WAR ON RAGWEED

SALEM # — The state Department of Agriculture's war on ragweed—the prime cause of hay fever—will begin in about 10 days.

Meanwhile, the department is asking the public to tell it where any ragweed is located.

The 1957 Legislature passed a law to set up the program.

The department will spray all privately owned lands at no cost to the landowner, but all public agencies are required to spray their own lands.
