

Airplane Makes Like Helicopter In Freak Takeoff

LOS ANGELES — A big four-engine cargo plane made like a merry-go-round in a freak takeoff accident, spinning on the ground for half an hour before catching fire.

The three-man crew escaped by sliding down a rope while the plane still was circling this week. Minor rope burns were their only injuries.

Capt. Mike Moore, 39, San Carlos, Calif., said the American Airlines DC 6 had just left the ground at International Airport when the right inboard propeller flew off.

"It sounded like a tire blowout," Moore said.

The propeller ripped into the fuselage and one blade came out the other side and slashed into the left inboard engine nacelle.

Moore set the plane down safely on the runway and cut all power. But the left outboard engine continued running, its controls had been sheared off by the propeller which smashed through the fuselage.

Court Dismisses Try To Enjoin Pickets

DETROIT — Circuit Judge Horace Gilmore Thursday dismissed an attempt by the Detroit Newspapers Publishers Assn. to obtain an injunction against picketing in the current newspaper strike.

Judge Gilmore had ruled earlier his court had no jurisdiction in the dispute unless violence could be shown.

The publishers had asked that the Independent International Mailers Union (IMU) and the Teamsters Union be enjoined for alleged interference with publication at the Detroit News.

Drunks Menace On Airplanes

WASHINGTON — Drunks aboard airplanes are dangerous, the Air Line Pilots Assn. (ALPA) contends in urging Congress to bar the serving of liquor in flight.

In a report submitted this week to Chairman Monroney (D-Okl.) of the Senate Subcommittee on Transportation, the fliers' union listed 34 incidents aloft over a period of several years in which it said drunken or drinking passengers caused trouble.

Monroney's subcommittee has under consideration a bill to forbid serving alcoholic drinks on airlines. The Air Transportation Assn. and some of its member airlines have opposed the measure.
