

Western Europe Sheds No Tears Over Europe

LONDON (AP)—Western Europe's newspapers shed no tear Friday for Sen. Joseph R. McCarthy. The death of the Wisconsin senator renewed the dormant passions that once surged around his name.

British papers nearly all gave the story prominent front-page space and carried bitter editorials on "McCarthyism."

The reports in France were brief. But all papers referred to McCarthy as "The Witch Hunter."

The Communist Humanite declared the senator "was famous for his relentless use of the methods of the inquisition."

"Inquisition" also was used in London's conservative Daily Telegraph.

The pro-Communist Paris Liberation called the senator "the leader of frantic anti-communism and the grand master of witch hunting."

Austrian papers announced the death with such headlines as "Snooper Senator McCarthy Dies."

Doukhobor Freedom Sons Ask Soviet Government For Permission To Enter

VANCOUVER, B.C. (AP)—The Vancouver Province said Saturday that British Columbia's 2,500 Sons of Freedom Doukhobors have officially asked the Soviet government to allow the entire sect to relocate inside Russia.

The newspaper said: "This historic decision could complete a cycle of fury and despair in Canada that started 60 years ago when Doukhobors left Russia in a flight from persecution."

A copy of the Freedomites' official presentation to Soviet Ambassador to Canada Dmitri Chuvahin was given Province reporter Bruce Larsen, the account says. Details were supplied here by "reliable observers."

The Province continued: "It is claimed that the decision to desert B.C.'s Kootenay country for Russia was prompted by the forced detention of more than 100 Freedomite children in a special school at Denver, B.C., because their parents refused to send them to school."

However the actual move-to-Russia spark probably was kindled elsewhere, the paper said. Much credit should go to the Communist propaganda machine, the Province said. Its story added: "The pro-Communist newspaper, Vestnik, published in Russian language in Toronto, in recent weeks has lavished sympathy on the Freedomites who have children detained in a school in Denver. Soon the Freedomites were observing that 'perhaps only Communists are interested in getting our children back to us.'"

The Province says that on March 20, a lengthy Vestnik article "poured on the sympathy over the plight of children at New Denver. It also stressed the suggestion that the children be returned to their parents."

AEC Committee Approves Plan For Liability

WASHINGTON (AP)—The joint Senate-House Atomic Energy Committee has approved a proposal for government liability protection up to one-half billion dollars in case of a disaster at a commercial atomic power plant.

The committee tied to the indemnity bill two proposals stemming from the disputes some of its members have had with the Atomic Energy Commission about AEC's policies on information.

These amendments would establish the Reactor Safeguards Committee, an administrative body which looks into possible reactor hazards, as a legislatively-founded body and it would require that the committee's findings on safety factors at atomic plants be available to the public.

The liability measure is intended to remove what has been described to the committee as a major stumbling block for private interests interested in developing nuclear electric power plants—inability to obtain insurance against possible damage suits in case of a reactor accident.

The maximum private coverage available, witnesses testified, is 65 million dollars. The bill would authorize the government to supplement this amount up to a total of 500 million.

Navy To Move 6th Fleet Out Of Mediterranean

WASHINGTON (AP)—The Navy announced Friday that the major fighting ships of the 6th Fleet are moving out of the eastern Mediterranean where they were rushed during the Jordan crisis last week.

It said they are returning to the central Mediterranean area to take part in previously scheduled North Atlantic Treaty Organization naval exercises.

Amphibious elements of the fleet, including the reinforced Marine Corps Battalion of 1,800 men, will remain in the eastern Mediterranean with a number of escorting ships.

The giant carrier Forrestal, the battleship Wisconsin, and the heavy cruisers Salem and Des Moines are the principal warships now steaming westward to take part in exercise "Green Pivot," a phase of general exercises involving naval forces and ships of most of the maritime powers of NATO.

The decision to pull the big ships out of the eastern Mediterranean for the NATO exercises plainly indicated an easing of the tension that the situation involving Jordan and her neighbors has eased.
