

### Election Returns Reported From Several Douglas Co. Districts In Monday Vote

Some school districts in the county had new directors today as the result of annual school elections Monday and other re-elected present members.

Several districts also voted on special levies to balance the budget.

A small turnout of Sutherlin voters elected the incumbent Mrs. Viva Engle to another term as director. Mrs. Engel received 53 votes to 39 votes for Dr. Max Post. The budget levy of \$119,275 passed on an 80 to 12 count.

In Myrtle Creek, John Meier was re-elected to the board with 140 votes. George Boggs with 46 votes and Glen Butler with 29 were his opponents for the post.

Oakland voters defeated two budget issues. The special levy of \$63,238 was turned down by a 102 to 92 vote. And a recreational budget item of \$500 was beaten 112 to 81.

L. C. Perrin with 106 votes won the school director election at Oakland. His opponent, Floyd Ross, received 90 votes.

One of the closest elections in the county was at Glendale where Sid Perry won a school directorship by a 49 to 46 margin over H. Douglas Dollar.

In Canyonville, the largest turnout in history (247 voters) approved the \$44,775 special levy by the close margin of 125 to 120.

Canyonville voters also re-elected Henry Ford to the school board. Ford won over Charles Dowd by a 134 to 110 vote.

Glendale elected two new school board directors. John Connine, who resigned from the board last fall due to ill health, was elected to a five-year position over Bert Allenby. Watson Talcott was elected to serve out remaining two years resulting from Connine's earlier resignation. He was opposed by Everett Frederick.

William Gasser was unopposed for director of the Drain school board. The special levy of \$39,648.77 was passed by a 16 to 4 vote at Drain.

Harold Olsen, a write-in candidate, won the five-year term for the Riddle school board. He received 74 votes to 35 votes for Mrs. Virginia Bordeaux. Richard Willy was elected to a two-year term on the board.

Umpqua voters passed their special levy of \$8,498 by a 50 to 13 vote. Kenneth Fortin was chosen director over Sally Amerson by a count of 41 to 21.

In Yoncalla, the special levy carried by a 53 to 15 vote. Roy Dodd Jr. was elected to the school board. Dodd received 40 votes. His opponent, Russell Wamsley had 28.

Scotts Valley voters approved a budget levy by a unanimous 25 to 0 count. Dan Russell won over Leroy Cox for local director.

There was also a record turnout at Days Creek where the special levy of \$17,445 was beaten by an 81 to 36 vote. Mrs. Lawrence Michaels was elected director over Oral Jones by a vote of 67 to 42.

A close 69 to 66 vote turned down the special levy of \$11,347 at Camas Valley. Voters chose Al Schaefer to serve a five-year term and Burt Golgert was elected to fill a three-year term on the board.

Reports from other districts have not yet been received.

Partial returns are in from the Douglas County Rural School Board elections.

Gilbert Weaver is unopposed for the directorship from the zone that includes Myrtle Creek, Camas Valley and Roberts Creek.

Fred Booth holds a 48 to 35 lead over Machine Cool in the directorship for the region including Drain, Yoncalla, Scotts Valley, Gunter and Curtin.

### Eisenhower Still Mum On Plans For Re-election

(Continued from Page One)

scene. Gov. Averell Harriman of New York got a boost from Frank E. McKinney, former Democratic national chairman.

McKinney predicted in Indianapolis that Harriman would be the Democratic nominee for president at the August convention in Chicago.

In Chicago, an Associated Press poll of Illinois Democratic delegates to the convention showed Adlai Stevenson is the No. 1 choice among delegates who took part in the poll. Of the 78 polled, 37 delegates participated. Sen. Symington of Missouri had the most second-choice support.

Maine Republican in a primary election picked Willis A. Trafton Jr., speaker of the Maine House, to oppose Gov. Edmund S. Muskie in the early September election.

Muskie, first Democratic governor in the state in 30 years, was unopposed for renomination.

### Oregon Cities League Members To Visit Here

League of Oregon Cities representative from Eugene will be in Roseburg Wednesday morning to meet with managers of utilities and taxing districts and city and county officials on fringe area problems.

The meeting has been called for 10 a.m. at the Hotel Umpqua. Herman Merrill, secretary-manager of the league and of the Bureau of Municipal Research at the University of Oregon, will lead the delegation. Three assistants also will be here.

Roseburg City Manager George Farrell said the group is making a series of area studies for the Legislative Interim Committee on Local Government.

The committee is interested in setting out control and benefit regulations for fringe areas of the state's larger cities.

After completing the area studies, the league surveyors will make recommendations to the committee for possible submission to the 1957 Legislature.

Farrell said the Wednesday meeting probably will be in the form of a discussion forum.

**DIRECTOR** in District 116 is Virgil Vance, who was elected in the annual school election Monday. (See story Page 1).

### Daniel B. Sherritt Succumbs At 85

Daniel B. Sherritt died at a local hospital Monday at the age of 85. He was a retired railroad engineer, and is survived by a son, James Sherritt of California; two daughters, Mrs. Florence Tice of Shelton, Wash., and Mrs. Mabel McGibben of Vancouver, Wash.; seven grandchildren; and four great-grandchildren.

The body has been removed to the Chapel of the Roses and funeral arrangements will be announced later.

### Girls Lose Way Following Climb To Lookout Peak

Four teenage girls from the Glide area used their heads Sunday. As a result, they are home and safe this week.

The girls, Julie Gaars, 14; Gail Kelly, 15; Pat Long, 16; and Barbara Long, 18, left the U.S. Plywood Corp. camp at Little River Sunday afternoon. Their destination was the Shevigny Mountain lookout station some five miles away.

They reached the tower atop the 3,500 mountain about 4 p.m., spent some time looking around, then started back home. There is no lookout at the Douglas Forest Protective Assn. tower this early in the season. Mrs. Arthur Selby, News-Review correspondent reported.

As the girls headed home, they lost their way in the forested area. Then they found a road and followed it to its dead end. Still undaunted, the brave foursome found its way back to the lookout tower, broke a window and climbed in.

There, at 10 p.m. they were found by two searchers, Roy Gaars, father of Julie, and Orville Reese, superintendent of the plywood camp.

Mrs. Selby said men in the area organized search groups shortly after 7:30 p.m., when the girls hadn't returned home. Special worry for their safety came, she added, because of the treacherous canyons in the area. By midnight, all four "travelers" were safe at their respective homes.

### James Richmond Elected GOP Committee Head

(Continued from Page One)

and Glenn Wellman, both of Roseburg; and Guy McGee, Days Creek.

The remainder of the meeting, which drew some 75 Republicans, was devoted to laying the groundwork for the November general election.

Retiring chairman Curtis T. Beecher estimated that only about 60 per cent of the Republicans in Douglas County turned out for the primary. "If we can't do better than that, we might as well get out of the county," he said. "The battle is in the primary but in the general election." He indicated that the days were some when Republican victories in the county could be determined in the primary elections.

Beecher was given a strong ovation when he turned over the duties of chairman to Richmond. He was commended for his unflagging efforts for the party. Richmond indicated he would move right into harness. He said: "It is my intention to devote a great deal of my time to the coming campaign."

For the November campaign, a committee headed by Gordon Carlson recommended that advertising for county candidates be divided down the middle, half of it to go to newspapers and the other half to radio, television and other media.

Several candidates vying for office in the general election were on hand for the meeting. They were Oliver Johnson for county treasurer, Ira C. Byrd for sheriff, Beecher for state representative, John Amaecher for state representative and Robert Stults, unopposed for district attorney. Ernest Barker Jr. for county judge was represented at the meeting by Dr. V. J. Anderson.

In other action at the meeting, the new chairman was requested to select a committee to compile and present a charter and bylaws for the central committee to be examined at the next meeting.

### 2-Car Accident Sends 3 Persons To Hospital Here

A two-car accident north of Sutherlin Monday afternoon sent three persons to the hospital, and demolished the new car one driver had purchased two days earlier.

State police said cars driven by Dan Moody Baskin, 29, Oakland, and Kenneth Hix Moore, 19, Sutherlin, collided 1/2 mile north of Sutherlin on Highway 225. Baskin, Moore and a passenger in the Moore car, Sheryl Vandenberg, 14, Sutherlin, were taken to Mercy Hospital by Stearns and Little Ambulance for treatment.

Moore, owner of the new car, suffered a cracked pelvis, several broken ribs and possible internal injuries, attendants said. He was reported in good condition Tuesday. Baskin received minor cuts and abrasions and Miss Vandenberg was treated for broken facial bones, bruises and cuts. Baskin and the girl received outpatient treatment, attendants said.

State police reported Moore's car skidded on wet pavement and struck the second vehicle on the left. Both cars went into the ditch. Officers issued no citations.

Correspondent Edith Dunn said the mishap occurred near Union Gap.

### Lumber, Plywood Lag Reflected In Timber Sales

The recent lag in the lumber and plywood markets continued to be reflected in government timber sales Monday.

Douglas Veneer Co., Roseburg, bought 19,500,000 board feet of Umpqua National Forest timber for only \$190 over the advertised price.

The timber, located about 55 miles northeast of Roseburg in the North Umpqua Ranger District, was appraised for \$21,320. Douglas Veneer purchased it for \$21,510 after bidding \$6.25 on minor species of sawtimber which were appraised at \$6.15 a thousand board feet.

The tract included 15,000,000 board feet of Douglas fir, which sold for the appraised price of \$26.60 a thousand. Volume of pine in the timber parcel was 2,100,000 feet, and it sold for the appraised \$46.35.

There was one other bidder, Umpqua Plywood Corp., which withdrew after one bid.

### Section Hand Held For Rape At Klamath Falls

KLAMATH FALLS — A railroad section hand was held Tuesday under \$25,000 bail on a charge of raping a 15-year-old Chiloquin girl, who suffered four knife wounds in the chest.

He was arrested Monday afternoon in northern California after posses had scoured the countryside since Saturday when the girl, Dorothy Jackson, was found beside a road north of Klamath Falls.

He gave the name Luis Palisado Garcia. From the girl's report, the name Salvador Suarez Galan had been used in the hunt.

Sheriff Al Cotter of California's Siskiyou County arrested Garcia. He said he found him hiding under a shed. Garcia, the sheriff said, signed a statement saying he picked the girl up early Saturday and later got into a fight with her.

She remained in critical condition in a hospital here.

### Robert H. Garthy Passes In Eugene

Robert H. Garthy, Springfield, formerly of Roseburg, died Tuesday morning in a Eugene hospital at the age of 52. He was born in Wimbledon, N.D., Oct. 6, 1903, and came to Oregon as a boy.

Survivors include: his wife, Fae Garthy; three children, Evelyn, Vivian and James; five grandchildren; two brothers, Clinton Garthy, Roseburg, and Clarence Garthy, of Fargo, N.D.; three sisters, Mary Fossen, Fingal, N.D., Ethel Andraieff, Gold Beach, and Frances Long of Roseburg.

Funeral arrangements will be announced later.

### Infant Twin Girl Dies In Hospital

Diane Marie Howell, one of infant twin daughters of Mr. and Mrs. Richard E. Howell, 1866 NW Highland, died at a local hospital June 17. She was born June 15, 1956.

Surviving besides her parents are a brother, Richard Scott Howell; twin sister, Susan Nadine Howell; paternal grandparents, Mr. and Mrs. T. L. Howell; maternal grandparents, Mr. and Mrs. Alfred Howard, all of Roseburg; and paternal great-grandmother, Mrs. James Shuron, Koshkonong, Miss.

Graveside funeral services were held today at 1:30 p.m. at the Roseburg Memorial Gardens with the Rev. Newell Morgan of the First Christian Church officiating. Funeral arrangements are in care of Long & Orr Mortuary.

### State Agriculture Board To Consider 1957 Laws

SALEM — Recommendations for the 1957 Legislature will be considered at a meeting of the state Agricultural Board here Wednesday.

It will be the first meeting for Ross E. Collier, Hood River, who was appointed by Gov. Elmo Smith to succeed E. Ridell Lage, also of Hood River. Lage resigned to become a member of the state Liquor Control Commission.

**DARLEY WARE** was elected to a five-year term as director of the Roseburg school district in the annual election Monday night. (See story Page 1).

### Roseburg School Bonds Passed, Site Issue Fails

(Continued from Page One)

soon on it through money received recently from the federal government for construction uses by districts in federally affected areas. It was reported that preliminary plans will be received from the architect June 27. The district must receive federal approval of the plans.

In other action, the board:

1. Approved \$2,250 for construction of a retaining wall and fence on the playground at Benson School.
2. Voted to transfer \$602 to the high school athletic department to pay a transportation bill.
3. Accepted the resignations of Wendell Johnson and Sandra Greer. Johnson the past year has taught stringed instruments at the high school and junior highs and elementary band at Wilbur and Green. Miss Greer taught the third grade at Riverside.
4. Heard a report from Clerk V. J. Miceli that a tax check for approximately \$30,000 has been received which will reduce the delinquent tax fund. This means, Miceli said, the tax levy voted by the people recently will be \$14,000 less than expected. This will amount to about three-fifths of a mill, he said.

By precincts, the votes in elections were cast this way:

Director	Ware	Days
Central	77	65
High school	113	124
Riverside	83	81
Rose	163	79
Melrose	65	2
Green	23	50
Winchester	45	11
Riversdale	70	15
<b>Total</b>	<b>641</b>	<b>427</b>

  

Bond Issues	Const.	Site	Yes	No	Yes	No

### Annual School On Fire Slated Rest Of Week

The annual fire school of the Douglas Forest Protective Assn. will be held for four days this week, starting Wednesday.

As one DFPA spokesman put it: "Forest fires are controlled by men and weather... there is very little we can do about the weather, but we can do a great deal about men."

For that purpose the association has scheduled an intensive training session for suppression crew members and lookouts.

Courses to be taught include map reading, radio operation, field location of fires, preliminary look-out training, compass and pacing, behavior, large fire organization, five fighting methods and techniques, fire chasing, lookout training in the field, fire investigation and others.

The courses will be taught by men for the State Forestry Dept. in Salem, state inspectors from the Douglas district and district personnel.

The afternoon classes Wednesday will be held at Roseburg DFPA headquarters. After that, a class time will be split between office and field work. Field training will be given on Rose Mountain and at the Shevigny Mountain Lookout in the Glide area.

Dispatcher Wayne Miller said there are approximately 60 men on suppression crews in the district, 16 lookouts and 20 wardens.

### Tito, Khrushchev Say Ties Aren't Threat To West

MOSCOW — President Tito of Yugoslavia and the Soviet Union's Khrushchev said Tuesday the ties they have forged anew are no threat to the Western world.

The two Communist leaders told 80,000 cheering Russians at a mass rally in Moscow's Dynamo Stadium their ties can never again be torn asunder.

"We cannot help those people who don't like our relations with the Soviet Union," Tito said. The packed stadium roared approval.

In a half-hour speech preceding Tito, Khrushchev said Western critics were "deeply mistaken" if they thought the newly established friendship between Yugoslavia and the Soviet Union would damage their relations with other countries.

"We don't want this," Khrushchev said. "We want both Yugoslavia's and our relations with other countries."

"We don't want this," Khrushchev said. "We want both Yugoslavia's and our relations with other countries to flourish and develop."

The signing of a joint communique detailing results of Tito's conferences with Soviet leaders was postponed in the last minutes without explanation. A spokesman said the communique would not be signed Tuesday night.

### Committee Begins Study Of Traffic Problem Here

(Continued From Page One)

city, re-routing of some streets and construction of a four-lane bridge over the South Umpqua River just downstream from the present Oak Street Bridge.

Total cost of the 26 projects has been estimated at nearly 8 million dollars.

However, the newly formed committee will concern itself only with projects within the city.

City Manager George Farrell said duties of the committee won't be confined solely to the projects outlined by the Highway Commission.

In fact, the committee Monday night approved a resolution setting up a three-man committee to investigate parking problems in the city. The committee is to be appointed by Rambert later.

The parking subcommittee will be charged with making a complete study of parking problems, then recommending to the committee the method of promoting, financing and operating a parking program.

The Highway Commission survey itself will come under serious scrutiny next month. The committee is to hear a Highway Commission engineer, possibly Tom Edwards, the Southwest Oregon division engineer, discuss the survey.

The meeting with the engineer will be held either the first or third Monday in July. The definite date still is to be set.

### Senate Group Passes Hells Canyon Dam Bill

(Continued From Page One)

which probably will be continued in this year's presidential election campaign.

The issue: Shall the federal government, or a private power company, tap the hydroelectric resources of the mighty Snake?

Much of the support for the federal project comes from Democrats. Under the Eisenhower administration, the Federal Power Commission (FPC) has licensed Idaho Power Co. to build three power dams in the Hells Canyon area.

The company has begun construction of its dams despite a court challenge of its license by public power interests.

Democrats contend the administration's tacit approval of the Idaho Power plans is a "giveaway" of one of the last great dam sites in the West. Hells Canyon is the deepest river gorge in northern America.

Republicans answer that the federal project would not outproduce the company dams to an extent warranting the cost, pointing out the private projects will cost Uncle Sam nothing.
