MORE THAN 400 Douglas County children participated in the summer reading program sponsored at the Douglas County Library this summer and the course culminated in a party Saturday morning on the courthouse lawn, at which time "real Indians" were made possible by the goodness of the Jay-Cees, who also conducted the games. Umpqua Dairy and Weber's Bakery furnished the ice cream and cookies for the refreshment hour. Some of the youngsters participating in the program are pictured on today's society feature page. Miss Muriel Mitchell, Mrs. Robert Hansen and Louise Weseman assisted with arrangements for the page. Both the reading program and the party proved so successful that already youngsters are looking forward to a similar program at the library for the coming year.
