

HEAD COP CAL—Mrs. Peter Gibson, 49, of Monroe, Mich., has taken over as president of the National Federation of Republican Women. A veteran of 20 years in Michigan politics, she was elected at the organization's convention in Chicago last September and was sworn in at the recent directors' meeting in Washington.

National Guard May Get Boost From Wilson

WASHINGTON (AP)—A congressional supporter of the National Guard said today he thinks it may get a boost from Secretary of Defense Wilson's remark about "draft dodging" in the Guard.

Wilson touched off a furor yesterday when he said it was "a sort of a scandal during the Korean War" that youths under 18½ could enlist in the Guard "and not be drafted to fight in Korea."

Maj. Gen. Ellard A. Wilson called the statement a "dam lie." Wilson, president of the National Guard Assn., told newsmen that many Guard units had served valiantly in Korea and that "not one of these young men was a draft dodger" since none was old enough for the draft when he enlisted.

The defense secretary said the National Guard now is not "a draft-dodging proposition." He was testifying before the House Armed Services Committee.

Rep. Charles E. Bennett (D-Fla.), a member of the committee, said he thinks the episode will help the Guard in its fight against a Pentagon order that all new Army guardsmen must take six months active duty training. The Guard, fearing that its recruiting will fall away, wants instead to train its men in shorter periods that can fit into school vacations.

Dulles Expected To Withstand Political Storm

WASHINGTON (AP)—Secretary of State Dulles is reported to have no intention of resigning despite mounting attacks by some congressional foes on his handling of foreign policy.

Associates said today he has been somewhat surprised and stung by the sudden fury of Democratic assaults on him the past week during Senate hearings on President Eisenhower's Middle East resolution, but is nevertheless confident he can weather the storm.

He believes he has Eisenhower's continued backing and confidence, they said, as well as that of top Republican leaders in Congress. Some of these already have spoken up in his defense.

Leading in the criticism have been Senators Fulbright (D-Ark.), Morse (D-Ore.) and Humphrey (D-Minn.).

Despite verbal battering, the secretary, who underwent a major cancer operation less than three months ago, has suffered no apparent physical ill effects. He believes he has enough stamina to continue to direct the nation's foreign policy.

Langley Opposes Use Of Wire Tap In Trial

PORTLAND (AP)—Dist. Atty. William Langley said in a motion filed in circuit court here Monday that if he is brought to trial on a charge of conspiring to permit gambling, wire recordings should not be used as evidence.

He said recordings played for the grand jury had been altered. Indictments charging Langley and two Seattle men—Joseph P. McLaughlin and Thomas Maloney—with this offense were dismissed last week because of a legal flaw. This case is to be re-submitted to next month's grand jury, however.

Wire recordings figured prominently in last summer's vice expose that resulted in some 30 indictments.

The Oregonian published transcripts of the recordings which the newspaper said were conversations between Langley and others.
