

Cal Pacific Seeks Increase In Gas Service Charges; Copco Rates Are Criticized

The California Pacific Utilities Co. is seeking an increase for gas service in its Southern Oregon division, the Roseburg City Council was informed Monday night.

Howard Morgan, public utilities commissioner, wrote the council that a hearing on the matter will be held in Klamath Falls Aug. 27. He invited participation by the city in the hearing.

The rate increase would bring in an additional \$123,166 in revenue, Morgan said, although no base rate increase was mentioned.

The rates of the California Oregon Power Co. were brought under fire by a merchant who owns a group of stores in Oregon.

Archie Weinstein, Eugene, of the Eugene Surplus and Sales, complained that although his Eugene store uses three times as much electricity as does the Roseburg outlet, his Eugene Water and Electric Board bill runs to \$75 a month, compared to the \$15 Copco bill here.

Weinstein proposed council backing in suggesting that the public utilities commissioner call a public hearing to review the Copco rates.

Copco was involved in another council action. The council granted an easement to the company to cross a point on the east edge of the municipal airport with a line.

In other action the council:

1. Accepted the Lockwood Motor Co. bid of \$1,155.03 for a new Ford police car. However, City Manager George Farrell and acting Police Chief Vernon M. Murdock Jr. will decide whether to add options, such as a V-8 engine. Other bids were \$1,510 by Hansen Motor Co. for a Chevrolet and \$1,997.15 by Riverside Motor Co. for a Studebaker.
2. Waived posting of business bond by C. J. Finch, who plans to operate the D and M Specialty Co., a gift shop, at 633 SE Jackson St. He said he has office space leased for a year from Mr. and Mrs. Giles Ashman.
3. Directed negotiations to start between the city and two families living at the dead-end of W. Ridgeview Street who claim that the city has billed them unnecessarily for street assessments. The families are Mr. and Mrs. J. F. Lillard and Mr. and Mrs. J. R. Christian.

Farrell told the council that an adjustment probably is necessary. Lillard and Mayor Jacklin were to meet this morning to iron out the problem. Lillard is acting as Christian's agent.

Zane Grey's Son Fishes North River

Loren Grey, Hollywood, Calif., son of the late Zane Grey, noted author of western novels, spent last week fishing the North Umpqua River in the Steamboat area. He was successful in taking and releasing several steelhead.

Loren first came to the North Umpqua as a child when his famed father set up a fishing camp at Williams Creek at a time when the Forest Service opened a road to that point. Grey with his family and guests occupied the camp each summer for many years. Although his father was forced to cease his visits because of ill health, Loren Grey has continued his interest in fishing the North Umpqua and has spent a number of vacations at Steamboat. Loren's brother, Roamer Grey, made several motion picture films while "shooting" the North Umpqua's fast waters in boats of his own design.

The recreational and scenic resources of the river were enjoyed last week by many other out-of-state visitors, according to Lloyd C. Lansing, caretaker at Susan Creek State Park, 30 miles east of Roseburg on the North Umpqua Highway.

Westbound traffic on Highway 126 will be shifted from Main Street to "A" Street. Eastbound traffic will continue to use South "A."

Benjamin Franklin made the first chart of the Gulf Stream in 1752.

An angry man is Sylvester T. Bly,
Who today was sold a piece of "blue sky,"
He'd stepped in a showroom—out of the rain,
Was sold a new car before he could explain!
How he hated the styling—so high and square
And in new features it was really bare.
"I got a real bargain—the buy of my life—
But how do I ever convince my own wife?"

Moral: You're paying for a new car... make sure you get one!

When you buy a new car, put your money on tomorrow—not yesterday. Swept-Wing Dodge actually *obsoletes* other cars in its field. Should you invest in high, boxy styling when Dodge offers the low, low look of tomorrow? Should you invest in outmoded coil springs when Dodge offers new Torsion-Aire Ride? Should you invest in an old-fashioned lever-type transmission when Dodge offers the ease of Push-Button Driving? In other things, too—engines, brakes, interiors—Dodge is years ahead. So put your money on tomorrow. See your Dodge dealer. Join the swing to the Swept-Wing Dodge!

Ruby is happy about all the special training that has come with Walt's job. She likes the way he's been moved up to an important job. And she's been able to count on the steady pay that's meant a secure life for her family.
