

Production Applications For Sheepmen Due April 30

Wool growers are reminded to get their applications for payment under the wool program filed in the Douglas County ASC Office, Room 214 County Courthouse, Roseburg, not later than April 30, if they want to get their incentive payment this year. The reminder comes from J. F. Bonebrake, chairman of the Douglas County ASC Committee.

According to the chairman, wool sales made after March 31, 1956, and before April 1, 1957, are eligible for payment this year provided the application for payment with the necessary supporting information is made before May 1, 1957.

The sales record (original not carbon) for shorn wool must show name and address of buyer, date of sale, name and address of producer, net weight of wool sold, and net proceeds to producer after normal deductions.

Those who market unshorn lambs must provide bill of sale with name and address of buyer, date of sale, name and address of seller, and number, net live weight of animals sold and must show that the animals had never been shorn at time of sale.

The original producer of lambs will be eligible for a payment based on the full live weight of the

animals at the time he sells them. Each subsequent owner of the lambs for 30 days will be eligible for a payment only on that portion of the weight produced during his ownership.

Each applicant will be required to make an accounting of the number of head and pounds of animals purchased and sold. His payment will be made on the pounds gained while he owned the lambs. Payments to producers who buy unshorn lambs and later shear them will be subject to a downward adjustment in any shorn wool incentive payment they apply for. The downward adjustment will be the

amount of the lambs payment that the previous owner was eligible to receive.
