

NCAA Slates Check On Code Violations

KANSAS CITY (AP) — The National Collegiate Athletic Assn.'s committee on infractions will open a 3-day meeting here Thursday to consider pending cases.

The committee is the investigative arm for the NCAA's enforcement program. It is responsible for checking charges of violations of the NCAA code governing subsidies for college athletes.

All cases before the committee are kept secret "to protect institutions during the period of inquiry since they may well be innocent," said Walter Byers, executive director of the NCAA.

Members of the committee are N.M. McKnight of Columbia University, George H. Young of the University of Wisconsin, A.D. Kirwan of the University of Kentucky, and Byers.

San Francisco Is Eligible For 3rd NCAA Title In Row

By THE ASSOCIATED PRESS

The University of San Francisco, NCAA basketball champions for the last two years, had a chance today to try for an unprecedented third straight as the last of the major college tournament contenders were joining the lineup.

San Francisco trimmed St. Mary's 62-41 last night to capture the California Basketball Assn. title, while St. Louis University and Lafayette joined the NCAA tournament field without firing a shot.

The Kansas Jayhawks also can qualify by defeating Kansas State tonight in a Big Seven battle at Manhattan, Kan. Should Kansas State pull an upset, Kansas still could clinch honors by beating Colorado Saturday.

Wichita handed the Missouri Valley Conference title to the St. Louis Billikens last night by downing second-place Bradley 99-91 on a 33-point scoring rampage by little Joe Stevens.

Lafayette was chosen by a Middle Atlantic Conference committee over Temple because of its better over-all record (23-3).

A short time later the National Invitation Tournament named

Temple (18-7) as the 10th team in the NIT scramble beginning March 16 at Madison Square Garden.

Yale can clinch a tie in the Ivy League by defeating Penn tonight and win the crown by defeating impotent Harvard Saturday.

Utah, runner-up to Brigham Young in the Skyline Conference, and Bradley appear favorites to fill the last two spots in the National Invitation, but Duquesne and St. Joseph's Pa. are still in the running.

HIGH PITCH—Gene Conley has no trouble getting his six-foot eight-inch frame over a foot in a Milwaukee gymnasium. The tall right-hander in condition for a full season's run would give the Braves a tremendous lift on the mound.

Milwaukee Pitcher Leaves Spring Camp

By THE ASSOCIATED PRESS

When Lew Burdette of the Milwaukee Braves and Gil Coan of the Detroit Tigers set a price on their services, man, they mean it.

Burdette, a 19-game winner for the Braves last season, has packed up his family, left camp at Bradenton, Fla., and today was vacationing with friends waiting for the club to make the next move.

Coan was even more emphatic. He has decided to ask Commissioner Ford Frick to place him on the voluntary retired list after failing to reach an agreement with the Tigers after being drafted from Minneapolis of the American Assn.

The Boston Red Sox, too, are having their troubles bringing outfielder Jim Piersall into the fold. But his case isn't quite so serious. He has reported to the Sox camp in Sarasota, Fla., and is in top shape.

Hurt Boxer Better

PORTLAND (AP) — The Portland Boxing Commission physician Tuesday reported improvement in the condition of Bruce Olson, a Kent, Wash., boxer critically injured in a fight here Saturday.

Dr. Clinton McGill said Olson is "still a sick boy" but is responding well to treatment.

Olson suffered a brain injury when knocked out in a bout with 7-foot-2-inch, 335-pound Ewart Potgieter Saturday night. Emergency surgery was performed Sunday.

Two More Bevos Sign

PORTLAND (AP) — Billy DeMars, an infielder purchased from Buffalo last month, Tuesday signed his 1957 baseball contract with the Portland Beavers.

PORTLAND (AP) — Ray Shore, relief pitcher who was credited with saving 14 games for the Portland Beavers last summer, although his record was 2-7, signed his 1957 contract.

Just think!—You don't have to change a tire along the road... not you, nor your wife, nor your children!

After a puncture or blowout a "tire within a tire" lets you drive in safety...at legal speeds...for 100 miles or more!

Another revolutionary new development by **GOODYEAR**!

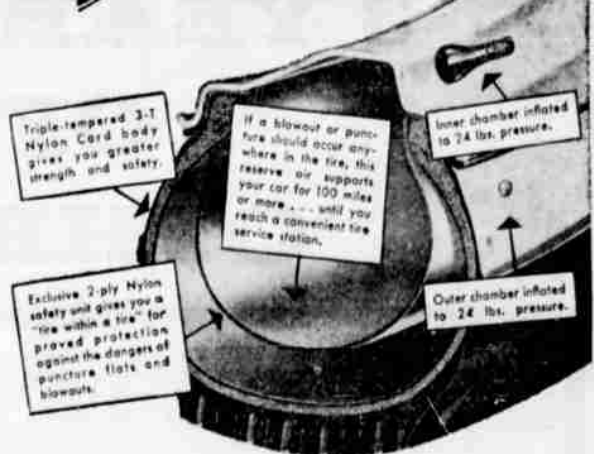

See in the demonstration test above how the new Captive-Air Safety Tire—slashed through with a knife—carried this car for 110 miles!

The car you see in the circle is coming off New York's Triborough Bridge—with a gaping hole in its right front tire. We cut a two-inch slash right through the side of that tire... but we know that both driver and car are safe. The reserve air in the inner chamber lets the car thread safely through heavy traffic without danger or delay. Fact is, that car rolled on for three hours — 110 miles at legal speeds — without further damage! Here's dramatic proof you no longer have to change a tire along the road!

NEW NYLON Captive-Air Safety Tire by GOODYEAR

The new Nylon Captive-Air Safety Tire—inspired by Goodyear's famous double-air-chamber LifeGuard—lets you ride safely and securely on two independent cushions of air. If the outer tire is cut, torn, or blown out, the reserve air in the inner tire supports your car. You can drive at legal speeds for 100 miles or more... without the danger of tire-changing in heavy traffic... without costly towing charges or road repairs.

This new tire also gives you the powerful, live-action traction of the new Twin-Grip tread, the brawn of 3-T Nylon Cord, and Grip-Seal construction for extra protection against punctures. We have only a limited supply! Be sure to see the Captive-Air Tire soon!

Only Goodyear has the Captive-Air... the Safety Tire with a built-in spare!
