Pitching, the asset that made Milwaukee and Brooklyn heavy pennant favorites in springtime, now has begun to edge the Braves and Dodgers ahead of the pack in that simmering National League race.

Since the All-Star Game break, the Braves have belted back into the lead by winning 10 to 14, and they've received six complete games in the rally. The Dodgers, winning 11 of 13 in that same span, have had only two complete games

from their staff, but have had the depth to provide a winning bullpen.

Pitching was the highlight again last night, with Bob Buhl trimming Philadelphia's failing Phils 1-0 on a two-hitter to retain the Braves one-game lead over Brooklyn. Johnny Podres five-hit St. Louis in a 1-0 Dodger victory that dropped the third-place Cards 2 1/2 games back.

It was a good day for pitching all around, Pittsburgh's Vern Law worked through 14 1/3 innings as the Pirates defeated fourth-place Cincinnati 6-3 in 15; and last-place Chicago beat the New York Giants 4-9 as Dick Drott spiced a four-hitter with 14 strikeouts.

Yanks Budge

In the American League, New York's Yankees built a 5 1/2-game lead with a 10-6 job on Chicago's second-place White Sox as Mickey Mantle became the first AL slugger to hit for the cycle-home run, triple, double and single — since 1932.

Boston defeated Kansas City 1-0, and Detroit beat Baltimore 5-2. Buhl, a 27-year-old right-hander, gained an 11-6 record. He struck out six, walked four and permitted only an infield roller by Harry Anderson in the fourth and a sixth-inning single by Ed Bouchee. The Braves made it on Del Crandall's single and Johnny Logan's triple in the second off Curt Simmons, who went all the way.

Podres Hurts

The Dodgers managed only three

hits, all off Sam Jones. Singles by Gil Hodges and Rube Walker sandwiched two walks to get the run across the second inning.

Podres, a 24-year-old southpaw, scored his fifth shutout of the season for an 8-3 record. He walked only one, fanned three and got Stan Musial on an inning-ending double-play ball with runners on third and first in the sixth.

Bob Skinner, who hit two home runs, got the Pirates started in the three-run 15th with a single, moving up on an error by losing reliever Brooks Lawrence and scoring the winning run on Dick Groat's single. George Crowe's 25th homer made it 2-all in the ninth.

Mantle Homers

Drott, a 21-year-old right-hander, just missed the season strike out high of 15 he set against Milwaukee, but walked only one for his ninth victory and third shutout.

Mantle hit a three-run triple to win it for the Yankees in a five-run seventh. He also hit a 465-foot homer, his 26th. Art Ditmar was the winner in relief, Jack Harshman lost his fifth.

Frank Sullivan managed to shut out the A's despite a 10-hitter for a 9-0 record. Virgil Trucks lost it, with the Red Sox scoring in the fourth on an error and singles by Jackie Jensen and Billy Connelo. Billy Hoelt, one of last season's 20-game winners, made it 3-5 for 1957 with his second decision over the Birds.

Mantle's Home Run Blow Measured

NEW YORK — They're pulling out the tape measure again for Mickey Mantle.

The ceremonies will take place sometime today before the game between the New York Yankees and Chicago White Sox.

Mantle came within two rows of walloping the ball out of the deepest center field portion of the stadium last night.

The estimated 465-foot home run highlighted the Yankees' 10-6 triumph over the White Sox. Mickey got three other hits, a single, double and bases-loaded triple to become the first American League slugger since 1932 to hit for the cycle.

His 26th homer of the season came in the third inning while the switch-hitting slugger was batting left-handed against right-hander Bob Keegan.

The ball landed in the next-to-the-last row of the center field bleachers, some 25 rows deep to compare favorably with some of the other titanic home runs Mickey has hit in his 6 1/2 years with

the Yankees.

"It was one of the hardest balls I've hit left-handed," acknowledged Mantle, who believes he has more power batting right-handed. "I wouldn't say, though, that it was the hardest ball I ever hit."

They might as well have rung the curtain down after the fourth inning in the Northwest League's three games Tuesday night. All the scoring was crammed into those early frames.

The two-team battle for first place remained unchanged as the front-running Wenatchee Chiefs stretched their winning streak to five games and the challenging Eugene Emeralds kept pace 1 1/2 games behind.

Wenatchee, taking to the road, won its series opener at Salem, 3-1, on the three-hit pitching of Pete Carrillo. Eugene, starting a home stand, came through with a carbon-copy 3-1 win over Lewiston.

At the bottom of the pile, Yakima and Tri-City swapped places again as the Bears nosed out the Braves, 4-3. This dropped Tri-City into the cellar and moved Yakima into fifth place.

Group Recommends Government Build Nuclear Reactors

WASHINGTON — A Senate House Atomic Energy subcommittee Tuesday recommended that the government itself handle construction of five nuclear reactors for cooperative and public power plants.

Subcommittee Chairman Hollifield (D-Calif.) said a measure approved in closed session would reject what he called "the fictitious type of third party operation" favored by the Atomic Energy Commission (AEC).

The proposal reportedly was written into an AEC construction bill by a 4-3 party vote, with the Democrats prevailing.

The bill would authorize among others:

A 40-million-dollar natural uranium reactor at Arco, Idaho.

Fifteen million dollars for a plutonium recycling plant to convert nuclear fuel for industrial uses

Hatfield Denies Desire To Run For Governor

SALEM — Secretary of State Mark Hatfield, frequently mentioned as an aspirant for governor in 1958, or U.S. senator in 1960, was quoted Tuesday as having no such plans.

An editorial in the Capital Journal quoted Hatfield as saying that "I have no political ambitions for 1958, or 1960."

The secretary, a Republican, was elected last fall. He is 35.

Gov. Robert Holmes is serving a short term, which resulted from the death of Gov. Paul Patterson. It expires in 1958. Sen. Richard Neuberger's six-year term ends in 1960.

Three millions for an engineering study of a large-scale plutonium producing plant, probably at Hanford. Democrats originally had sought a 95-million-dollar dual purpose plant of this type.

It also was understood to authorize a total of nearly 400 million dollars for construction, research and related AEC functions.
