

Oakland Girl Honor Roll At University

By EDITH DUNN
News has been received that Nancy Charlene Moore, a sophomore at the University of Oregon, has been listed on the school's honor roll for the fall term.

Nancy is the daughter of Mr. and Mrs. Archie Moore of Oakland and is a graduate of Oakland High School.

Several visits have been made by Oakland residents to points in Washington and California, recently.

Mr. and Mrs. Cal Bowles have returned from a month's visit with a son and daughter and their families at Oakland, Calif. They also visited in San Francisco and Fresno.

Visiting his parents at Lone, Wash., recently was Everett Halstead, who is in the Navy. He also visited his grandparents, Mr. and Mrs. Bert Halsted, of Sutherlin and cousins, Mr. and Mrs. Jesse Lee.

Mr. and Mrs. Gust Westlund have returned to Oakland after spending the Christmas holidays with their son-in-law and daughter, Mr. and Mrs. Fred McFarland, of Sacramento, Calif.

Mr. and Mrs. Charles Beguhl returned Monday from a two week visit with friends and relatives in California. They spent Christmas in Pasadena, then visited at San Diego and made a trip into Mexico.

They returned to Pasadena for the Rose Parade and Rose Bowl Game, and visited in San Francisco on their way home.

Extension Unit Meets
The Umpqua Home Extension Unit met Monday at the home of Mrs. Betty Early for the first lesson on making braided rugs. Fifteen members were present at the meeting.

Colors and designs were chosen and plans for the next lesson were made. The next lesson will be held next Monday at the parish hall in Oakland, starting at 9:30 a.m. The lesson will be on dyeing rugs.

Members are to take sack lunches with them to the meeting and articles as listed in the bulletin.

Macmillan Becomes New Britain Prime Minister
(Continued from Page One)

poat as chancellor of the exchequer, the government's key financial post. He will have a free hand in picking the team he wants to run the government.

Macmillan at 62 is three years older than Eden, who resigned Wednesday night with the explanation that his health prevented him from continuing to give his full loyalty to the job. Eden had served 21 months, a comparatively short term for a British prime minister, in succession to Churchill.

The new prime minister told reporters there would be no general election for the present.

"If there was," he added, "we (the Conservatives) would win it." The opposition Labor Party demanded new elections as soon as Eden resigned.

Under the results of the 1955 election the Conservative mandate extends to May 26, 1960. Macmillan can serve that entire time if he wishes.

Macmillan went to Buckingham Palace Thursday afternoon to receive the Queen's designation of him as her first minister. He spent 20 minutes there.

The appointment touched off speculation that Macmillan will seek a quick meeting with President Eisenhower, probably in Washington.

Macmillan also faces the job of strengthening Commonwealth bonds strained by Eden's Middle East policies.

Finally, he must cope with an economic crisis heightened by the abortive British-French military intervention in Egypt and the closing of the Suez Canal with its consequent loss of oil for Britain and Western Europe.

Slocum To Teach Evidence-Trial Procedure Class
Municipal Judge Randolph Slocum will present a class on "Evidence Trial - Procedure" at the Roseburg Police Department Training School at 8 p.m. Friday in the council chambers of the city hall.

The class is the second in a series of classes covering various phases of law enforcement to which personnel from other police departments and the interested public are invited.

Other speakers and subjects in the three-month course include Asst. Chief Vernon J. Murdoch Jr.; William Jordan, state liquor enforcement officer; on the state liquor code; state police Sgt. Robert J. Keefe on radar; Colonel L. L. Powers on the coroner and his duties; Pat Manning, accountant at the Douglas County State Bank, on counterfeit money; Chief Criminal Deputy Larry Wright, Douglas County sheriff's office on plaster casts; and Julian Heller, Douglas County Juvenile Officer, on understanding juvenile delinquency.

Yoncalla Mayor Misses Meeting Because Dad Ill

New Mayor Delbert Dickey was unable to attend the year's first Yoncalla City Council meeting this week because of the illness of his father.

Taking his place at the meeting was former Mayor Herschel Phillips. Vincent Duncan, newly-elected councilman, was sworn into office, however.

Turning to business, the council voted to accept a settlement of \$14,425 from the insurance company as the result of a collision of a city truck and a private automobile.

The truck was driven by Stacy Adams and the car by James Probstel.

On hand at the meeting was Principal William Lewellen of the Yoncalla Grade School. He reported the grade school board of directors has outlined plans to build a breeze-taking and the upper grade school and the gymnasium. The board also plans to have constructed an eight-foot extension to the porch of the gym to enable buses to drive close enough so children can enter without getting in the rain.

Lewellen asked the council to grant permission to build the two additions to the school. Councilmen will investigate and report to the school board later.

The council also ordered bills paid and granted a renewal of insurance on the city dump truck, according to correspondent Mrs. George Edes.

Season's Worst Storm Strikes, Heads Northeast

By THE ASSOCIATED PRESS
A full-on January storm, which left a heavy blanket of snow from the Rockies across the Midwest, headed into the Northeast today.

Near blizzard conditions were reported in many Midwest areas in the season's worst storm. Gusty northerly winds whipped the falling snow into drifts, blocking some highways and slowing travel.

Hazardous driving conditions — snowy and icy streets and poor visibility — forced hundreds of motorists in many cities to abandon their cars.

A huge mass of cold air enveloped the snow belt. Temperatures nose-dived into subzero levels in north central areas.

The heaviest band of snow extended from Colorado and Wyoming into extreme eastern Nebraska, most of Iowa, southern Wisconsin, southern Michigan and northern sections of Missouri, Illinois, Indiana and Ohio. Falls generally were from 4 to 10 inches.

The snow tapered off during the night in some Midwest areas. Very cold, windy weather of near blizzard intensity with snow squalls was predicted by the Weather Bureau for the western and central Mohawk Valley, the southwestern Adirondacks and the northern Catskills of New York State. Temperatures were expected to fall steadily.

The storm swiftly covered western New York State, forcing some school shutdowns and creating generally hazardous highway conditions.

The third snowstorm in a little more than a week moved into New England, where more than six inches was forecast for some areas.

Rain, drizzle and snow hit Virginia Wednesday, with up to five inches reported in the northern part of the state.

Hatfield Plans To Be At Holmes' Inaugural Ball

PORTLAND — Mark Hatfield, newly elected Republican secretary of state, said Wednesday he will attend the inaugural ball for Democratic Gov.-elect Robert D. Holmes.

Wendell Wyatt, GOP state chairman, expressed doubt a few days ago that any leading Republicans would attend because, he said, the ball is being handled by the Democratic state committee.

But, Hatfield told the East Side Commercial club, "I am in agreement with former Gov. Sprague, the last governor to hold an inaugural ball, that, in his words, partisan differences should not blot out social amenities."

Hatfield said the next two years will give Oregon political parties a good chance to show civic and party responsibility.

A Republican majority on the state Board of Control and an evenly divided Senate, along with a Democratic governor, provide this opportunity, he explained.

Need For Housing Mental Patients, Delinquents Told

PORTLAND — Corrective and mental health institutions in Oregon will have to get record-size appropriations from the coming Legislature if they are to keep up with population growth, spokesmen said at a meeting of the Mental Health Assn. of Oregon here Wednesday night.

James Lamb, superintendent of MacLaren School for Boys at Woodburn said so many boys were being committed it was necessary to parole many who weren't ready for parole.

"We can expect 50 per cent of these boys to return for additional violations," he said.

Lamb said that using corridors and double bunk beds couldn't keep up with the increased population. Last year 450 boys were committed. The year before the total was 728.

Dr. Irvin Hall, superintendent of Fairview Home for the mentally retarded, said that out of every 1,000 children born in Oregon, Fairview Home can expect to get 8.

Dr. Hall said the Legislature would be asked to provide a 30-bed unit for emotionally disturbed children but even with this addition, there would be a waiting list of 800 in two years.

Herbert L. Nelson of the state hospital at Salem said more than 1,100 patients getting treatment now are senile and more money is needed to care for them "if we are to avoid future tragedies such as recently occurred in Klamath Falls." This was in apparent reference to the shooting at a welfare board meeting in which one man was killed and two others wounded.

Eisenhower Takes Notice Of High Prosperity

(Continued From Page One)

In his message, the President presented little in the way of specific legislative proposals. He left that for a series of special messages which are to come later.

The general tone of the address, broadcast nationwide by major TV and radio networks, was one of moderation and restraint and a plea for understanding.

Reaction among the lawmakers was generally favorable.

Senate Democratic leader Johnson of Texas called it "a comprehensive and thoughtful analysis of the problems which confront our people." Johnson said he thought Congress would study it in "a cooperative and constructive spirit."

House Speaker Rayburn (D-Tex.) said it seemed to be "one of those kind of usual things."

Eisenhower called for calm and reason in dealing with the problems of race integration in the schools.

And he said that in economic matters the national interest "must take precedence over temporary advantages that may be secured by particular groups at the expense of all the people."

In that connection, he urged business and labor leaders "to think well of their responsibility to the American people."

"It is clear," he said, "that the danger (of inflation) is always present, particularly if the government might become profligate in its expenditures or private groups might ignore all the possible results of our economy of unwise struggles for immediate gain."

The lawmakers listened intently but seldom applauded individual points in his report.

Eisenhower's State of the Union message Thursday, was much shorter than in other years, running only about 4,000 words.

In the foreign field, Eisenhower said the United States is "willing to enter any reliable agreement which would reverse the trend toward ever more devastating nuclear weapons."

He said any such agreement should "reciprocally provide against the possibility of surprise attack," and for mutual control of "the outer space, missile and satellite development."

This was the first time Eisenhower has mentioned publicly international control against devastating missiles and satellite devices.

Oakland Mayor, Other Officers Now In Office

William Brislain was sworn in as Oakland's new mayor at a meeting of the city council this week, reports correspondent Edith Dunn.

Also sworn in by Municipal Judge R. A. Wilkins were Councilmen Paul Schulze and Vernon Little. The two men are starting their second term.

Mayor Brislain then re-appointed the following city officers: Judge Wilkins, Recorder Calvert Bowles, Police Chief Walt Manning, City Attorney Nelson Grubbe and Fire Chief Fay Stearns. All were approved by the council.

Schulze was elected council president.

One of the first problems facing the council was determining a method of enforcing the new dog control law. Under it, dogs are prohibited to run at large in the city. The law went into effect Jan. 1. The matter was merely discussed.

It was reported that all dogs must have licenses by March 1. They may be secured from Police Chief Manning.

The council voted to hold one regular meeting of the council a month. It will be held the first Tuesday of each month. Special meetings will be called when necessary.

A report was given by Judge Wilkins on the amount of fines collected in 1956. The total reported was \$1,684.10.

The council also discussed the possibility of securing a signal at the railroad crossing on Stearns Avenue and a rock fill on South First Street. The Council will investigate.

Storm Pushes Back Cold Arctic Front

By THE ASSOCIATED PRESS
A storm off the Oregon coast Thursday pushed back an arctic storm coming down from the north, eliminating for the present at least the threat of snow in the Willamette Valley.

However, there was snow in the Columbia River Gorge between Multnomah Falls and The Dalles. Between 2 and 6 inches of snow fell in Oregon mountain passes Wednesday night.

Chains were required at Timberline, Warm Springs Junction, Santiam Pass, Willamette Pass and Austin. Chains should be carried at Government Camp, Detroit, Sisters and Chemult, the Highway Commission reported.

The Redwood Highway between Grants Pass and Crescent City, was closed by a slide at Patricks Creek.

Chains also were advised for travel into Crater Lake National Park where snow was falling Thursday.

The forecast was for intermittent rain through Friday in Western Oregon. The eastern section of the state was to have intermittent snow or mixed rain and snow.

N. Umpqua Road Project Slated

Another step toward connecting Roseburg and Diamond Lake with a good highway will be taken at 2 p.m. Jan. 23 in Portland.

At that time the Bureau of Public Roads will receive bids for grading of 3,223 miles of the North Umpqua Highway, according to F. E. Andrews, division engineer.

It will continue work on the forest highway which has been under way for the last several years. Long-range hopes from many sources in Roseburg are for a well-paved connection from Roseburg to the Cascade Lakes Highway just north of Diamond Lake. About half this distance has been covered.

Location of the section being advertised for bids is about 45 miles east of Roseburg. Andrews said it will open timber stands in this section of the Umpqua National Forest. It is also expected to get considerable recreational travel.

More Enrollees Needed For Education Classes

Richard Boss, Roseburg vocational education supervisor, announced today that pupils are needed in several Roseburg public schools adult education classes.

Classes needing more enrollment are: woodworking, typing, tailoring and welding. A beginning shorthand class has been canceled.

A class called electronic controls has been temporarily canceled. It is scheduled to start Feb. 1. Starting date of a practical nurse training class has been postponed until Jan. 16.

Two classes, advanced radio and bookkeeping, are full, but anyone interested in the classes can still register, Boss said.

All other adult education classes are starting this week. Persons interested in enrolling may contact the adult education office by calling OR 3-4438, Boss said.

24 Jurors' Names Drawn For Term Of Circuit Court

Twenty-four jurors were drawn Tuesday and Wednesday by County Clerk Charles Doerner and Sheriff Ira C. Byrd to fill the January term of the circuit court beginning Monday, Jan. 14.

Jurors to report at 9:30 a.m. Monday were: Emmett Belcher, Tiller; Kathleen Bailey, Reedport; Orin Ledgerwood, Myrtle Creek; Andrew Monson, Scottsburg; and Roseburg residents Rachel I. Bryant, 567 NE Casper St.; Reuben A. Stoltenberg, Rt. 4, Box 175; Eleanor Wait, 136 W. Elder St.; and A. J. Young, 616 SE Flint St.

Jurors to report at 9:30 a.m. Tuesday were: Robert Hanson, P. O. Box 404, Sutherlin; Maureen Johnson, Brockway; Mrs. Arlo Little, Azalea; Myrtle Musgrove and Orville Seance, Sutherlin; Nilda Wise, Yoncalla; and Roseburg residents Lena Aitkenbury, 1102 SE Douglas Ave.; Arthur R. Bennett, 1556 NW Fairmount Ave.; Robert B. Hallcraft, 1385 W. Umpqua Ave.; and Ross C. Lovelace, Rt. 1 Box 290, Roseburg.

Jurors drawn to report at 9:30 a.m. Wednesday were: Mrs. Paul Bernhart, Bowman Road, Reedport; Chester Davis, Sutherlin; Elmer E. Sunquist, Camas Valley; Ruby J. Hansen, 633 Barager Rd.; Roseburg; Elmer Anderson, 830 NW Garden Valley Blvd., Roseburg; and Dixie G. Suter, 1113 W. Pilger St., Roseburg.

Livestock Assn. Convenes Friday Here In KP Hall

Walter Welker, Roseburg, president of the Douglas County Livestock Assn., will preside over the annual meeting of the association in Roseburg Friday.

The meeting will start at 10 a.m. in the Knights of Pythias Hall, 638 SE Rose St. Five persons are scheduled to speak at the educational type meeting. Wayne Mosher, assistant county agent and secretary of the association, said.

Between 75 and 100 persons are expected to attend the convention. Business to be transacted will include the election of officers. Resolutions to be filed will be presented, vice president and secretary-treasurer. Several members will also be elected to serve on the organization's board of directors.

It will also be brought to the members' attention that the association's state-wide convention will be held in Roseburg next November.

New Angle Seen In Kidnap Case

LOS ANGELES — Undercover officers of the police intelligence squad went to work today on top secret information relating to Marie McDonald's 24-hour disappearance furnished by Dist. Atty. William B. McKesson.

The prosecutor said his information might involve four or five persons not previously connected with the case in "some sort of extortion plot." He declined to elaborate.

Police Chief William H. Parker said the new investigation by Capt. James Hamilton's intelligence squad would take some time.

"I am not prepared to say at this time whether this information will have any bearing on the McDonald case," he commented.

The intelligence squad is a hush-hush unit most of whose work is concerned with gathering and keeping up-to-date information on the identities, habits, foibles and, particularly, the whereabouts of known criminals.

McKesson obviously attached extraordinary importance to the information he said he obtained in a rendezvous Tuesday night with a businessman after a tip from another businessman friend.

Dairymen's Assn. Continues Meet

CORVALLIS — The Oregon Dairymen's Assn. continued its annual convention here Thursday after hearing speakers discuss industry promotion problems Wednesday.

George Hostetter, Redmond, association president, said Americans use 20 per cent less milk and milk products than they need for an adequate diet.

He told the dairymen that the United States is behind 12 other nations in per capita milk consumption, and added that this demonstrates the need for a better selling job by the industry.

Glen Lay, executive secretary of the Oregon Dairy Products Commission, said his agency will spend some \$100,000 this year promoting sale of dairy products. He said research has demonstrated that the Oregon consumer "gets more for his milk food dollar than many other areas."

Dr. A. O. Shaw, head of the Washington State College dairy department, urged dairymen to cull from their herds poor cows which "eat up the profits from the good ones."

Two Explosions Rock Govt. Research Lab

NEW YORK — A New York University laboratory building housing a secret government chemical research project was rocked by two explosions today.

No one was injured in the explosions or the fire which followed. Cause of the explosions was not immediately determined.

Deputy Fire Chief Edward Karsten said damage was "minor" in the one-story, concrete block and brick structure, at Fordham Landing Road and Terrace Avenue, the Bronx.

George Gerard, assistant director of the research department of NYU, later said no atomic material was involved.

Sorority Plans Annual Drive For Polio Funds

Coins will jingle Saturday when Alpha Theta Chapter of Beta Sigma Phi Sorority holds its annual milk bottle campaign for the March of Dimes drive, Mrs. Frank Dixon, chairman of the project, stated.

The event will be held in front of Miller's Dept. Store between 9 a.m. and 3 p.m. The organization will display milk bottles with the names of each state on them. Bottles with the names of Alaska, Canada and Mexico will also be displayed.

Persons will drop money in the bottles of states from which they come, Mrs. Dixon said. The sorority has been sponsoring the project for approximately six years. Last year about \$150 was collected, making it the largest amount of money collected in recent years.

Sorority members will make their appeal to pedestrians with a loudspeaker, which will be set up at the location. Between 15 to 20 women will take part in the collection drive, Mrs. Dixon said.

Last year a woman asked for a bottle representing the Canal Zone, Mrs. Dixon said. The Oregon bottles received the largest number of contributions, with Oklahoma second.

Old Creamery Building Here Being Renovated

The old Douglas County Creamery building on the corner of South-east Jackson Street and Douglas Avenue is being renovated for possible use as office space, a small store or apartments.

Maurice Newland, the owner of the property, said Wednesday that the exact future of the property is still in doubt as far as its use is concerned. He pointed out that the property's location in regard to the business district and courthouse would be advantageous to many businesses either as office space or as a store.

The upstairs, Newland said, can either be made into small apartments or into offices. He indicated that at present he is looking for persons interested in the space.

Workers at present are renovating the building, painting, and putting on a new roof, Newland stated.

Double Shift Forces Two Classes At Douglas High Into Combined Graduation

A combined graduation for the eighth and ninth grades at Douglas High School will be held next spring because the seventh and eighth and ninth grades at Douglas double shift at the schools. The school board made the decision Wednesday night.

William Bromley, Dillard school superintendent, said the school structure was changed last year to include the ninth grade in the junior high school, which holds classes at Douglas High. There was no eighth grade graduation last year.

But a shortage of classroom space forced the junior high into double shifts, making it necessary to temporarily continue to send ninth graders into senior high school.

Thus, this year's ninth-grade never has been graduated from junior high, so the double graduation ceremonies have been arranged.

The school board also authorized purchase of a chlorinator for the Lookingglass School water system. The well there ran dry last fall, and it has been necessary to transport water to fill the cistern used for water storage at the school. Purchase of the chlorinator is a sanitary precaution, Bromley said.

Two teacher resignations were accepted and two other teachers appointed. Mrs. Elizabeth Jackson and Mrs. Ruth McElend resigned. Appointed by the board were Mrs. Martha Wishart, formerly a first-grade teacher in the Roseburg schools, and Max Campbell, who will come here from Oklahoma. Both will teach at Dillard School.

Pythian Installation Set Here Tonight At 6:30

A formal installation of officers of the Knights of Pythias and the Pythian Sisters is scheduled tonight in the Roseburg Knights of Pythias Hall.

Activities of the evening will start with a potluck dinner at 6:30. Turkey and coffee will be furnished.

Nobel Prize Winning Chilean Poet Dies
HEMPSTEAD, N.Y. — Gabriela Mistral, 67, Chilean poetess who won the Nobel Prize in literature in 1954, died of cancer today in Hempstead General Hospital.

The poetess, who had shared a home in Roslyn, N.Y., with an American writer, Doris Dana, became seriously ill last October.

The first United States census was taken in 1790. It listed 3,929, 214 inhabitants.

25 HUNGARIANS ARRIVE
PORTLAND — Twenty-five more Hungarian refugees, who arrived by plane here Wednesday, are awaiting completion of arrangements for new homes throughout Oregon.

Two Santa Fe trains rammed head-on Wednesday night and one trainman was killed.

T. A. Carter of Roswell, engineer on the southbound train, was trapped in his burning locomotive cab.

The crash was near Delphous, N.M., 18 miles south of here.

Santa Fe officials said the southbound freight of 63 cars pulled into a siding to allow the northbound to pass, but failed to stop completely and rolled out onto the main line.

The northbound train of 99 cars rammed it head-on.
