

SQUARE DANCE INSTRUCTORS Frank and Caroline Hamilton of Pasadena, Calif., will head all clinic and workshop periods at the Oregon Square Dance Festival during the Douglas County Fair.

Square Dance Festival Will Be One Of Big Events Of Annual Douglas County Fair

The first square dance festival of Oregon's young federation of square dance clubs will be held in Roseburg this year in conjunction with the Douglas County Fair, Aug. 22 to 25.

Guest callers and dancers from all over the state will hold classes and dances starting on Aug. 23 on an outdoor square dance floor as large as a football field just inside the entrance of the Fairgrounds. About 2,000 persons are expected to attend.

Participation is open to experienced square dancers whether or not they belong to a club in the federation. A \$3.50 fee admits adults to all fair and festival activities. Youths from 12 to 18 years old may register for \$1.75, and younger children with square dance experience will be admitted for 75 cents, the fair admission fee. Registration may be made at the fair or through any state square dance club.

Musie for dance programs on Friday, Saturday, and Sunday will be played by recording artist, Eddie "K" Knechtges of Vancouver, Wash. Round dance and dance calling instruction will be given by Frank and Carolyn Hamilton, nationally known instructors from Pasadena, Calif.

There will also be other classes, dance exhibitions, and impromptu dancing. Discussion sessions for club officers and on square dancing are set for Saturday. The Saturday night dance will feature a fashion show produced by the Portland Circle Eighters.

The fair barbecue Saturday noon will be open free to both square dancers and other fairgoers. There will be a special square dance breakfast Sunday at 8 a.m. in the Hotel Umpqua, which is included in the registration fee.

The federation business meeting will be held Saturday at 1 p.m. on the outdoor dance floor. The federation, which is only 1 1/2 years old, hopes to make the festival an annual event. Oregon is the only western state which has not had a regular dance festival.

Russian Held In Spy Plot, Posed As Artist

EDINBURG, Tex. (AP)—A thin, balding alien, accused of being a top-ranking Soviet spy who specialized in atomic and military secrets, was held here today for return to New York, where he quietly posed as an artist for nine years.

Rudolf Ivanovich Abel, 55, a colonel of Russian intelligence, was arraigned here Wednesday on espionage charges returned in a federal grand jury indictment in Brooklyn. He is the highest ranking Red agent ever accused of spying for Russia in this country.

Abel, who entered the United States from Canada in 1948, was being held for deportation in the nearby McAllen (Tex.) Detention Camp for Aliens when the indictment was returned. He had been held only as an illegal alien under the name of Emil R. Goldfus, an alias he assumed while working as an obscure photographic artist in Brooklyn.

The government claimed in the event of war, Abel was set up in Brooklyn to receive sabotage instructions from Moscow.

Abel apparently was linked to a Kremlin master spy who was involved in the first big espionage scandal after World War II.

Four Russians were named as coconspirators with Abel, but not as defendants. They included Vitali G. Pavlov, who headed a Russian secret police network based in the Soviet Embassy in Ottawa, Canada. It was broken up in 1945 after the arrest of atomic-traitor Dr. Alan Nunn May.

The Canadian spy case led to the arrest and imprisonment in England of Dr. Klaus Fuchs, atomic scientist, and the arrest and execution in this country of Julius and Ethel Rosenberg. Each was convicted of spying.

French To Keep '58 Deficit Low

PARIS (AP)—The French Cabinet agreed in emergency session last night to keep its 1958 budget deficit down to 15 per cent by imposing rigid ceilings on government spending.

Faced with virtual exhaustion of the government's financial reserves, the Cabinet approved the 15-billion-dollar budget demanded by 37-year-old Finance Minister Felix Gaillard. Original estimates were nearly two billion dollars higher.

Gaillard had threatened to resign if his demands were not met. That would have brought down the government in the middle of Parliament's — and France's — annual vacation.

The budget of 5,273,000,000,000 francs — about 15 billion dollars — will still contain a deficit of 800 billion francs (about \$2,280,000,000). But the finance minister argued the Cabinet into finding 600 billion francs in reductions for 1958.

Julius Jensen's Appointment As Planning And Development Director Ok'd By Committee

SALEM (AP)—Gov. Holmes' appointment of Julius Jensen as state director of planning and development was confirmed unanimously Wednesday by the Senate committee on executive appointments.

The confirmation followed an hour's questioning of Jensen by the committee.

The motion to confirm the Democratic appointment was made by Republican Sen. Lee Ohmart, Salem, and was seconded by Republican Sen. Howard C. Belton, Canby.

The other two members who were present—Sens. Dan Dimick, Roseburg, and Andrew J. Naterin of Newport, concurred. Both are Democrats.

Dimick was chosen temporary chairman, and the committee will elect a permanent chairman when all six members are present.

Those absent Wednesday were Sens. Walter Leth (R), Monmouth, and Dwight Hopkins (D), Imbler.

During the questioning, Jensen detailed his background in similar jobs in Iowa, and Longview and Seattle, Wash.

"We can do a good job," he told the committee, "of getting industry to come to Oregon. There's lots of work to be done and I'm anxious to have it." He stressed, however, that the first job is to find ways in which existing Oregon industries can be expanded.

World Church Leaders End Policy-Making Conference

NEW HAVEN, Conn. (AP)—World church leaders, after the close of a nine-day conference here, visited the United Nations today.

The Christian leaders, representing 170 Orthodox, Anglican and Protestant denominations in 50 countries, ended their policy-making meeting here Wednesday with a prayer: "We commit ourselves to Thee . . . confident that Thou art working more wisely and more powerfully among us than we understand . . . We pray that Thou will use Thy people . . . in extending the kingdom in every place."

"Keep us all in Thy faith and in Thy fear."

In major actions during the meeting here, the Central Committee of the World Council of Churches:

1. Set in motion steps for making the 50-year-old International Missionary Council a division of the World Council.
2. Launched a long-range study into problems of religious liberty, and Protestant relations with the Roman Catholic Church.
3. Approved architectural plans for a new, 350-office World Council headquarters in Geneva.
4. Urged governments — singly or together — to halt nuclear bomb tests for a trial period, as a means of sparking international disarmament agreements.

5. Added five more member denominations.

6. Pledged "all possible help to member churches which are seeking to bear a clear witness against the evil of racial segregation."

7. Voted to retain the Rev. Dr. Josef Hromadka of Communist Czechoslovakia on the council's executive committee, despite an outbreak of opposition.

8. Scheduled the next Central Committee meeting in Copenhagen, Denmark, in August 1958, and a world assembly in Ceylon in 1960.

In the closing session, the Rev. Dr. James E. Wagner of Philadelphia pushed through an amendment to a resolution against racial segregation, voicing gratitude for improved race relations in many areas.

California Will Scrap 'Silent Jury' System

SACRAMENTO, Calif. (AP)—California's long-established "silent jury" system in murder cases goes on the scrap heap Sept. 11, replaced by a new 3-in-1 trial law.

Judges no longer will pass sentence in first-degree murder convictions, unless the defendant waives a jury trial. Instead, the jury will (1) determine the verdict, then (2) sit through a second trial to fix the penalty and if he pleads insanity (3) hear a third to determine the defendant's sanity.

This eliminates the present requirement that the judge must impose the death penalty automatically—either the gas chamber or life imprisonment—if the jury remains silent or fails to specify the punishment.

Juries at present determine sanity in a separate hearing, if that issue is involved. Otherwise, the new law is believed to be without precedent.

ROME (AP)—Thirty-five members of the American Bar Assn. arrived in Rome Tuesday on a tour of courts and legal institutions of Europe.
