

3 Plead Guilty To Conspiracy

NEWARK, N.J. (AP) — An Army sergeant and two East Orange businessmen have pleaded guilty to conspiracy charges in the theft of a secret government document from the Brooklyn Army Terminal.

The guilty pleas were entered before Federal Judge Alfred E. Modarelli yesterday by Sydney M. Stern, 39, and Seymour S. Hindman, 39, both of East Orange, and Sgt. Harold E. Brill, 28, stationed at the Brooklyn Army Terminal.

Stern and Hindman, co-owners of the Distinctive Emblem & Uniform Corp. in East Orange, were released in \$5,000 bail each, and Brill was continued in \$500 bail pending sentence.

The three face maximum sentences of five years and \$10,000 fines.

A fourth defendant, Byrant E. Schreiber, 43, of Millburn, who operates a snapshot service in Linden, has not pleaded. His plea will be heard later.

The four men were arrested late last month by the FBI and lawyers. Hindman and Stern claimed the stolen document was only a mailing list.

Title One Loan Big Boon To Home Owner

A growing demand for adequate housing and home improvement throughout the country is revealed in a recent Federal Reserve Board survey.

The findings show that one-third more non-farm families now own homes than in 1948 and that homeowners are expanding their living space. Over 15 per cent of those

surveyed complained of lack of space and modern conveniences in their present homes.

The same report also pointed out that eight per cent of the homeowners spent \$1,000 or more on general improvements in 1955.

Many of the homeowners took advantage of the benefits of Title I of the Housing Act. Title I permits borrowing as much as \$2,500 for home improvements. The money can be repaid over a three-year period.

Such loans make it easier to remodel older homes—and particularly to bring old-fashioned kitchens or bathrooms up-to-date.

New fixtures, modern space savers and built-ins would give more

comfort, convenience and beauty . . . and will also add value to a home.

Such improvements pay for themselves over the years and represent wise investments in the future of your home and family.

SCATTER RUG SAFETY

Handy throw and scatter rugs need not be home hazards, if used wisely. Rubber jar rings sewed to the backing of a rug will help prevent skidding. A rubber sponge pad is also effective. The pad gives a more luxurious feeling and improves the rug's wearing qualities.

Slipcover saver: Keep your slipcovers looking nicer and longer lasting with removable arm protectors made of the same material.

Paint brightly colored bands around tool handles so they will be easier to spot on the lawn, or when you lay them down in the garden.

BODY SOUGHT

BEND (AP) — Search continued Tuesday for the body of Ronald Olmstead, 17, a Bend youth who fell into the swift Metolius River Sunday and was feared drowned.

Olmstead slipped from a rock while fishing near Wizard Falls in the Camp Sherman area. His stepfather, Robert Severns, and Ronald's brother, David, 14, said the boy was wearing waders when he slipped into the stream.

FRENCH LAUNCH DRIVE

ALGIERS, Algeria (AP) — Airborne French troops launched a drive Tuesday in the Philippeville-Colo sector of the east Algerian Coast after rebel bands killed three French soldiers there and kidnapped two others.

A fourth Frenchman, an army officer, was slain in the town of Setif, 85 miles southwest of Philippeville.

Helicopters were reported tracking the raiders.

Steel kitchen cabinets with sliding translucent glass doors are among the types that can be easily installed by the home handyman.

DRESS UP FIREPLACE

A quick brushing with a two-to-one mixture of boiled linseed oil and turpentine, after first cleaning the bricks thoroughly, will give either painted or unpainted bricks around your fireplace or other interior brickwork, an attractive, glossy finish that's easy to dust.

The little extra time spent in advance planning for your bathroom will be well worthwhile. Above all, give careful thought to the fixtures; they are the basic foundation of a beautiful and comfortable bathroom.

CEMENT BLOCK FOR

good do-it-yourself project. This gives added beauty and trimness where not wanted. And edging in many areas that is so designed block: merely lay in a line or a sand. They can also be laid in or just before mowing.
