

# Reports From Moscow Say Zhukov Expelled From Party

BELGRADE, Yugoslavia — Diplomatic reports reaching Belgrade from Moscow today said that Marshal Georgi Zhukov has been expelled from the Soviet Communist party's Central Committee and its ruling Presidium—the party politburo.

The reports said Zhukov, whose dismissal from the post of Soviet defense minister was announced last Saturday, would be given a lesser military post. It was indicated, however, that the World War II hero might not accept the humiliation.

An announcement from the party Presidium telling the Soviet people—and the world—of a new assignment for Zhukov has been expected almost hourly for several days.

**May Be Refused**

The continuing delay in the announcement strengthened the impression that the marshal refused to step down quietly.

Moscow correspondents of Western Communist papers have reported in dispatches cleared by the Soviet censors, that Zhukov hindered the work of Soviet Communist party political workers in the army. There also have been suggestions that he had ambitions to use his reputation as a military hero to spring to supreme power in the Soviet Union—challenging party chieftain Nikita Khrushchev.

Communist China's rulers signaled their support of an article in the Peiping People's Daily, voice of the Red Chinese regime, which spoke of the need for the completely under the political leadership of the party.

Radio broadcast the article on its home service.

**Must Be Under Party**

"A revolutionary army, being the strongest weapon of the dictatorship of the proletariat, must be completely under the political leadership of the party," the Peiping organ declared.

The Soviet press also kept up its campaign to re-emphasize the importance of political control.

over all phases of Russian life, and particularly over the armed forces.

Along with the speculation abroad of an intense power struggle in the Kremlin, dispatches from Moscow reported an unusual scarcity of soldiers in the streets of the Soviet capital.

Moscow streets traditionally swarm with soldiers just before the big military parade Nov. 7. But the reports said few military men have been seen in downtown Moscow recently and nightly military rehearsals for the parade have not been held since Saturday.

Civilian rehearsals continued last night with more than 100 banner-mounted motorcycles swarming over Red Square.

The commander in chief of Egypt's armed forces, Maj. Gen. Abdel Hakim Amer, left Cairo early Friday in Khrushchev's personal jet airliner to attend the anniversary gathering. Amer took along about 30 persons, including 10 high-ranking officers in the Russian-armed Egyptian forces.

## Camas Valley Man Sells Prize Bull To Utah Breeders

Douglas County Thursday lost one of its most outstanding sires of milk producers.

Ernest Wheeler of Camas Valley loaded Camas Braero Linkman, a 2,400-pound Milking Shorthorn on a boxcar at Roseburg for shipment to its new owner, the Cache Valley Breeding Assn. in Logan, Utah.

Wheeler said he believed this was the first shipment of a proven sire from Douglas County.

**Daughters Shine**

The 9-year-old bull has several daughters who boast outstanding milk production records. One, owned by Wheeler, holds the Oregon state milk production record for Milking Shorthorns in the senior 3-year-old class and also in the junior 4-year-old class. This cow, Camas Brighteyes Belle, has produced 10,648 pounds of milk in a 10-month period. This is twice the amount of milk produced by the average cow in the United States.

"Linkie" is the bull's affectionately called. He has 10 daughters which have been classified "above average in type." He has seven daughters in the Roger Dumdi herd in Yamhill County which have produced 10,400 pounds of milk and 385 pounds of butterfat on an average over a 305-day period.

**Wife Ruminates**

The magnificent sire also has won a host of ribbons. Topping them are grand championships of the Oregon State Fair in 1955, of the Washington State Fair at Puyallup the same year and the Eastern Washington fair. He was also grand champion the two years he was entered at the Douglas County Fair.

"Linkie" will become part of an artificial breeding program which services cows in the states of Utah, Idaho, Wyoming, Nevada and New Mexico. Last year, the program serviced 73,000 cows artificially. In the next year, it is estimated "Linkie" will be mated to about 1,000 cows, Wheeler said.

## Eisenhower Will Deliver First Talk In Oklahoma

WASHINGTON — President Eisenhower will deliver in Oklahoma City Nov. 13 the first of his planned series of speeches intended to bolster the nation's confidence in American scientific achievements and national defense.

The topic of the Oklahoma speech, a half hour address at 10:30 p. m. EST, will be "Science and Security."

The White House released Friday an exchange of telegrams between the President and Gov. Raymond Gary in which Eisenhower accepted an invitation to make the speech in Oklahoma City in connection with the state's semi-centennial celebration. The occasion marks the 50th anniversary of the state's admission to the Union.

**Theme Announced**

The theme of the semi-centennial, which began in June and continues to Nov. 16, is "Arrows to Atoms."

On the latter date the University of Oklahoma football, undefeated in 45 games, will host Notre Dame.

The presidential address will be carried by all major national radio and television networks.

The presidential address is one of a number of addresses promised when he addressed the National Fund for Medical Education in New York City Oct. 21. The objective was listed as an effort to strengthen American confidence in the nation's scientific advances, national defense, economic strength, and foreign policy.

Eisenhower plans to fly to Oklahoma City around midday on Nov. 13. He will return to Washington either that night or the following day.

SEATTLE — Niles B. Hult, Junction City, Ore., was elected president of the Pacific Logging Congress at the convention here Thursday. He succeeds L. T. Murray Jr., Tacoma.

Hult, 44, has been a logging and lumber operator for 23 years. He is completing his second term as president of the Industrial Forestry Assn. and is general manager of the Hult Lumber Co.

Key speaker at Thursday's session was Ernest G. Swigert, Portland, president of the National Assn. of Manufacturers. He said the bill would reduce basic federal tax rates from 20 to 15 per cent and the top rate of 91 per cent to 42 per cent.

At the opening session Wednesday the congress was told a major concern of the lumber industry is the "insatiable appetite of the federal government for more and more land."

## Nov. 20 Deadline For Christmas Mailing Overseas

Postmaster Clyde W. Carstens, Roseburg, has announced that the Post Office Dept. has set today through Nov. 20 as the period for mailing Christmas parcels to overseas servicemen.

The mailing deadline for airmail parcels will be Dec. 10. Air parcels are restricted to two pounds in weight and 30 inches in length and girth combined because of limited space available on military transports.

Only packages mailed during the specified periods will be guaranteed to reach their destinations by Christmas Day. The designated periods also apply to the mailing of Christmas cards.

Strong fiberboard cartons should be used in sending parcels. Cartons should be firmly packed and wrapped with heavy newspaper, and addresses should be inked directly on the wrapper.

The Post Office should be consulted before wrapping parcels for mailing in connection with these prohibited articles.

## Teamsters Ignore Clean-up Order

WASHINGTON — The Teamsters Union has decided to disregard a clean-up order from the AFL-CIO Executive Council, and instead will appeal the matter to the AFL-CIO convention next month.

Defiance of the mandate to change its upper echelons pointed to almost certain expulsion of the Teamsters by the full AFL-CIO convention which opens Dec. 5 in Atlantic City.

Retiring Teamsters President Dave Beck told newsmen yesterday "I'd certainly be an optimist if I thought" the appeal would do any good in averting the threatened ouster of his union from the federation.

Beck met with reporters after the Teamsters executive board decided unanimously against doing anything about the AFL-CIO corruption charges against its leaders.

## Boeing Jet Tanker Off On New Record Attempt

SEATTLE — A Boeing KC135 jet tanker took off here at 8:03.25 a. m. Friday in an effort to set a new transcontinental speed record on a 2,340-mile flight to Andrews Air Force Base, Md.

Twenty newsmen from the east coast were aboard the four-jet plane—the military version of Boeing's 707 commercial jet passenger liner. Capt. Charles L. Gandy, from the Air Force flight test center at Edwards AFB, was at the controls.

The present record of 3 hours, 58 minutes from Seattle to Andrews AFB, just outside Washington, D.C., was set in October, 1955, by Boeing's prototype 707.

The 707 made a cross-country speed run of 3 hours, 48 minutes last March on a press flight from Seattle to Baltimore, Md., but the total distance was 10 miles less than to Andrews AFB.

## Saud's Mother Talked Him Out Of New Romance

CAIRO — The newspaper Al Akhbar said today that Saudi Arabian King Saud's mother put the 55-year-old monarch's romance with a 19-year-old Lebanese school girl into cold storage.

The paper's editor, Mustafa Amin, reported from Beirut that the King's mother said "No! No!" when he took home a picture of pretty, dark-haired Ferial Solh, a niece of Lebanon Premier Sami Solh.

Saud's desire to marry Ferial was reported a week ago from Beirut, after he concluded a state visit to Lebanon.

Saud reportedly has the four wives Moslem law allows him, as well as 40 sons, an unstated number of daughters and between 50 and 100 concubines. However, under Moslem law he can shed a wife at any time by saying "I divorce thee" three times.

Saud's father, King Ibn Saud, who died in 1953, married 135 times and fathered 40 sons and more than 100 daughters. In accordance with the Koran, however, he never took more than four wives at a time.

## Four Soldiers Killed In Crash

ABERDEEN — Four young Ft. Lewis soldiers were killed shortly before dawn Friday when their speeding car rammed an oncoming truck in a heavy fog at the small town of Brady 15 miles east of here.

Sheriff's officers said the car went out of control on a curve while passing through Brady, sheared off a telephone pole and veered into the path of the west bound truck.

Three of the soldiers were killed outright. The fourth died less than two hours later in a hospital here.

The State Patrol identified them as:

Pvt. Richard F. Updyke, 21, driver.

Pvt. Victor R. Campbell, 21, who was married only a month ago to an Aberdeen girl.

Pvt. Leroy V. Garcia, 21.

Pvt. James A. Hill, 20, who died at St. Joseph's Hospital here.

No hometowns were immediately available.

The patrol said the soldiers apparently were returning to Ft. Lewis after having spent the evening in Aberdeen.

Milton Rose Judy, 35, Aberdeen, driver of the United Truck Lines truck, suffered minor leg and back injuries. The car was described as a total loss and the truck was damaged extensively.

Two other highway accidents over the state took two other lives.

## Senate Favors Wiping Out Income Tax Raise

(Continued from Page 1)

aid to \$105, the Senate Taxation Committee approved it 7-2.

Its fate in the Senate is doubtful. Some senators would rather have the state take over the county school levy, and some do not favor any property tax relief at all.

The basic school increase bill would cost five million dollars a year, and about four millions of that would reduce property taxes. Taking over the county school levy also would cost five millions, and all of it would reduce property levies.

**Favors Gills Measure**

The Senate committee favored a bill by Sen. Warren Gill (R), Lebanon, to give \$7,500 property tax exemptions for homesteads of persons over 65 years of age, provided they earn less than \$2,400 a year.

The Senate Republican tax plan would eliminate the 45 per cent income surtax voted by the 1955 Legislature, and the 6 per cent increase beyond that which was approved at the 1957 regular session.

It contains provisions for automatic income tax increases when tax exemptions fall to dangerously low levels.

It also provides for a simplified reporting system that would exempt about one-third of the taxpayers from filing returns. These taxpayers would pay only by withholding.

The House was in recess Friday and will resume work at 10 a. m. Monday. The Senate held a short Friday session and then quit for the weekend.

Legislative leaders hope that the special session, which opened Monday, might end by the middle of next week. The tax bill probably will end up in a conference committee to compromise the differences between the House and Senate.

## Spokesman Denies Nixon Home Area Chosen For Negroes

ATLANTA — A member of a Georgia organization formed to resettle Negroes in exclusive Northern white neighborhoods says Vice President Richard Nixon may be the group's first target.

But the founder of the group, American Resettlement Foundation, Inc., said any such report was entirely without foundation.

State Welfare Director Alan Kemper, a charter member of the foundation, was asked about the Nixon report yesterday, and replied:

"I would say Nixon is a pretty good candidate."

He declined, however, to be more specific.

State Rep. A. A. Fowler Jr. of Douglasville, founder of the organization, told the Associated Press there was nothing to the report.

"It is absolutely without foundation," Fowler declared.

Kemper said a Negro family, preferably a large one, will be moved into a swank Northern white residential area by Christmas and that Fowler had obtained an option on a house in the \$75,000 class in what he described as one of the outstanding cities in the United States.

"This is an explosive situation," Banks said, standing outside his command post in a motel here. "but we plan to take any action necessary to keep order."

Sporadic bombings, brawls and gunfire have rocked the area since the walkout started Sept. 21. The dispute centers on company policies in filling job vacancies.

## Happy Parents Greet Children From Korea

PORTLAND — More than 100 happy parents greeted their new children at the Portland airport Thursday.

It was Harry Holt, the Creswell farmer, who again brought the children here, orphans he found there of Korean-American parents.

All had been adopted by Americans before Holt arranged the flight to this country. There were 80 orphans on the plane, which came directly from Seoul. Nineteen were claimed by parents at Seattle, the others here.

That made 380 orphans Holt has brought to this country for adoption. He said another 320 are waiting in Seoul for visa clearance.

Twenty-two of Thursday's orphans went to Oregon homes. The rest to points as far east as Massachusetts.

Holt said he expects to bring another plane load here in two weeks.

## 2 More Inmates At State Hospital Sent To Prison

MEDICAL LAKE, Wash. — Ten more inmates of the maximum security building at Eastern State Hospital, scene of a nine-hour revolt earlier this week, were sent back to the State Penitentiary Thursday night.

The State Patrol took the inmates back to Walla Walla as unrest continued in the big three-story building where patients grabbed 36 guards as hostages Tuesday morning.

Edwin Thomas and James Eiland, ringleaders of the rebellion, were returned to prison at Walla Walla by the State Patrol Wednesday.

The building housed 154 patients, some of them criminally insane when unrest blew into the rebellion.

**Protested Discharge**

The inmates feared the discharge of their chief security guard, Albert (Rock) Hutchings, would bring an end to their psychiatric treatment program.

Dr. Garrett Heyns, state director of institutions, went on the radio at the demand of the inmates and assured them that their program would be continued and that Dr. E. R. Hodgson, the unit medical director, would stay on the staff. Then the hostages were released.

Hodgson is highly regarded by the patients.

The 10 men returned to Walla Walla in five State Patrol cars had been sent here for psychiatric treatment.

Dr. Heyns said Thursday that no more prison inmates "with behavior problems" would be sent to Medical Lake.

Secret Service chief U. E. Baughman listed two of the men as S.Sgt. Charles A. Evans, 27, of Dyersburg, Tenn., and T.Sgt. Theodore Barry, 28, of Louisville, Ky. Barry's real name was given as Theodore Goldberg.

The Secret Service office in San Francisco last night announced the arrest of a third man in the case, Airman 2C James R. Hoyle 21. Hoyle's address was not given.
