCTU meeting, reports Mrs. Hazel S. Marsh, News-Review correspondent.

Plans for the camp were discussed recently at the West Roseburg WCTU meeting at the Free Methodist Church. During the session, decision was made to hold the August meeting of the organization's annual picnic at the home of Mrs. Elsie Coffell on Melrose Road.

Hearing Asked On Amendment To Bar Big Dam

PORTLAND (AP) — Senate hearings on an amendment to a bill which would ban construction of Pelton Dam were demanded Tuesday by Portland General Electric Co.

The amendment to Senate Bill 863 would have the same effect as a bill introduced by Oregon's Democratic Sens. Neuberger and Morse, said Thomas W. Delzell, chairman of the PGE board.

Delzell said his firm had been promised hearings on the Morse-Neuberger bill. In view of this, he said, the Neuberger amendment to the other bill, also should be the subject of hearings.

He said PGE had spent more than two million dollars on the Central Oregon hydroelectric project which it was licensed to build by the Federal Power Commission. In addition, he said, PGE has made firm commitments totalling 13 million dollars.

Cancellation of the firm's license, which Neuberger is seeking, would be a repudiation of a federal commitment, the PGE executive said. Delzell said this would be unconstitutional or at least a violation of the Federal Power Act.

Mrs. B. J. Flora To Be Installed In State Office

Mrs. Blayne J. Flora of Roseburg will be installed as charter president of the Oregon State Assn. of Emblem Clubs Saturday in Ontario.

The installation of officers will be conducted by national supreme President Clara Miller of Burbank, Calif. and supreme officers from the three western states.

Other officers to be installed from southern Oregon include Mrs. Worth Davis, historian, and Mrs. Nan Johnson, trustee, both of Roseburg; Mrs. Edward Matthews, recording secretary, of Myrtle Creek; Mrs. Alice Klenz, financial secretary, of Coquille; Mrs. Alice Bardwell, trustee, of Brookings and Mrs. Catherin Sedergren, second vice president, of Cottage Grove.

Mrs. Flora is now supreme district deputy for Southern Oregon. She announced Wednesday that the first quarterly meeting of the new state association would be held in Roseburg in September.

Tiller And Days Creek Consolidation Vote Set

Friday, July 13, has been set as the date for a vote in the Tiller and Days Creek school districts for consolidation, reports Days Creek correspondent Jean Yoder.

At present, Tiller high school pupils attend Days Creek High School on a tuition basis.

In the proposed new district, the two grade schools would continue to operate as at present, with additions as growth demands. Meanwhile, plans call for possible construction of a new high school building somewhere near the middle of the consolidated district.

THURSDAY POTLUCK SET

Members of the Douglas County Mounted Sheriff's Posse and Auxiliary will hold a potluck at the fairgrounds Thursday at 7 p.m.

Mr. and Mrs. Clyde Fullerton and Mr. and Mrs. Darrell Honneman will be in charge of games and refreshments.

DEGREE WORK SLATED

Roseburg Chapter of the Order of DeMolay will conduct degree work and initiation of new members at the Masonic Temple, Thursday, June 14, at 8 p.m. All Masons and DeMolays are invited to attend.

Two-Way Network Planned For Small Logging Concerns

The northern part of Douglas County will be included in a two-way communication network for small logging concerns within the next two months, according to a report from an organization called the Emerald Loggers Radio Assn.

The group has applied for a license from the Federal Communications Commission. It will go into operation as soon as the FCC officially authorizes it.

Other areas to be included in the network are Lane County and part of Linn. Incorporators are Leon Ward, Clyde Elliott and Fred Lemery of Eugene. Ward is president.

Main purpose of the operation is to provide fire and safety protection for the small logging companies. Each member must purchase his own mobile equipment, but facilities and equipment for the base station will be furnished by KVAL-TV and Smith Radio Communication Service. Handling all calls at the base station will be Mr. and Mrs. Archie Powell.

The Powells will also have emergency equipment in their home so calls can be received 24 hours a day.

It will cost $50 to join the association, and membership is limited to those in the logging business. Monthly charges will be figured on the basis of the number of radio units used by an operator.

The association plans to limit the number of units to 50 for the first few months.

No license is required for operation of a mobile unit. Licensing of units is included in the approval of the system.

Dikes Show Signs Of Weakening Near Race Track

PORTLAND (AP) — A dike close to Portland Meadows race track showed signs of dangerous weakening Wednesday morning and bulldozers were ordered in for emergency efforts to save it.

"The situation isn't good, but we don't know just how bad it is," said Winthrop Wells, flood fight engineer for the Army Engineers.

The new weak spot showed up after an all-night battle to save the dike at another point. County trucks working through the night poured in 2,000 cubic yards of gravel near the pumphouse at Denver Ave., where a big crack developed in the dike Tuesday.

The new danger spot, immediately south of Portland Meadows, was apparent from a sink hole 10 feet in diameter outside the dike. This, Wells said, meant the dike had weakened.

Bulldozers were to fill the hole in an effort to add strength to the sinking section.

The danger comes on the southern side of the diking district in which Portland Meadows is located. The water runs there in Columbia slough, reaching out as an arm of the Columbia River. The slough water has a maximum depth of around 40 feet and spread out to 500 or 600 feet wide in places.

Although the Columbia River is falling gradually, it will have to drop two feet at least before danger eases materially at this threatened section, Wells said.

Railroad Unions To Ask 25-Cent Wage Increase

WASHINGTON (AP) — Eleven non-operating unions have decided to ask the nation's railroads for a 25-cent per hour wage boost for some 700,000 rail workers.

Notices of the wage increase demand have been prepared to file with the railroads in the next few days.

Union officials said the non-operating workers—those not engaged in operating moving trains—now have average earnings close to $2 an hour.

The unions negotiated a 14½-cent hourly boost effective last Dec. 1 and also succeeded in having the carriers pay the $3.40 monthly charge previously borne by employes for a medical and hospital service plan.

2 Men Feared Drowned In Lookout Reservoir

EUGENE (AP) — George Middleton, about 40, and Eugene Hyatt, about 26, both of West Fir, are missing and presumed drowned in Lookout Point Reservoir.

A boat from which they and a companion were fishing capsized in the middle of the lake Tuesday. The companion, Norman Thompson, 39, Willamette City, clung for more than two hours to the overturned craft and was rescued by state police.

Thompson said the boat turned over while they were fishing at about 1 p. m. He said he saw one of his companions briefly after the boat overturned, but that he did not see the other.

Thompson was pulled out of the water by police officer Jack Leonard of Eugene. He had been called by a railroad station employe who had seen the capsized boat on the lake.

Three Vacancies In Police Dept. Exist By July 1

Three vacancies will exist July 1 in the Roseburg Police Dept., and the City of Roseburg will sponsor written examinations in order to choose men to fill them.

Two of the vacancies were created by the resignation of Patrolman Charles L. Harcourt and the addition of another patrolman to the department at the start of the new fiscal year.

Police Chief Carl E. Rumpf also said he expects another man to resign soon, although no written resignation has been submitted.

Two new patrolmen were hired by Rumpf this week. They are W. D. Lingafelter, 541 Center St., and Robert L. Simonsen, 939 SE Stone.

The examinations will be conducted Monday, June 25, at 9 a.m. in the council chambers of the city hall. Further information is available at the ccity hall.

Those who pass the examination will be held on the city's police eligibility list for a year.

Wallace's Suit Against Drew Pearson Dropped

WASHINGTON (AP) — Lew Wallace's quarter million dollar libel suit against columnist Drew Pearson, was dismissed Monday by U. S. District Judge Dickinson Letts.

Wallace, a Portland politician, filed the suit after Pearson said in his column that Wallace had urged President Eisenhower to "exert pressure" on then Secretary of the Interior Douglas McKay to award mining patents to the owners of the Al Sarena Mines Inc.

The patents are for property in Oregon's Rogue River National Forest. Democrats contend that the firm sought the patents for the timber, not the minerals.

Wallace said that Pearson's statement was meant to convey the impression that he was guilty of conduct "unbecoming a person who has held public office in the past."

Judge Letts ruled that the complaint failed to state a legal claim.

Faith Healer Said Rift Cause For Queen, Prince

THE HAGUE, Netherlands (AP)—Has a 61-year-old spinster faith healer caused a rift between Queen Juliana and her husband, Prince Bernhard?

Dutch leaders wouldn't comment Wednesday on the question raised by a story in a German magazine, which says the faith healer came to the palace in 1948 promising to cure the partial blindness of 9-year-old Princess Maria Cristina.

But top government officials expressed concern over the situation. They admitted some embarrassment over the story as it appeared in Der Spiegel of Frankfurt, claiming the royal pair has been estranged since 1950 when Bernhard ordered the healer, Miss Greet Hofmans, to leave the palace because of her growing influence over Juliana.

Miss Hofmans moved to a house near the palace and has continued to exercise her influence over the Queen, said Der Spiegel, referring to the woman as "a female Rasputin."

Bernhard now is in Stockholm attending the Olympic Equestrain Games. No comment from him was available.

The story is not an issue in the election Wednesday of a new lower house of the Dutch parliament.

SCHOOL BOARD TO MEET

A regular meeting of the Roseburg school board will be held tonight at 8 in the board meeting room in Central Junior High School. The session is open to the public.

DEMAND FREEDOM

STOCKHOLM (AP) — Algeria's warring nationalists are ready for immediate peace talks with France if the French concede the ernment, a top rebel leader told a Swedish newspaper today.

Hospital News

Myrtle Creek Council Postpones Decision To Join County Library

Myrtle Creek's role in the county library system was still undetermined today.

At a meeting of the City Council Tuesday night, the members went on record in favor of joining the county library system only if they can see something to be gained by it.

The council has allowed no money in the city budget for payment of a city librarian's salary. The members decided Tuesday to wait until after the July 2 county budget hearing to determine what action they will take on the librarian's salary situation, according to correspondent Ruth M. Evans. The city budget hearing is scheduled July 10.

The council also intimated it didn't feel the city library was being allowed enough books under the county system.

In other activity, the council:

1. Discussed a letter from the State Air Pollution Board which said it had received complaints of an excessive amount of black soot in the air from Umpqua Plywood Corp. operations. The letter said the company would have until Aug. 16 to correct the situation.

2. Approved the first reading of an ordinance covering general offenses in the city limits. The ordinance covers all offenses except traffic.

3. Set the next meeting for July 10.

Negro Charged In Rape Slaying

BALTIMORE (AP) — A Negro handyman was seized Wednesday and charged with the murder-rape of a matron in the fashionable suburbs of North Baltimore.

Police were holding Carl Daniel Kier, 21, on homicide charges. Officers said he was originally from Roanoke, Va., and was unmarried and unemployed. They said he had been soliciting work in the area Tuesday where the victim, Mrs. John H. Bopst, 48, lived.

Kier had left his name and address with another woman in the neighborhood. She had tossed a notation of the name and address into a wastebasket. After the slaying, the note was found and resulted in Kier's quick arrest.

Police said they found many "sex" books in his room.

Two butcher knives, a Japanese saber, still in its scabbard, and a heavy brass figurine were used as weapons in the slaying of the mother of four.

She was eating a bowl of ice cream when the intruder forced open a screen door and surprised her. Police in Baltimore County said the crime was the "most brutal assault" they had ever seen. Bloodstains were found on a table, the ice cream was spattered about and there were signs of a furious struggle.

Charge Ordered Against Robeson By House Probers

WASHINGTON (AP) — The House Committee on Un-American Activities formally voted 7-0 Wednesday to start contempt of Congress proceedings against Negro singer Paul Robeson.

In a stormy session Tuesday, Robeson refused to say whether he is a Communist and called the committee members "bad Americans."

The committee also voted unanimously to start contempt proceedings against Clark Foreman, New York, director of the Emergency Civil Liberties Committee, for failure to hand over his passport as directed by a subpoena served on him.

In another unanimous vote, the committee decided to refer the testimony of Leonard Boudin, New York attorney, to the Justice Department for determination of possible perjury arising from Boudin's qualified denial of membership in the Communist Party.

The committee voted to defer action on Otto Nathan, New York University professor and executor of the estate of Albert Einstein, for his failure to turn over his passport.

All of the men appeared before the committee Tuesday in its inquiry as to whether American passports have been used as travel documents in furthering the Communist conspiracy.

Former Resident Dies In Hospital

William Edward Moran, 54, Gresham, born at Rock Bridge, Ill., June 1, 1902, died Saturday in a Portland hospital.

Funeral services were held at 10 a.m. at the chapel of Carroll Funeral Home in Gresham. Interment with graveside services were to be held at 5 p.m. in the Roseburg Memorial Gardens.

Moran operated a taxi service in Roseburg for 20 years before moving to Albany several years ago. Later he moved to Gresham.

He is survived by his wife, Augusta, of Gresham; one daughter, Mrs. Ted (Doris) Insley; four sons, Edward of Albany, Clifford of Torrance, Calif., Dean of Corvallis and Michael of Gresham; one sister, Lena, and four brothers, Basil, Oliver, Dale and George, all of Idaho; and several grandchildren.

RADIO CLUB TO MEET

All members of the Umpqua Radio Club are urged to attend the meeting tonight at 7:30 in the "ham shack" on China Wall. A discussion will be held on completion of the clubhouse painting, and plans for the summer.

CONTRIBUTING CHARGED

Kenneth Omar Wise, 32, of Gold Beach, is being held in the Douglas County jail today on a charge of contributing to the delinquency of a minor. Wise was arrested Tuesday by Sheriff Ira C. Byrd.

Dillard Nurseryman Given Honors By State Group

(Continued From Page One)

en to William Cusick, pioneer botanist of eastern Oregon.

Moyer operates the C. E. Moyer Nurseries, known throughout the West. The Dillard man has a longtime interest in horticulture.

Born in Iowa in 1871, he later attended Nebraska Weslyan University. Next, he accepted a position as horticultural inspector in Boulder County, Colorado. There he met and married Mary Steward. They moved to Idaho where he was manager of a demonstration and experiment station at Twin Falls.

Later, Moyer was to work for George Roeding in California, a national figure and leading nurseryman. It was after this that he started his first nursery near Riverside, Calif., which he operated for seven years.

In 1921 the Moyers came to Douglas County. Moyer established his nursery near Dillard. His wife lived to watch him receive national attention for his nursery experiments. She died a few years ago.

Gardner Moyer is known for his new varieties of French holly, his propagation of new varieties of camellias and his work with stone fruits and walnuts, among other things.

In addition to his horticultural work, he has served as president of the Douglas County Taxpayer's League and is an active member of the league, belongs to the Roseburg Men's Garden Club, is interested in wise use of water resources and is a member of the county's R[illegible]n Central Committee.

Member[illegible] Roseburg Town and Counti[illegible]n Club submitted Moyer's name to the state federation for consideration.

Six Children Killed When Tunnel In Sand Caves In

(Continued from Page One)

screaming and arrived in time to pull out 9-year-old Anatole Bykov alive, but seriously injured.

Marie pulled a fire alarm box. Soon the pit was swarming with police and fire rescue workers. The six children were pulled out soon, but they could not be revived.

Frantic parents and relatives poured down from the surrounding tenements. A gransmother comforted Marie on the sidewalk above the hole.

She heard a wailing cry from the mother, Mrs. Theresa Stanikunas, as her children, Michael, 10 and Lorraine, 5, were uncovered.

The other dead children were John William McKenzie, 9; John T. Kotov, 7; Anna Ortiz, 8; and Louis Nitti, 6.

YOUR BOY CAN BE A GOOD SPORTSMAN

A good sportsman has skill, stamina . . . does his share in teamwork . . . is friendly, courteous. He acquires these good traits through training begun in youth.

Through Boys of Woodcraft and its B. O. W. Sportsmen's clubs, thousands of boys 8 to 16 years old are learning good sportsmanship. B. O. W. fraternal and social affairs teach them to be "good mixers." They are developing skill in many sports and outdoor activities — fishing, wildlife, conservation, safety, first aid — from competent instructors.

Give your boy the opportunity to be a good sportsman. Ask a Woodmen representative listed below for complete information on the many benefits your son will receive as a member of the Boys of Woodcraft.

Does Faith WORK for You?

It takes faith in God to be an Episcopalian. Our beloved Church believes in and teaches the constant presence of God, not just in church on Sunday, but in our everyday lives.

And it goes farther than that, in its continued insistence down through the years on the importance of the frequent celebration of the Holy Communion and frequent reception of this Sacrament by all members of the church. You see, we believe in the REAL presence of the Son of God in the consecrated elements of the Communion.

Yes, it takes faith in God, but we find that faith to be tremendously rewarding as we receive, not two or three or four times a year, but weekly or even more often, the comfort and strength which accompany this communion with God.

Our Lord said, "Do this . . . " He said, "This is My body . . . this is My blood . . . " We accept His direction, and we accept the fact of His REAL presence realizing that God's ways are beyond our understanding. We don't make lengthy explanations of the mystery of the Holy Communion. Why are they necessary when we have faith in God?

You, too, can find great strength and comfort in the Sacraments of the Episcopal Church. We invite you to learn more about them. Worship with us soon.

Like to know more about this subject? Send the coupon for a copy of "What are the Sacraments?" It's free, and there's no obligation.
