

Governor Vetoes 7 Measures, Signs Remaining Bills

SALEM — Gov. Holmes cleared his desk Thursday of the bills passed by the Legislature. He signed 727 bills and vetoed seven, four of the vetoes coming only a few minutes before the deadline for acting on legislation. The total number of bills signed is the second largest on record, being 46 fewer than were signed in 1955. The governor vetoed these bills Thursday: SB172—Authorizing the use of trust deeds. SB470—Creating a bureau of identification and investigation in the State Police department. HB382—Requiring county assessors to select their appraisers from lists approved by the state Tax and Civil Service Commission. HB811—Taxing house trailers at 2 per cent of their market value. The governor signed these bills just before the deadline: HB12—Removes "violent and external means" as a requirement for compensating accidents under the industrial accident law. HB495—Requires milk distributors to keep records as to where their milk is sold. HB530—Lets counties issue general purpose bonds up to 2 per cent of true cash value. This would become law only if the voters approve a constitutional amendment next year to authorize such bonds. HB567—Creates a state board to license and regulate auctioneers. HB594—Provides state aid for junior colleges operated by school districts. HB646 and 647—Expands civil rights law by making it illegal to discriminate because of race or religion in any place serving the public, or in the sale or rental of publicly-financed housing. HB826—Authorizes construction of new state office buildings by using state trust funds.

Tranquilizing Drugs Success

Greater hospital freedom, more participation in activities, and less need for shock treatment of mental patients have resulted from the introduction of tranquilizing drugs at the Veterans Administration Hospital, according to Dr. R. G. St. Pierre, manager. Use of electroshock treatments has been reduced by 92 percent and use of neutral packs and tubs has been eliminated since 1955. Approximately 90 per cent of the patients are on some form of tranquilizing drug. Trial visits away from the hospital have increased 21 per cent and privilege patients have increased 45 per cent. Almost all patients can be granted greater hospital freedom, which makes a therapeutically significant change in the atmosphere of the wards, according to Dr. St. Pierre.

Jessie Roberts Taken By Death

Mrs. Jessie M. Roberts, 77, well-known resident of Roseburg, died Monday following a prolonged illness. She was born Feb. 16, 1880. Her husband, William Roberts, preceded her in death about 30 years ago. Surviving are a son, James Lloyd Roberts, Crescent City, Calif., and three grandchildren. Her body has been removed to the Long & Orr Mortuary and funeral arrangements will be announced later.

Days Creek Resident Dies Thursday In Salem

Arthur William Wilson, of Days Creek, died in Salem Thursday morning. He was born in Days Creek Jan. 6, 1901, and has lived there all his life working as a farmer. He is survived by two brothers, John and Bud, both of Days Creek. Funeral services will be at 2 p.m. Monday in the chapel of Ganz Mortuary, Myrtle Creek. Interment will follow at the IOOF cemetery at Canyonville.

Rodeo Dressup Week Set To Start Monday

Announced Saturday morning, June 22, rodeo tickets will be presented at that time. The judging will be conducted by a group of persons from outside Douglas County who are indirectly connected with the rodeo. Rodeo week reaches its climax Saturday with the Rodeo Parade in downtown Roseburg, starting at 1 p.m., the first rodeo show Saturday at 4 at the County Fairgrounds, the Rodeo Dance Saturday evening at 9 at the fairgrounds pavilion and the Sunday rodeo at 1 p.m. Dance music will be provided by television and radio stars Little Jimmy Dickens and His Country Boys. The entire program will be presided over by Queen Judy Strode and princesses Nancy Dorman and Judy Ott.

BURGLARY REPORTED

Mrs. W. H. Earl, Cottage Grove, complained to the sheriff's office Thursday that her cabin at Ada Station on the east arm of Siltcoos Lake had been broken into and fishing equipment worth \$125 stolen.

GASOLINE STOLEN

Norman Hunt, terminal manager here for West Coast Airlines, told Roseburg police Thursday that a gasoline had been stolen from the tank of Gordon Carlson's car while it was parked overnight at the airport.

Governor Names Circuit Judges Of New Districts

SALEM — Gov. Holmes Friday appointed three new circuit judges provided by the 1957 Legislature to serve Lincoln County in the Benton-Linn-Lincoln District. All three are Democrats and are: Edward C. Kelly, 53, Medford lawyer, to be the third judge in the Jackson-Josephine County District. Robert C. Belloni, 38, Myrtle Point attorney, to be the second judge in the newly created Coos County District. Richard Anderson, 34, Newport, takes office immediately. Gov. Holmes signed the bill Thursday to create the new judgeships. Kelly was graduated from the University of Oregon Law School in 1927 and began practice in Medford immediately afterward. He served as state representative from Jackson County, was regional counsel for the federal Public Works Administration, and counsel for the Bonneville Power Administration. He was a judge in Allied Military Government in Europe during the war. Belloni, who is mayor of Myrtle Point, also is a graduate of the University of Oregon Law School in 1931. He is chairman of the Coos County Democratic Central Committee. He is a native of Coos County. Anderson received his law degree from Northwestern College of Law in 1930, and practiced in Portland until 1953 when he opened his law office in Newport. He worked his way through law school by doing news reporting, and covered the 1949 and 1951 legislative sessions for the United Press.

Effort To Limit Right Of President Fails

put it over, they might have better prospects for the bigger slash. The Senate leadership of both parties remained outwardly confident of keeping the sums in the bill substantially intact. Democratic Leader Lyndon B. Johnson (D-Tex.) predicted final action by nightfall. Sen. Jenner (R-Ind.) attacked the whole program as a device to "waste more and more millions on nations that care nothing for us and little about blocking the Communist onslaught." Jenner said the United States "is mortgaged to the hilt," and added: "The debt of the United States is more than double the combined debt of 12 European nations which we are helping. If we cannot reduce our debt now, how will we finance another war?" Revisions in the foreign aid program, he said, open the way "to the gradual shift of our foreign aid from military assistance for anti-Communist nations to economic aid to the neutrals in the cold war." But Sen. Neuberger (D-Ore.), taking a position at variance from that of his colleague, Sen. Morse (D-Ore.), lined up firmly in support of the bill. Neuberger questioned what he described as "concentrated attacks against mutual security with money while accepting a policy of committing our soldiers, sailors and airmen to remote and distant bases." "If leaders of our nation are willing to stake their reputations on the efficacy of foreign aid, I am not going to eliminate that aid and commit some young American to military duty in a distant land where our President or Secretary of State contend that aid may be necessary," Neuberger said.

Reduced School Budget Slated For Vote Here

basic school support fund because the Legislature raised state aid from \$80 to \$85 per census child. Property Tax Offset. That money will be used as a property tax offset, it has been reported. The effect will be to decrease the total tax levy. While estimated receipts and levies have been cut, district revenues are expected to be larger by \$11,000, excluding the extra state school support forthcoming. In 1956-57, the district raised an estimated \$1,058,789.90 in receipts. Next year, it's estimated that \$1,069,163.45 will be raised. The decrease in expenditures has been made possible by withholding capital outlay, some repairs and other items from the school budget. Supt. M. C. Deller said the proposed budget provides for the same education program as before. Lower Capital Outlay. The schedule for capital outlay calls for a reduction of \$60,000. The total on the new budget is \$28,287.99, compared to \$98,268.88 last year. Most of the decrease has been made in the reduced purchase of furniture, fixtures and other equipment. Cost of instruction, though, will be up from \$1,318,420.19 to \$1,376,908.36 because of the hiring of additional teachers to handle the increased enrollment and the stabilizing of the principals' salary schedule by the school board. The sum for maintenance and repairs has been sliced from \$96,628.79 to \$87,373.07. The outlay for operation of the plant — 16 schools in the district — is up about \$8,000 because of the addition of the new Eastwood School and six new classrooms at Hucrest School. Both will be ready for classes next fall. All other schedules in the budget will remain about the same. However, the school lunch program has been included as a separate schedule in the published budget, altering the estimated expenditures for auxiliary services. But the total of the lunch and services schedule remain approximately the same. Publication of a special lunch schedule was made to show the public the operation of the lunch program. Voting will be 2 to 8 p.m. Monday at the following polling places: Precinct 1: Central Junior High School for legal voters of Umpqua, Benson, Lane, Deer Creek, East Mill and West Mill election precincts. Precinct 2: Senior High School for Brown, North Brown, Fairhaven, Laurelwood, West Roseburg, Wharton, Park and Orchard precincts. Precinct 3: Riverside School for Edenbow, East No. 1, Edenbow, East No. 2, Edenbow, West No. 1, Edenbow and Newton Creek precincts. Precinct 4: Rose School for Hamilton, Woodward, Caro, Hermann, Roseburg and Miller precincts and that part of Parrott precinct lying north of the junction of old Highway 99 and the new highway. Precinct 5: Melrose School for Melrose precinct. Precinct 6: Green School for Green and West Green precincts and that part of Parrott lying south of the junction of old Highway 99 and the new highway. Precinct 7: Winchester School for Wilbur and Winchester precincts. Precinct 8: Riversdale school for Garden Valley and Edenbow West No. 3 precincts.

French Charge New Massacre

ALGIERS — The French Friday charged their forces killed 180 Nationalist rebels during the past 24 hours. They said 10 of their own soldiers were killed or wounded. Clashes with the rebels appeared to be sharpest west of Algiers, which itself was calm. The French laid a new massacre — of 35 Arab men — to the rebel National Liberation Front. The French also attributed the massacre of 303 Algerians in the Melouza area last month to the FLN. A French communiqué said the second massacre occurred May 30 in the Wagram area of western Algeria. It gave this account: Thirty FLN rebels, armed with machine guns and rifles, "assembled the male adults from the sections of Ouled Zebouki, Ouled Benkoba and Ouled Bouhalia and massacred them in two rooms of a farm." Twenty-seven were killed and 16 wounded. Later, eight men were killed and four wounded in Douar Ouled Faide, about nine miles to the south.

Russia Proposes Moratorium On Nuclear Tests

LONDON — The Soviet Union Friday proposed a two or three year moratorium on nuclear tests with international inspectors at key points to prevent cheating. The Soviet proposal was made when the five-power subcommittee of the United Nations Disarmament Commission resumed sessions here Friday after a fortnight's recess. Soviet delegate Valerian Zorin said Russia's new proposal envisaged: 1. All tests of nuclear weapons to be halted for two or three years. 2. Creation of an international commission to insure observance of the moratorium. 3. Establishment of control posts in the United States, the Soviet Union, Britain and the Pacific area to insure fair play by the three nuclear powers. Harold E. Stassen, said earlier the big powers were near a first-step disarmament agreement that at any time since World War II.

Atlas Rocket Called Success

ORLANDO, Fla. — The intercontinental Atlas proved itself a success except for one relatively minor defect, the Orlando Sentinel said Friday. The military remained silent. The newspaper said it learned from reliable sources that the failure of one of the Atlas' two rocket engines caused its control crew to destroy the big missile intentionally soon after it shot aloft from a launching pad Tuesday at Cape Canaveral, Fla. Observers saw the missile rise nearly two miles, then dip, right itself, dip again and explode. The Sentinel said it was possible the dip resulted from imbalance created by failure of one engine. The two liquid fuel rocket engines were built by the Rocketdyne Division of North American Aviation Co., with a designed thrust of 100,000 pounds. Convair Corp. of San Diego, Calif., is prime contractor for the Atlas. The Atlas' power on paper would carry it 5,000 miles, fast enough to take a hydrogen head to Moscow in 20 minutes. Its mechanism is also under study for use in a project to photograph the moon's dark side from relatively close-up.

Judge Revokes Probation For Jackie Blansett

Jackie Blansett, 20-year-old Roseburg resident, was brought into circuit court here this morning and had his probation revoked. His state prison sentence will be reinstated. Blansett was placed on probation Dec. 28, 1956 after receiving a one-year term in prison for obtaining money by false pretenses. The sentence was meted out by Judge Carl E. Wimberly who ordered probation revoked. Blansett had been held in the county jail on two felony charges — larceny by conditional vendee and obtaining money by false pretenses. In addition to this, according to Bert Burgoyne, deputy district attorney, he had failed to notify the parole officer of moves from his place of residence and had not made regular reports. Judge Wimberly received the answer, "No, sir," when he asked Blansett if there was any reason his probation should not be revoked.

Two BLM Employees Go To Alaska Fires

Two members of the Roseburg Bureau of Land Management district office, Harold Lynd and Richard Thompson, have been called to the scene of serious forest fire in Western Alaska. The two, Harold Lynd and Richard Thompson, explained Thursday for Anchorage and will serve in supervisory positions in fighting the blaze. The fire is on BLM land in the western portion of the territory and is said to be destroying much valuable moose range, according to Merle Winn, local district forester for BLM.

Rain Hampers Logging On Steamboat, Little R.

Rain has hampered logging operations in the Steamboat and Little River areas this week, reports correspondent Mrs. Arthur Selby of Glide. Heavy rains kept loggers out of the two areas Wednesday, Thursday and today. Most of the summer shows in the area have dirt roads. The Forest Service reported that 75 of an inch of rain had fallen in the Steamboat area during the last 24 hours.

Maybell S. Billings Passes Away At Eugene

Maybell Sylvia Billings, 51, of Yoncalla, died at a Eugene hospital Wednesday evening. She was born at Millington, Mich., June 7, 1906, and was married on June 3, 1924, to Hal Billings. They came to Yoncalla in 1930, and in 1944 they purchased a ranch in that area where they had resided ever since. Billings preceded her death in May 1955. Survivors include three daughters, Mrs. Joyce Hoagland of Yoncalla, Mrs. Jean Thompson of Oakland and Mrs. Joann Freeman of Alturas, Calif.; two brothers, Ray Lamb of San Diego, Calif., and Curtis Lamb of Phoenix, Arizona; three sisters, Erna Van Order of Ithaca, N.Y., Joyce Oviatt of Flint, Mich., and Ireltha Parks of Arcata, Calif. Other survivors include six grandchildren. Funeral services will be held Sunday at 2 p.m. at the Yoncalla Methodist Church with the Rev. Austin McGhee of the church officiating. Vault interment will follow at the Masonic Cemetery at Yoncalla. Stearns and Little Mortuary are in care of arrangements.

Myrtle Creek Man Found Dead

Carl Jack Keeling, 38, of Myrtle Creek was found dead at 7:30 a.m. today at the home of friends, Mr. and Mrs. William Hocken, of Briggs Acres, Myrtle Creek. He had died about 4 a.m., apparently of suffocation, according to Deputy Coroner Robert Ganz. He was found face down on a couch at the Hocken home, where he had spent last night and Thursday. Bleeding from a minor injury to his nose suffered Thursday night may have contributed to the suffocation according to the coroner. Keeling was also suffering from bronchial asthma. He is survived by his wife, Sibyl, one daughter, Terry, and two sons by a previous marriage.

Nehru To Visit Nasser To Patch Up Troubles

NEW DELHI — Prime Minister Nehru left by plane today for Syria, en route to the British Commonwealth Prime Ministers' Conference in London. On his way home Nehru will stop in Cairo to see Egyptian President Nasser. Informed diplomats in London said the Indian Premier is trying to patch up Britain's broken relations with Syria and Egypt. The diplomats said Nehru was acting on his own initiative but with British knowledge. He reportedly plans to seek a step-by-step normalization of relations beginning with resumption of trading, banking and other financial dealings.

FESTIVAL ON KPIC

Television Station KPIC of Roseburg will carry the Rose Festival Parade from Portland, Saturday, starting at 9 a.m. The program will be fed to the local station from KOIN-TV, Portland, and will be seen in place of regularly scheduled Major League game of the day.

THE BRIDE'S MAID IS A HOOVER

No more back-breaking toil with a Hoover! Model 63 Deluxe. Limited Time Only \$89.95. Has Hoover's famous cleaning action... it beats as it sweeps as it cleans, on a cushion of air. Cleaning Tools make it the best 2-in-1 cleaning combination money can buy. At this tremendous saving they won't last long, so stop in now and order your de luxe Hoover.

Water Safety Instructor Class To Start Tuesday

A water safety instructors' course will be held daily for two weeks at the Roseburg City Swimming Pool starting next Tuesday at 11 a.m. It is open to all persons 18 years of age or over and anyone possessing a senior lifesaving certificate. Dan Jacklin, pool manager, will be instructor and supervisor. The course will be conducted in two halves. The first half will be conducted under local supervision, taking about 12 to 15 hours to complete. An instructor from Eugene, Bob Seward, will conduct the second half of the course, comprising about 15 hours, beginning July 22. The program is being conducted in conjunction with the great need for swimming instructors to carry out the water safety program in Douglas County.

Firemen Answer Calls To Three Flue Fires

Three flue fires sprang up in the cooler weather today and Thursday causing only minor damage. Roseburg firemen answered a call today at 10:30 a.m. to the home of Merle Fitzgerald, 1847 NE Klamath St. Thursday afternoon a flue fire was handled by firemen at 257 W. Hazel, the home of Max Dick. Some smoke damage resulted from a small fire Thursday at the home of Mrs. W. A. Pearce, Box 215 SE Douglas. The Roseburg Rural Fire Department answered the alarm.

Rain Hampers Logging On Steamboat, Little R.

Rain has hampered logging operations in the Steamboat and Little River areas this week, reports correspondent Mrs. Arthur Selby of Glide. Three flue fires sprang up in the cooler weather today and Thursday causing only minor damage. Roseburg firemen answered a call today at 10:30 a.m. to the home of Merle Fitzgerald, 1847 NE Klamath St. Thursday afternoon a flue fire was handled by firemen at 257 W. Hazel, the home of Max Dick. Some smoke damage resulted from a small fire Thursday at the home of Mrs. W. A. Pearce, Box 215 SE Douglas. The Roseburg Rural Fire Department answered the alarm.

Rain Hampers Logging On Steamboat, Little R.

Rain has hampered logging operations in the Steamboat and Little River areas this week, reports correspondent Mrs. Arthur Selby of Glide. Heavy rains kept loggers out of the two areas Wednesday, Thursday and today. Most of the summer shows in the area have dirt roads. The Forest Service reported that 75 of an inch of rain had fallen in the Steamboat area during the last 24 hours.

Rainy Weather Greets Festival; Parade Big Event

PORTLAND — The annual Junior Rose Festival parade was held in rainy Portland Friday, a forerunner of the main floral parade scheduled to pass through the city streets Saturday. Forty-six floats, in addition to bands, marching groups and a sheriff's posse are scheduled to take part in the Saturday parade. Nine Navy ships were tied up along the harbor wall in the center of the city, open for inspection of festival visitors. The Navy will make a further contribution to the festival Saturday and Sunday as the precision Blue Angels, a quartet of jet pilots, put on performances. Changeable weather bothered festival performers. There was bright sunshine for the annual wheelchair parade at the Veterans Administration Hospital Thursday morning. Gilbert Gellman of Hermiston, Ore., won the award for the best-decorated wheelchair. But it rained hard at night for the entertainment show in Multnomah Stadium. The parade Saturday is expected to draw a number of out-of-town personalities, including Dixie Jo Thompson, queen of the Seattle Seafair; Jerry Goehan, president of the Tacoma Daffodil Festival Assn., and from Salem, Gov. Robert Holmes of Oregon and a marching group of the Salem Cherrians.

GUARDSMAN KILLED

OLYMPIA — Hershell Green, 18-year-old Portland National Guardsman, died of injuries suffered Thursday morning when he was thrown from a jeep on the Tenino-Rainier Highway southeast of here.

BLAST DELAYED

ATOMIC TEST SITE, Nev. — The fourth nuclear blast of the current test season, set for Friday morning, was postponed 24 hours because of unfavorable winds
