Sen. Jackson Hits Missile Program Funds Reduction

WASHINGTON (AP)—Sen. Jackson (D-Wash.) told the Senate Tuesday the United States has postponed target dates for achievement of 1,500-mile and 3,500-mile missiles.

Noting Russian claims to have tested successfully an intercontinental missile, Jackson said that despite the high priority given the U. S. ballistic missile program "we will not be getting these weapons nearly as early as had been previously anticipated."

"There has been a substantial slippage in the progress of our research and development on these weapons," Jackson continued.

Engaged in Cutback
"As we all know, the Defense Department is now engaged in a general cutback of defense programs. In this cutback even the ballistic missile program—despite its priority—has not been spared. "Whatever the accuracy of the Russian claim, I hope it will arouse the Defense Department to put the ballistic missile program back on the track and give it once again the all-out effort it demands."

Sen. Jackson, in comment to newsmen before his Senate speech, said he believed the Russians could have made their announcement earlier, but had timed it partly for propaganda value in relation to developments in Syria. Jackson termed this "ballistic blackmail."

Three Sergeants Facing Charges Of Mistreatment

FT. CARSON, Colo. (AP)—Three sergeant-instructors in an Army training company here have been charged with mistreating trainees and ordered to appear at special courts-martial.

An investigation into the alleged mistreatment has involved a commissioned officer and five other enlisted men as well. Maj. Harold Fischgrund, public information officer, said the specifications against the three sergeants include unauthorized punishment, striking a trainee with the fist, kicking another trainee, striking one with a broom handle and another with the knee and hitting still another with a scrub brush.

Eight trainees were involved in the alleged incidents. None were seriously hurt, the officer said.

The charges were filed late yesterday against Specialist 2 C. Robert E. Neely, 28, Peizer, S.C.; Specialist 1 C. Alexander Brown, 26, Warrington, Fla.; and Sgt. James L. Hobbs, 26, Gunnison, Miss.

Legislation To Cut Taxes Will Be Introduced

PORTLAND (AP)—Legislation to cut all state personal income taxes by 15 to 20 per cent will be introduced in the coming special session of the Oregon Legislature by Sen. Rudie Wilhelm Jr., Portland.

Wilhelm, who is the ranking Republican on the Senate Taxation Committee, said Tuesday he has asked Sam Haley, chief of the legislative research staff at Salem, to prepare the legislation. He also proposed a reduction in the corporation tax rate, a capital gains tax and doubling of tax exemptions for old age pensioners.
