LOTUS KNIGHT PORTER

SATURDAY, JUNE 22, 1957

—The News-Review, Roseburg, Ore. 5

A NUMBER OF interesting vacation trips have been planned by residents from Douglas County. One of the most interesting of the trips is being enjoyed by William H. Bailey and his son, Charles Olcott Bailey, top left picture, who have gone to Africa to hunt rhinoceros, lions and elephants in the Nairobi and Kenya countries. They left here May 24 and took the Scandinavian Polar route by plane for Greenland, Copenhagen, Athens, Rome and then to Cairo and Nairobi. They plan to return here the middle of July.

MR. AND MRS. ORVAL FLEENOR, lower left, plan to leave soon by automobile and house trailer for New York, where they will, board the SS Gripsholm, Swedish American Line, for a trip to Sweden. This will be Mr. Fleenor's first trip to Sweden and it will be Mrs. Fleenor's first trip back in 31 years. She will visit her seven sisters and four brothers in the area north of Stockholm. The Fleenors have resided in the Green area, but will move to their newly-purchased home on Shenandoah upon their return home in September. Mr. Fleenor is with the Green Valley Lumber Co.

LEAVING Roseburg following the closing of the Glide High School, where they are teachers, were Mrs. Joyce Hedeon, Wesley Hedeon, George Scott and Donald Brand, lower right, who left by automobile for the East coast, where they will leave for Europe to spend two months vacationing. They plan to tour a number of European countries by car.

MRS. LULA GORRELL, top right, former Douglas County School Superintendent from 1941-49, left recently by plane for St. Thomas, Virgin Islands, to be with her daughter, Miss Helen Gorrell, who owns a store there. Mrs. Gorrell stopped first in Canoga Park, Calif. to visit her nephew, Roland Craig, and family, and also enjoyed a stay in Fresno with her son-in-law, N. L. Ashby, and his son, Tommy, prior to taking the plane for St. Thomas. Prior to leaving, Mrs. Gorrell was honored at a tea given by Mrs. Reba Hartley, and at affairs given by Mrs. Alvina Wetherell and members of Omicron Chapter, Beta Kappa Gamma, of which she is a charter member.
