Lone Voice Keeps Senate On Measure

Debate Reaches New Heights Of Tension; Race Riots Mentioned

WASHINGTON (AP)— Sen. Morse (D-Ore) blocked Tuesday an effort to have the Senate put aside the civil rights bill temporarily to take up other important legislation.

Morse objected to a proposal by Sen. Lyndon B. Johnson of Texas, the Democratic leader, for a two-day cessation of civil rights debate to permit action on defense, agriculture, foreign aid and other bills which have piled up.

The agreement required unanimous consent of the Senate, and Morse, his voice ringing with emotion, demanded a last ditch fight by the Senate to a showdown on the civil rights issue.

He said he regarded "first class citizenship" for all citizens as the most important issue before the Senate and the nation at this time.

Before Johnson asked for unanimous consent to put the bill aside temporarily, debate had reached new heights of bitterness. Current race tensions in Chicago and past riots in Detroit came into it.

Sen. Russell (D-Ga.), leading spokesman for opponents of the measure, referred to "race riots" a number of years ago in Michigan and said "We are determined not to have them in Georgia."

Both Sen. McNamara (D-Mich) and Sen. Potter (R-Mich) said that Michigan had had its problems in the past but that all Negroes have an equal opportunity to vote in their state and that Michigan works out its problems without outside help.

Russell, saying the North was

Mrs. Ott Pleading Delay Granted

Attorney Not Ready To File Special Motion

A day's delay in the case of Mrs. Howard Ott, charged with second degree murder, was granted this morning by Circuit Judge Carl E. Wimberly.

Mrs. Ott's arraignment on the murder indictment had been continued until this morning from last week. The additional time was granted by Judge Wimberly to her attorney, Robert G. Davis, who said he planned to file a motion and asked that the entering of plea by Mrs. Ott be postponed.

This morning, after conferring in chambers with Davis and Dist. Atty. Avery Thompson, Judge Wimberly said additional time would be given Davis because the law firm had moved offices during the week and Davis had not had time to prepare his legal motion. The firm of Long, Neuner and Davis moved to another location because the building containing their former offices is to be demolished.

Judge Wimberly said Davis would file a demurrer this afternoon and that he would hear arguments Wednesday at 2 p.m. A ruling on this would precede and possibly preclude Mrs. Ott's entering a plea to the grand jury indictment. She is charged with causing the death of Wendy Kay Ott, 22-month-old adopted Korean orphan. The indictment, returned last Monday, alleges the child was killed June 14 with death due to head blows.

The return of the indictment followed by one day a ruling by Circuit Judge Charles S. Woodrich

Patterson Waives Fight Guarantee, Takes 40 Per Cent

(See story on sports page).

By JACK HAND
NEW YORK (AP)— Floyd Patterson, world heavyweight champion, waived his \$175,000 guarantee for Monday night's bout with Hurricane Jackson Tuesday and took 40 per cent of the total receipts instead — a move that cost him \$51,140.38.

Patterson's action slashed his total to \$123,859.62 but permitted Emil Lence, Brooklyn dressmaker who promoted the bout, to make a profit of about \$20,000.

Lence said the profit would be used to sponsor small fight clubs and that he would open Eastern Parkway Arena in Brooklyn immediately after Labor Day.

The announcements were made at a press conference with the champion, who registered a tenth round TKO over Jackson. Jackson went to a hospital during the night and was visited by Patterson before the champ met the press.

Cus d'Amato, manager of Patterson, said they would return to the training camp Thursday and begin preparations for the Aug. 22 bout at Seattle with Pete Rademacher, Olympic heavyweight champion. It will not be carried on TV.

"The heavyweight champion of the world will not appear on any kind of TV until such time as

Dulles Trying To Breathe Life Into U N Talks

LONDON (AP)— U. S. Secretary of State John Foster Dulles conferred with officials of three other nations Tuesday in an attempt to breathe new life into U. N. disarmament negotiations.

Representatives of Britain, France and Canada, as well as U. S. Delegate Harold E. Stassen, took part in a private conference from which Russia, the fifth member of the U. N. subcommittee, was excluded.

Two principal matters were at the top of the agenda for the private meeting:

1. Mapping final details of a "limited open skies" aerial inspection proposal.

2. The consolidation of Western strategy on recessing or extending the talks, which originally were scheduled to end Wednesday.

Stassen, or possibly Dulles himself, was expected to start outlining the aerial inspection proposals to the full subcommittee once the private conferences have ended.

British and American sources said that despite Wednesday's nominal deadline they expect the current session to be extended by a week or so, or until after the aerial inspection plan has been presented.

Dulles, who flew here Monday night at President Eisenhower's request to take a hand in the deadlocked negotiations, spent all morning in conference with Stassen and other American officials.

Some Western observers interpreted Dulles' first statements here as an indication the West is less hopeful than before of obtaining a broader disarmament treaty at this time, and that he will attempt to salvage some sort of agreement on aerial inspection which would reduce the danger of surprise attack.

'Telephone Romeo' Ends With Arrest Of R. J. Gilman

Weeks of investigation by law enforcement agencies into reports of a "telephone Romeo" active in the Roseburg area ended Monday when Robert James Gilman, 19, Dillard, surrendered to district court.

He turned himself in to an outstanding warrant charging commission of an act injurious to public morals and pleaded guilty before Judge Warren A. Woodruff. Gilman was placed on a one year's probation subject to rules and regulations of the state parole board.

For several weeks the sheriff's office and Roseburg police department have been investigating complaints from women about telephone calls in which the caller made lewd comments and propositions. One of the women worked with officers in luring the caller to her home on a couple of occasions but he became frightened and left before he could be apprehended.

However, acting Police Chief Vernon Murdoch Jr. said, the woman obtained a good description of the suspect's car and a part of the license number. The description of the car was excellent, he said, and enabled officers to locate the owner who was brought to the police station for questioning last week.

This led to Gilman's obtaining the services of an attorney and his subsequent surrender to the district court warrant.

Myrtle Creek Pool Money Reaches \$4,850

Pledges and donations amounting to \$4,850 have been received for construction of a swimming pool at Myrtle Creek, it was revealed at a committee meeting Monday night.

The \$4,850 includes approximately \$500 in material and excavation labor, and 90 per cent of the total pledges, Bob Kelly, co-chairman, said. A fund raising drive is under way in the Myrtle Creek and Tri-City areas. The amount donated in the drive is not discouraging because money has not been turned in from several of the campaign areas, Kelly said.

A chart showing progress in the campaign will be on display in the window of Dr. Henry Goodwin in Myrtle Creek. The donations and pledges are being turned over to Dr. Goodwin, Lions' Club secretary.

Kelly said inquiries have been received from people who wonder if they would have to pay the balance of their pledge if they move out of Douglas County. He said that persons are not expected to pay the balance when they move from the county.

The committee, headed by Ren Simms and Kelly, revealed that residents have donated to the swimming pool fund once and been asked to donate again. Efforts are being made to find the illegal solicitors. Simms urged people to donate only to campaign workers who carry a receipt book bearing the name South Umpqua Memorial Pool Fund. A special letter explaining the pool plan and introducing the workers will be given to each worker, Simms said.

Three-Year Prison Term, Probation Given For Burglary

Two 18-year-old Myrtle Creek residents pleaded guilty to burglarizing the 99 Tavern in Winston and were handed three-year prison sentences Monday by Circuit Judge Charles S. Woodrich.

The sentences were modified by granting probation after the pair served 90 days in county jail. A plea for leniency had been made by attorney, Don Sanders for Hallie Lowell Herbert and Kenneth W. Pritt.

After severely scoring the pair for their action, Judge Woodrich laid down the terms of their probation following release from jail. Within 90 days after release, they must make restitution for the beer, wine and cigarettes stolen from the tavern and do the same for items taken in a Klamath Falls tavern burglary, but caps theft and burglary of the Sportsman Cafe at Riddle.

One condition of their probation had been asked by Bert Burgoyne, deputy district attorney. They are forbidden from operating automobiles for one year.

Woodrich stressed that any slips during the probationary period will result in the penitentiary sentences being put into effect.

Herbert and Pritt were charged with the Winston burglary following their arrest at a Myrtle Creek party where the loot was being consumed. Also involved in the burglary were two others, 15 and 17 year old boys, later remanded to juvenile court.

Today, officers plan to have the pair take from the sheriff's office a pile of cases and wine jugs and put them in a sheriff's car for hauling to Winston. There the two prisoners will be required to tote the merchandise into the 99 Tavern and replace it.

In another arraignment, Judge Woodrich handed Bill Ernest Hunter, 23, Oakland, a two-year prison term for burglary not in a dwelling.

Hunter pleaded guilty to participating in the burglary of an Oakland service station on July 17. Estimates of the number of killed and injured are still sketchy, but it is feared that the total will be large.

Miss Roseburg, Mayor Greet Trailer Caravan

Mayor Arlo Jacklin and Judith Gove Hensley, Miss Roseburg, were among Roseburg dignitaries who greeted a trailer caravan which stayed at the Douglas County Fairgrounds Monday night.

The caravan is on its way from Los Angeles to Seattle for the Seattle Seafair. During a dinner Mayor or Jacklin welcomed the travelers and Miss Hensley presented the caravan queen, Mrs. Betty Matherly of Visalia, Calif., with a plaque, which read "The timber capital salutes Betty Matherly, Queen for a day in Roseburg, Ore., July 29, 1957."

The trailering enthusiasts left Roseburg about 9 this morning and are scheduled to stop tonight at Portland. The caravan is sponsored by the Trailer Coach Assn. in cooperation with Travel Trailer Clubs of America.

Although the trailers were not open to public inspection, persons walked through the Fairgrounds looking at the parked trailers. This is the first such caravan to go through Roseburg and the Pacific Northwest, Felix Doherty, public relations representative with the group, said. Purpose of the trip is to highlight the advantages of a trailer in enjoying the West's vacation opportunities, Doherty said.

George Coatney Home Burglary Cleared, Report

A July 4 burglary of the George Coatney home, Rt. 1 Box 960, Roseburg, has been cleared, the sheriff's office was notified Monday.

The FBI informed the local office that the burglary had been admitted by recaptured escapees from the Lowry Field, Colo. Air Force Base. Taken in the burglary by six fleeing men from the guardhouse were food, men's clothing, silverware and a rifle.

In their flight, the group abandoned a stolen Colorado car at Anheuser where they took another vehicle. The airman were later taken into custody, one at Glade, three at Yakima, Wash. and two at Seattle.

The Coatney burglary was reported by a neighbor, Herman Thiele, who said he had seen a car resembling one taken by the armen in Colorado in the neighborhood. In checking the absent neighbor's house next day, he discovered it had been burglarized.

Trini Arciaga Ordered Released, Wife Held Here

Trini Arciaga, 36, was ordered released from jail Monday following a district court preliminary hearing. His wife, Mary Jane, 42, did not fare so well — she was ordered bound over to circuit court.

Mrs. Arciaga is charged with obtaining money by false pretenses. She is accused of buying merchandise with a fraudulent check.

Trini Arciaga was charged with conspiring with his wife in the obtaining of money with worthless checks but Judge Warren A. Woodruff ruled that evidence connecting him with his wife's activities was lacking.

In his preliminary, a parade of merchants took the witness stand to identify checks and merchandise. Police had claimed Arciaga was receiving the items purchased by his wife, but the judge ruled the defendant had not been shown to have knowledge that the things were obtained with worthless checks.

Robin Hood's Band To Kidnap Sheriff Today

Robin Hood's band was scheduled to kidnap the sheriff today. Since the Sheriff of Nottingham wasn't available, they settled for Douglas County Sheriff Ira C. Byrd.

The band planned to kidnap him in front of the Kiwanis Club at a luncheon today at the Umpqua Hotel and hold him for ransom. But the ransom was only the purchase by Kiwanis members of tickets to the concert tonight by the 90-piece orchestra of the Robin Hood band.

The Robin Hood Band is a group of youngsters from Los Angeles who are appearing here in a concert tour. The orchestra, composed of youths from 12 to 17 years of age, will perform at 8 p.m. tonight at the community building of the Fairgrounds. Their repertoire runs from Bach to pop.

The concert is sponsored by the Independent Order of Foresters, the Elks and the Jaycees. Proceeds will go to the Roseburg Youth Center. Tickets at 90 cents for adults and 25 cents for children will be on sale at the gate.

PUC Schedules Hearing For Ellis

A hearing by the Public Utilities Commission has been set for Monday for the extension of operating authority by Ellis Cab Co., operator Truman Ellis said Monday.

Ellis' authority now is in a five-mile radius of Winston. He has asked the PUC for an extension to a 15-mile radius, making it possible for his cabs to travel outside a three-mile radius of Roseburg, in which he now operates.

The hearing will be in the council chambers of the Roseburg City Hall at 2:30 p.m.

Also at 2 p.m. Monday, the PUC will hold a hearing on the proposed transfer of operating authority for Myrtle Creek Cab Co.

Douglas County Bank Awarded Big Judgment

One of the largest judgments ever made in Circuit Court here was granted Monday for sums totaling \$327,541.34 to the Douglas County State Bank.

The judgment against Commercial Lumber Sales, Inc., Winston Mills, Inc., and Jay Mark Lumber Co. Inc., called for foreclosure of mortgages and liens held by the bank on real and personal property of the three firms. The action was to recover money due on loans from the bank and the Small Business Administration.

Also named as defendants were seven individuals and firms, state and federal agencies, and the United States who claimed liens, mortgages and judgments against the three lumber firms. The plaintiff was granted right to recover the judgment before any of the other parties. One defendant, John V. Bad news: Southern Mexico has been shaken by a major earthquake that spread death and destruction in cities hundreds of miles apart. Mexico City, one of the most beautiful cities in the world, was hardest hit. As this is written, it is estimated that 50 large buildings, including some of the city's handsomest, collapsed.

The shocks came a few minutes before 3 a.m., that "darkest hour" that just precedes the dawn, "when a maximum of people are at home asleep and a minimum are out on the streets, which is apt to be the safest place to be when a major earthquake happens.

Estimates of the number of killed and injured are still sketchy, but it is feared that the total will be large.

A thought: Earthquakes have been occurring since the beginnings of recorded history. But mankind still survives. Nor has man's courage, as discussed in the past.

By early today 32 bodies had been pulled from the rubble and another victim had died in a hospital. This brought the number of known dead in Mexico City to 52 and the total for the country to 66. All were Mexicans.

There were unconfirmed reports that a family on the lower floor of the apartment house had been having a large party at the time of the quake. Officials believed more bodies would be found.

U. S. Soldier, Wife Sentenced For Death

BAD KREUZNACH, Germany (AP)— The U. S. Army announced today a Knoxville, Tenn., soldier and his wife have been sentenced to three years in prison for beating their 13-month-old son to death.

An Army court-martial convicted Specialist 2.e Hames W. Dial and his wife Joana of involuntary manslaughter. Dial was ordered dishonorably discharged from the Army with the loss of all pay and allowances.

The Supreme Court on June 10 ruled that military trials of two women who killed their servicemen husbands overseas were unconstitutional. The court's 6-2 vote left unsettled, however, whether courts-martial might try civilians accompanying the armed forces abroad for crimes involving punishment short of a possible death penalty.

Levity Fact Rant

By L. F. Reizenstein

Bankruptcy increases in Oregon during the current year are ascribed largely to the slump in the lumber market. Probably means that the steel, concrete and stone industries are getting the major portions of the trade in building materials. What's to be done about it?
