

Colorado Resident Vacations With Son And Family Near Glide

By MRS. ARTHUR SELBY
Bob Alexander of Golden, Colo., arrived recently to spend a month's vacation at the home of his son and daughter-in-law, Mr. and Mrs. Kenneth Alexander on Thunder Mt. Alexander has been a guard at the Industrial School

for Boys at Golden the past ten years.

Weekend guests at the Alexander home, were Alexander's brother-in-law and sister, Mr. and Mrs. Joe McGee of Culp Creek near Eugene. McGee is a candidate for mayor at Culp Creek.

Mr. and Mrs. Al Farnsworth of Grants Pass spent the weekend as guests at the Leo Friend home.

Mrs. George Ryan left Sunday for Kalispell, Mont., called by the death of her mother, Mrs. Olive Bondson.

Mr. and Mrs. N. W. McMillen left recently for Wilson River near Tillamook, stopping at McMinnville for Mrs. McMillen's brother-in-law and sister, Mr. and Mrs. George Pice, to join them on a fishing trip.

Mr. and Mrs. Jim Rex returned home Monday after a summer tour with a carnival. Edna and Jimmy Rex stayed at the home of Mr. and Mrs. Charles R. Woods during the absence of their parents.

Two more students from Toketee Falls have registered at Glide High School. Harold Baird in the sophomore class and Ronnie Baird in the senior class, making a total of 17 high school students from Toketee. The brothers are living at the home of Mr. and Mrs. Richard Woods.

Gifford Evans returned Saturday night from archery hunting for deer at Hart Mt. in Eastern Oregon. Evans said the wind was so strong that the arrows were blown

Research Aim To Develop Faster-Growing Trees

SALEM — The Oregon Forestry Department is beginning a research project to try to develop a superior breed of big, fast-growing trees.

The department announced Tuesday that this research will be headed by Dr. Kim K. Ching, Hawaiian-born forestry expert, who recently joined the state forestry staff.

Dr. Ching will conduct research studies in connection with the growth of various kinds of seed when planted at varying altitudes and latitudes throughout the Northwest.

He also will study hybridization of various tree species in the hope it will be possible to develop merchantable timber in a shorter time.

The seed will be planted at the Oregon forest nursery at Corvallis. When the seedlings are two years old, they will be planted at various places in the Northwest.

Youth Shoots Robber, Saves Father's Life

HEIDELBERG, Germany — A 14-year-old American boy who "never before shot a living thing" was credited Wednesday with saving his father's life in a bank robbery plot.

John W. Kuhel, bank manager, told how his son Robert concealed a pistol and handed away as the would-be robber was bringing his own gun into play.

"I would never have seen my youngster or wife again," Kuhel told reporters.

The shooting took place on a downtown Heidelberg street after a fast-talking German who had once served time in the United States for a bank robbery kidnaped Kuhel, his wife and son in a bold bank robbery attempt.

Kuhel said Robert was back in his 9th grade class in school after spending the night with his mother in seclusion. "He slept well," the father said. Kuhel expressed hope his son would be permitted to resume "a normal life as soon as possible." He said one of Robert's major interests was sports and that he excelled in football, basketball, bowling and target shooting.

Kuhel, formerly from Brooklyn, New York, is manager of the Chase Manhattan bank's branch office here.

Robert's two shots killed Hugo Walgenbach as the German aimed his own gun at the boy's father.

Several hours after the news conference a ballistic test showed that Walgenbach's gun—an American Army pistol—had killed Walter Floerkemeyer, 40, clerk in a U.S. gasoline station.

Police believe Walgenbach sought to get the other man to help his robbery attempt in return for money loaned Floerkemeyer. When the other refused, police deduced, Walgenbach shot him.

A compost pile costs nothing to maintain, but produces a valuable product. Add all kinds of garden refuse, such as grass clippings, weeds that have not gone to seed, corn stalks and stucks in a layer, sprinkle on soil and compost maker and wet down thoroughly.

out of course. They also stated that of the 500 archers gathered in the area only 21 deer were brought down.

Israel Expects Recognition By New Association

JERUSALEM, Israel Sector — Israel says she expects the projected Suez Canal users' association will establish her "rightful status as a canal user."

The government in a statement yesterday hailed the U.S.-British-French plan for the association as a "stepping stone toward pacification of the Mideast area."

Since the 1948 Palestine War Egypt has barred the canal to Israeli ships and many foreign ships trading with Israel. Egypt regards herself as still in a state of war with this country.

In the present Suez crisis, it is understood, Israeli policy is directed at getting binding guarantees from other countries that her shipping will be allowed to pass through the canal.

She will try for firmer assurances than were forthcoming from the London Suez conference held last month after Egypt nationalized the canal July 26.

The right to use the canal is a matter of greatest practical importance to Israel. She needs oil from Iran. She wants to develop trade with East Africa and the Far East.

Out-Of-Town Relatives Visit With People In Dixonville Area

By MRS. CHARLES FORREST

Mrs. Homer Foster and Mrs. Sue Glass were recently called to the bedside of their brother, Jim Johnson, who has since died, following a long illness. Johnson's condition improved for a time, and Mrs. Foster returned to Redondo Beach, Calif., where she lives with her husband, son and daughter, and Mrs. Glass remained several weeks, until after Johnson died.

Mrs. Glass' sons and a daughter-in-law, Ted Glass and Mr. and Mrs. Bill Glass, drove here from Roswell, N.M., and Mrs. Glass returned with them, after visiting a few days. Also here to see Johnson was his eldest sister, Mrs. Burt Schneider, from Milwaukee, Ore., who is the mother of Mrs. Charles Forrest.

Mr. and Mrs. Al Newby and family from Belgrade, Mont., near Bozeman visited recently with his father and stepmother, Mr. and Mrs. Albert Newby, for several days. The Hatfields once lived on the old Brumbach Place, now a part of the holdings on which Douglas Veneer stands, east of Dixonville.

Mrs. Lillian Nelson, branch manager of Hollywood Cosmetics of Hollywood, Calif., recently appointed Mrs. George Baldwin of Dixonville as Oregon district representative for that firm. Mrs. Baldwin reports she will soon be

appointing local dealers. Mrs. Nelson visited Bebe Acres briefly before flying back to Hollywood.
