The business-like building for business-like farmers

Low cost; permanent construction; easy, fast erection; unobstructed floor and storage space—these are some of the reasons why the arch top Timberib buildings are seen so often on America's finest farms.

The Timberib is a one-piece curved rafter that extends continuously from floor to ridge. It is formed of kiln dried lumber "wedged" together with permanent waterproof glue. Rafters are... Pre-cut, need no further cutting, fitting. Simpler and stronger than old-fashioned framing.

Quickly erected with regular farm help. Available in standard widths from 24 to 60 feet, lengths as desired.

If you are contemplating a loading barn, milking parlor, implement shed, granary or utility building, ask us for complete information on Timberib buildings. No obligation, of course.

WHY re-enlist in the small-car army?

READ THIS STARTLING FACT

5 out of 10 Smaller Cars wear a Pontiac Price Tag —yet none gives you Any of Pontiac's Advantages

PONTIAC GIVES YOU UP TO 8.9% MORE SOLID CAR PER DOLLAR!

Not one of the smaller cars can give you the heavy-duty construction, the road-hugging heft and solid security that surround you in every Pontiac. Yet Pontiac's the nimblest heavyweight you ever managed—and your Pontiac dealer can show you more than six dozen advanced-engineering reasons why! Pontiac has gone all out to make this genuine big car the best behaved beauty that you ever had the pleasure of driving. You'll find Pontiac's exclusive Precision-Touch Controls make steering and braking the sunniest, easiest you've ever experienced! Park it, cruise it, try it in stop-and-go traffic... this is driving the smaller jobs can't duplicate.

PONTIAC GIVES YOU 4 TO 7 INCHES MORE WHEELBASE!

The small cars extend bumpers and fenders to look big—but Pontiac puts the extra length where it counts—between the wheels! Pontiac's longer stride brackets the bumps instead of riding on them. And this extra length shows up inside, too, in stretch-out space for six frosters. Add to Pontiac's bonus in length its all-new suspension system and you have an exclusive Level-Line Ride no car at any price can surpass... and a built-in sense of direction and security that will spoil you for the smaller cars forever!

PONTIAC'S PERFORMANCE TOPS THE BEST THE SMALL CARS CAN OFFER—BY A WIDE MARGIN!

Not one of the smaller cars can measure up to Pontiac Performance. Whether you judge a power plant by engineering statistics or on-the-road performance, Pontiac's Strato-Streak V-8 stands head and shoulders above anything in the low-price field. Your Pontiac dealer will be happy to show you a complete facts-and-figures comparison—then an eye-opening test drive in traffic or out on the highway will supply all the heart-lifting proof you need that Pontiac has separated the men from the boys when it comes to performance!

—AND PONTIAC HAS ALWAYS BEEN FAMOUS AS ONE OF AMERICA'S TOP TRADE-INS!

Maybe it comes as a surprise to you that so much more car can be yours at the same price you've seen on the smaller cars. But there's the fact! And Pontiac is a wonderful investment, too! As you know, it has always commanded a top trade-in. So why not step out of the small-car class and into a Pontiac... there's nothing in your way. Your Pontiac dealer has the keys and an eye-opening offer waiting for you right now!

So why not look and feel like a million—instead of a million others?
