Integration Begins Without Violence In Montgomery

MONTGOMERY, Ala.—Racial integration on buses started smoothly in Montgomery Friday, bringing to a dramatic close a tradition in public transportation dating back for decades.
Negroes, some of whom had refused to ride segregated city buses for more than a year as part of a mass boycott movement, boarded the buses calmly, taking seats where they chose.

Under the segregated pattern, Negroes were required to sit in the rear, white passengers occupied seats toward the front. Segregation laws were knocked out by a U. S. Supreme Court decision which went into effect here Thursday in this deep south city of 126,000.
Some Negroes took front seats Friday and white passengers sat behind them.
There were no reports of violence, but four carloads of white men and others in a pickup truck stayed close to a downtown bus stop with the occupants paying close attention to the historic transition to integration.
One unidentified white man, watching a Negro board a bus, shouted to photographers, "Go ahead and get that black — — — picture." Negroes standing nearby let the remark go unchallenged. They had been coached by their leaders to refrain from violence and to ignore such incidents.
Negro ministers rode the buses, too, to set an example for their people. Three of the clergymen—the Rev. M. L. Kind Jr., the Rev. Ralph D. Abernathy and the Rev. W. J. Powell—said bus drivers were "exceptionally" courteous.

19 Sheep Killed Near Sutherlin

The killing of 19 sheep on the Jack Denley ranch east of Sutherlin was investigated Thursday by Denley and by Douglas County dog control officer Robert Hall.
A nephew of Denley discovered the dead sheep Wednesday morning, Denley said, while he and his family were in Portland. Nine of the sheep were killed in a barn and the other 10 were run down at various points on his acreage. Five of the sheep were found in and around a small stream that runs through the property.

The Denley farm is located on "J" Road, two to three miles east of Sutherlin.
The killing was definitely done by dogs, Hall stated. Several of the sheep were missing flesh off limbs and one had a hind leg that had been eaten down to the bone.
Denley could not estimate his financial loss. He indicated that the sheep were ewe lambs intended for breeding purposes.
All the killing was not done in one night, Denley said that he had lost a few sheep a few weeks ago and the bodies of the 19 showed that some had been dead longer than others. Several other sheep were attacked and wounded.
There were neither traces nor leads as to the dogs that were responsible.

Each of the six departments of the Sabbath school has had a special goal to work toward and the amounts brought in to date total \$1069.

Visit Of Nixon Bolsters Refugees; Cost High

enhower and Congress in dealing with the aftermath of the Hungarian revolution.
Although Nixon and members of his small party declined to discuss the meeting with the Austrian leader, authoritative sources have disclosed that the Austrian federal government will have spent more than seven million dollars caring for refugees by Jan. 1. This does not include spending by provincial and local governments or private donations.
The Austrians hope the United States will help them pay the bill, as well as take more of the refugees off their hands.
As Nixon started the second day of his study, newly arrived refugees reported that they had experienced "great difficulties" in reaching the border area.
Only 688 Hungarians crossed into Austria during the night, compared with 1,000 or more nightly earlier this week. The refugees said that strict checks were being made on Hungarian trains and that most of those who sought to quit the country had to hitchhike or walk to the border.
Nixon was to leave for Salzburg Friday night for a look at refugee camps in that area and then proceed to Munich Saturday. There he will visit the "safe haven" operations base from which the U. S. Air Force is flying refugees to the United States.
The vice president is expected to start his own flight back to the United States Sunday morning.
In addition to the information he is collecting, Nixon with his visit is boosting the morale of many refugees who were becoming afraid they were about to be forgotten by the West.

MC Councilman Injured When Train Hits Pickup

(Continued From Page One)
280 feet before the freight could be stopped.
Peterson was still in the vehicle as it burst into flame.
A California Oregon Power Co. crew happened to be nearby, and can probably be credited with saving the man from burning to death on the spot, according to correspondent Evans.
The truck chassis had Peterson pinned, so the Copco crew lifted it off with one of its trucks. Peterson was taken immediately to the Myrtle Creek Hospital by Ganz Ambulance.
The special freight train was engineered by Frank Woolverton of Eugene. His fireman, V. H. Perry of Roseburg, was a witness to the accident. Other witnesses were from the Copco crew and from Southern Pacific station personnel.
According to Chief Haun, Peterson had just driven away from the depot after loading his feed truck. The train hit the car at 8:25 a. m.
Witnesses told police they yelled to try to warn Peterson, and Engineer Woolverton said he blew the train whistle twice. Haun said Peterson apparently didn't hear any of the warnings. The collision occurred at a point about a block away from the depot in Myrtle Creek.
The Myrtle Creek Fire Dept. was called to the scene to put out the blazing which had destroyed the truck.
As a sidelight to the accident, two people were cited by city police for parking too close to the fire while fire crews were working. They are G. D. Perry and Alvin Goff of Myrtle Creek.

The corporation identified the dead crewmen as pilot Ray Rollo of Los Angeles and copilot L. T. Williams of Sunland, Calif. The plane had taken off at Greater Pittsburgh (Pa.) Airport for Idlewild Airport, N. Y.
In San Francisco, Robert Walker, 27, of San Leandro, Calif., drowned when his helicopter turned upside down as it was making a turn and plunged into San Francisco Bay.
At Mays Landing, N. J., an FSU Crusader, one of the Navy's fastest new supersonic jet fighters crashed within five minutes after takeoff from the Atlantic City Naval Air Station.
The Navy said the pilot, Lt. Robert D. Roth, 28, Linwood, N. J., perished in the crash.
In Monterey, Calif., Navy pilot Lt. (j. g.) William Otis Herrin, of Santa Clara, Calif., was killed when his F9F Cougar jet plane crashed and exploded 20 miles east of the city.

Girl Missing; Mistaken Belief Sister Is Dead

NEW YORK — A 14-year-old girl was missing Friday—feared a possible suicide in the mistaken belief she let her infant sister die while baby-sitting.
Margaret Julie Himmz ran away from her Queens home Monday, leaving this note:
"I was washing the dishes. I went over to look at the baby. The pillow was on her face. I took it off. I shook her but she did not move. I am running away."
"Daddy will kill me when he finds out. I want to save him the job. By the time you read this I will be dead. I will always love all of you."
But when Mr. and Mrs. Joseph Mizz returned home after spending an hour out shopping for a Christmas tree they found a month-old Carol sleeping soundly and healthily in her crib.
Julie, as the older girl is known to the family, was gone.

Nehru Ends Visit With Speeches

NEW YORK — India's Prime Minister Nehru ends his six-day American visit today as he began it—still convinced that collective security pacts will not preserve world peace.
Tonight a Royal Canadian Air Force plane will fly Nehru to Ottawa for weekend conferences with Prime Minister Louis St. Laurent.
Nehru made the most of his brief New York visit yesterday with a triple-barreled round of speeches. All of them were woven around the theme that a positive but peaceful approach could solve the problems of Hungary and the Middle East hostilities "without too great difficulties."
In a speech last night at an informal gathering of United Nations General Assembly delegates and in a speech before the private, non-partisan American Assn. for the United Nations, Nehru lashed out at the concept of military pacts and alliances.

Three Hospitalized In Car Accidents; Other Crashes Over County Are Reported

Two men were taken to Forest Glen Hospital, Canyonville, after an accident at 10:30 a. m. Thursday in which their car collided with a logging truck on the South Umpqua Road five miles east of Tiller.
The accident was the first of six reported to state and Roseburg police during the day and early Friday.
Frederick Dwight Orloff, Veneta, driver of the car, was treated for lacerations of the face and a broken cheek bone, state police said. Willard Henderson, Tiller, a passenger, was treated for facial lacerations and then released.
The driver of the logging truck, Manuel Joseph Gomes, was not injured, state police said, when his truck and the car collided, sending the car into a ditch.
Mrs. Viva Wright, Box 248, Winston, was taken to Douglas Community Hospital early Friday morning after her auto hit a bridge abutment on U. S. Highway 99 near Winston. State police said Mrs. Wright, driving south on the highway, apparently drove into the left side of the bridge at its north end causing heavy damage to the left front of her automobile.
The third and fourth accidents concerned vehicles that were driven off the road and abandoned by their drivers.
A pickup truck was reported at Rice Hill on U. S. 99 with its front end resting in a Roseburg man, but he informed state police that he had recently sold it.
A car was reported in a ditch hidden by underbrush 3 1/2 miles east of Roseburg on the North Umpqua Highway. Floyd Collins, owner of Collins Market, said two boys ran in to his store and reported the car. It was registered to Ronald C. Edwards, Elsie, Ore.
An unidentified car which pulled out into a line of traffic on U. S. 99 in Winston was blamed for a collision at 11:35 p. m. Thursday.
The two cars involved were both going south on the highway when both were forced to brake suddenly with the second car in line colliding into the rear end of the first.
The front car was driven by Eileen Thelma DeHart, Box 482, Winston, the second was driven by Leatrice Joy Davis, 1033 NE Post St., Roseburg.
Heavy damage was reported to two cars in a Roseburg intersection accident at 11:55 a. m. Thursday. Elliott Lee Moteschbacher, 1152 NE Fremont Ave., Roseburg, was driving north on South-east Pine Street when his car collided with a car driven by Ernest Theodore Unrath, 523 NE Clover Lane, Roseburg. Unrath was going west on Washington Avenue.

Porter Withdraws Bid For Interior Committee Post

WASHINGTON — Rep.-elect Charles O. Porter (D-Ore) said Friday he is withdrawing his bid for assignment to the House Interior Committee in favor of another newly elected Oregon colleague.
He said he will support Rep. Ullman for a place on the committee because of the interest in Ullman's Eastern Oregon district in Hells Canyon Dam legislation.
Porter said he originally asked to be assigned to either Interior or Appropriations as his major committee, with either Public Works or Banking and Currency as his second committee.
Porter said he now is asking assignment to the Foreign Affairs Committee in line with what he said was his sole campaign pledge to spend one-third of his time working for peace.
Because members of the House Appropriations Committee are usually limited to that one committee, Porter said he is considering withdrawing his request for that committee in favor of Judiciary in view of his legal background.
While making his requests known to House leaders, Porter said he fully appreciates that a freshman member of the House has little to say concerning his actual assignments.
The Oregon Democrat, who defeated Rep. Ellsworth (R-Ore), has set up temporary offices in the Senate suite of Sen. Neuberger (D-Ore).
When he moves into his own quarters in the old House Office Building, probably after the first of the year, he will find himself right around the corner from Oregon's two other Democratic House members, Ullman and Rep. Edith Green.
