

Eight Boys Seized After Trying To Wreck Train

LINCOLN, Ill. (AP) — Eight boys were seized here after, police said, they threw open a railroad switch so they could "see a train turn over."

Their target, an Illinois Central freight train, chugged to a halt just in time as an alert engineer spotted the open switch. The engineer, who police did not identify, said the train would have been derailed if it had run into the open switch.

Westerners are sweet on Spreckels Granulated Sugar...

...cause it looks so pretty in the brand-new, bright new Spreckels Sugar bag! And it's extra-thrifty in the 2, 5, 10 and 25-pound bags!

PAPAL BLESSING — Pope Pius XII blesses Richard Skelton, 9, son of comedian Red Skelton in a private audience at the Vatican in Rome. The boy, dying of leukemia, is on a world trip with his family.

Unander Proposes Holmes Call Special Session

SALEM (AP) — State Treasurer Sig Unander suggested Tuesday that Gov. Holmes call a special session of the Legislature to "give some relief to the taxpayers."

Unander, bringing up the subject at a Board of Control meeting, pointed out that the general fund surplus was 48 million dollars at the end of the two-year budget period on July 1. This was 18 millions more than the Legislature expected.

Unander said that the Legislature might give taxpayers a rebate of about 20 millions.

Gov. Holmes replied that the suggestion "is worthy of exploration."

Unander is being mentioned as a Republican candidate for governor next year against Democratic Gov. Holmes.

Alpine Climbers Bring Bodies Out Of Mountains

TRENTO, Italy (AP) — Italian alpine rescue teams struggled slowly down the rugged face of the Fradusta Peaks Wednesday with the bodies of 11 U. S. Navy airmen killed when their twin-engine plane plowed into the mountain-side last Friday.

The U. S. Navy at Naples listed the 11 as:

Lts. Nikolas A. Vassalotti, Morton C. Lyle, and John A. Rolfe; Comdr. Robert M. Sherman; Charles W. Havverbeck, Richard C. Gramma, George Y. Taylor, Leo R. Gillen, Bennie W. Maycheck, William J. Vogel and Harry Duffield. No hometown addresses were released.

The Navy said they were all from Patrol Squadron 934, based at Willow Grove, Pa. They were listed as missing, but not yet as dead, pending definite identification.

The plane, a general-service Neptune PV2, crashed into the bleak mountainside Friday at the end of a 1,400-mile flight from Casablanca to Treviso, Italy.

The plane had arrived on schedule within sight of the Treviso airfield when suddenly it broke radio contact and disappeared.

During the subsequent search, a sister PV2 crashed in the mountains near Turin, killing nine of the ten men aboard.

Klamath Falls Youths Held For Burglaries

KLAMATH FALLS (AP) — A wide assortment of recent Klamath Falls area burglaries and vandalism acts have been cleared up with the arrest of seven Klamath Falls youths ranging from 15 to 17 years of age.

Juvenile officials and the district attorney's office said they were investigating the possibility that an adult was involved in the theft ring.

Klamath County Juvenile Officer Francis Matthews said approximately \$1,000 worth of merchandise was recovered. The loot includes outboard motors, radios, small gas engines, assorted tools, keys to numerous Klamath Falls locations, and miscellaneous merchandise.

The tip-off to the mass arrest developed when an unidentified person noted the license number of one of the vehicles involved in a tire-wheel theft and gave it to the state police.

Scientists Want Atomic Warfare Threat Ended

WASHINGTON (AP) — A group of atomic scientists says the United States should concentrate on ending the threat of nuclear warfare instead of on development of a "clean" hydrogen bomb.

The scientists said recent statements that a "clean" nuclear weapon — one free of radioactive fallout — can be developed could be interpreted as "an oblique attack" on current U. S. disarmament proposals.

More than 50 scientists attached to the Los Alamos N.M. chapter of the Federation of American Scientists joined in signing the statement, sent to President Eisenhower and others.

Three university of California scientists, Doctors Ernest O. Lawrence, Edward Teller and Mark M. Mills, told Eisenhower June 24 that a clean bomb could be developed in four or five years if nuclear tests are not halted.

Part of the U. S. "first step" disarmament plans under discussion at the London disarmament conference is a proposal for a 10-month ban on atomic-hydrogen testing, under certain conditions.

SECOND LT. Leonard W. (Bill) Riley, son of Mr. and Mrs. L. W. Riley Jr., 924 SE Kane St., Roseburg, is enrolled in the primary-basic navigator course at Harlingen Air Force Base, Harlingen, Texas. He was graduated from Roseburg High School and received his master of science degree from Oregon State College in 1956.

Courses To Be Taught By TV

PORTLAND (AP) — Courses to be taught via television next fall at three Oregon colleges were outlined to the state Board of Higher Education Tuesday.

Dr. Glenn Starlin of the University of Oregon said the new TV station will broadcast courses in U. S. History, chemistry and education. Oregon State College, Oregon College of Education at Monmouth and the University of Oregon will participate in the program.

Educational channel 7—with a transmitter nearing completion—will broadcast the lectures. Lectures will be received on 24-inch TV screens at the schools with the 25 to 30 students in each class having additional classroom discussions.

Home viewers within a 50-mile radius of the transmitter will be able to watch a series of adult education courses in addition to the regular college courses.

Studios for the station will be located at Eugene and Corvallis.

The board, in its meeting Tuesday, re-elected Dr. R. E. Kleinsorge of Silverton as its president, Henry Cabell of Portland as vice president, and Leif Finseth of Dallas as the third member of the executive committee.

Blunt Hurricane Warnings Slated

MIAMI, Fla. (AP) — Blunt hurricane warnings, to insure against "disaster by indifference," will be issued by the Miami Weather Bureau this season.

Chief Forecaster Gordon Dunn said Tuesday that some public indifference to hurricane warnings remains and could cause a repeat of the disaster at Cameron, La., which took 500 lives.

"The warnings are going to be blunter than ever, and there'll be no reason for anybody to say our warnings were not sufficiently strong to make people to respond to danger," Dunn said.

Dunn laid a potential disaster to:

1. Indifference by some persons to heed official warnings;
2. Topographical features of certain coastal areas which would be vulnerable to severe tidal action in a big hurricane.

"The Cameron episode has done a lot to shock people into realizing what could happen. We're hoping the feeling will last," said Dunn.

STICKING—Although there are some powerful Democratic leaders who would like to ease him out, Paul Butler, chairman of the Democratic National Committee, is expected to hold his job through the 1958 elections. Then—he expects—he could retire a winner.

Garden Valley Family Attend Celebration

By ADDIE SCHNEIDER
Mr. and Mrs. Elton Zuver and children went to Dallas to attend the silver wedding anniversary celebration of their cousins, Mr. and Mrs. Melvin Rose. On their return home they stopped for a brief visit with friends at Eugene.

Go To Seattle
Mrs. Carl Schmidt and Mrs. Robert Fielding and sons went to Seattle, Wash., recently to visit relatives. They also went to Bremerton, Wash. on their return they stopped to shop in Portland and Salem.

'Traffic Gold Cup' Will Be Transferred To Seattle

PORTLAND (AP) — Transfer of a "traffic gold cup" from Portland to Seattle will be made, Mayor Terry Schrunk said Tuesday, because of Seattle's better fatality record for the first six months of the year.

Schrunk reported Portland had 20 traffic deaths for the period ending June 30, compared to 18 for Seattle. The contest began one year ago.

Governor Holmes Spends Wednesday In The Dalles

SALEM (AP) — Gov. Holmes spent Wednesday in The Dalles. He met in the afternoon with representatives of various public agencies. The Wasco County Democratic Central Committee will honor him at an evening dinner.

Mr. and Mrs. John Carrigg attended to business in Albany Sunday.

Mrs. John Forsgren, Portland is expected to arrive this week with her granddaughters, Kristy and Liz Ann Carrigg, who have been visiting her for the past two weeks.

Mr. and Mrs. George Burton and two sons of Portland stopped off to visit a few days with Mrs. Burton's parents, Mr. and Mrs. Henry Hebard. The Burtons were on their way to northern California for a vacation.

Play With Band
Leon Lark and Felix Raddatz went with the Roseburg High School band to participate in the 37th Annual Astoria Regatta.

Ed Lark, Chester, Calif., is visiting his son, Leonard, and family here.

Mr. and Mrs. Clem Schneider and son, Marvin, and her mother, Mrs. Lillian Hill, a nephew, Mike Hill, and a sister-in-law, Mrs. Harry L. Hill, and children have all returned from a camping trip at Siletco forest camp on the coast. Mrs. Hill and her children returned early last week, while the rest of the party completed the week.

REALLY GOOD!
like home made

Remember! You get a bonus in finer milk—plus a saving—when you take home **LUCERNE Bonus Quality MILK**

Yes, finer milk—because it's "Bonus Quality." The Lucerne people actually pay farmers extra money—bonus money—for superior quality milk. And you get a bonus in Lucerne Milk, too—in extra purity, richness and good flavor. A bonus in finer milk.

Lucerne saves you money, too. Although the Lucerne people pay extra for their milk, they save money by not making expensive home-deliveries. That's why Lucerne Bonus Quality Milk costs you no more than other milks—less than home-delivered milk.

So remember Lucerne when you come to SAFEWAY. Better your milk buy regularly—by getting Lucerne Bonus Quality Milk at Safeway. Get acquainted, too, with the many other fine dairy products that bear the Lucerne name.
