FPC Urged To Reject IPC's Plans For Financing Work On Big Brownlee Project

WASHINGTON (AP) — The Federal Power Commission was urged by the chairmen of two powerful Senate committees Tuesday to turn thumbs down on the Idaho Power Co.'s plans for financing construction of its Brownlee Dam on the Snake River.

In a joint letter to Chairman Jerome Kuykendall of the FPC, Chairman Magnuson (D-Wash) of the Interstate and Foreign Commerce Committee and Chairman Murray (D-Mont) of the Interior Committee said there "are serious doubts . . . as to the economic soundness of the development . ."

Lead Democratic Move

Murray and Magnuson are both leaders in a Democratic move to obtain federal construction of a high dam in the Hells Canyon stretch of the Snake River. The federal site would be flooded out by Brownlee and two other low-level dams planned by Idaho Power.

The power company has asked the FPC for permission to issue 15 million dollars worth of bonds and 225,000 shares of common stock to finance Brownlee, which is about 50 per cent complete.

In their letter, Magnuson and Murray also said Idaho Power would face a financial loss by selling its surplus, 7.6-mill-a-kilowatt-hour power from Brownlee to the Bonneville Power Administration, which sells federal energy for 2 mills. The senators said BPA would be Idaho Power's only surplus power customer.

"Is Bonneville to purchase this power at its cost and absorb the loss . . . then sell it at the postage stamp (2 mill) rate?" the senators asked.

"It would appear that the Idaho Power Co., in its eagerness to pre-empt the Hells Canyon stretch of the Snake River, now finds itself drowning in its own high cost power surplus," Magnuson and Murray said.

Romanian Communist Party Secretary Killed

LONDON (AP) — The secretary of the Romanian Communist party central committee, Grigore Preoteasa, was killed in a plane crash in Moscow Monday, the Moscow Radio reported.

Three crewmen also were killed.

The plane was bringing a Romanian delegation led by Premier Chivu Stoica to the Russian capital for celebration of the 40th anniversary of the Russian revolution.

Stoica and the rest of the delegation escaped with "slight injuries and bruises," the broadcast said.

DEER HUNTER DIES

HEPPNER (AP) — A deer hunter from Oakridge, Carl Mumpower, 63, died in a hospital here Monday.

He had been stricken Sunday while in camp in the Blue Mountains near here and when he arrived at the hospital he was reported to have been in a diabetic coma.

The Great Virgil Brings Big Magic Show Here Tonight

World touring illusionist The Great Virgil brings his gigantic wonder show, entitled an "Evening of Enchantment" to Roseburg tonight at the Central Junior High School auditorium in a performance which gets under way at 8 o'clock.

The performance was taken around the world in a five-year venture recently completed on five continents and in 32 countries.

The elaborate production features 25 breath-taking scenes and the accompaniment of Julie, "The Sweetheart of Magic," who demonstrates an uncanny mind - reading ability in a special feature.

Some of the scenes included are "The Mystery of the Jungle," in which the leopard lady is saved from a pack of hungry cannibals as Virgil causes her to vanish in mid-air; "The Miracle of Tibet," in which Virgil as the great high priest causes the beautiful Tibetan maiden to float high above the state; "The London Spirit Seance," which seems to prove the existence of life in a fourth dimension; and a trip into the Never-Never Land of a Celestial fantasy in a panorama of exotic costuming.

A fantastic scene created by the master illusionist and Julie is one entitled "The Weird Execution on Mars," during which a marked bullet is fired from an atomic weapon right through the body of a living Martian glamor girl.

Julie, known as the "psychic enigma" will be bound hand and foot, nailed to the floor, put into a deep hypnotic trance which is planned to lead to a series of weird apparations and phantasmagoria.

The girl will also present a series of mental tests in which she will identify persons totally unknown to her previously and read their innermost thoughts. She claims no supernatural powers for this but bases her work on a scientific study of the human and of what she calls "The Universal Mind."

Winston Scouts Set Honor Court

Boy Scout Troop 82 of Winston will hold a Court of Honor Nov. 7 at 7:30 p.m. The event will take place at the Winston Community Hall.

The Court of Honor is being held to present the troop, which was organized last spring, with its charter. John Fleck of Roseburg will make the presentation.

One merit, six second class and four tenderfoot badges will also be awarded.

The troop is sponsored by the Roseburg Lumber Co. and company executives are expected to be present at the meeting.

Refreshments will be served and all parents are urged to attend.

ECLIPSE VISIBLE

PORTLAND (AP) — If the sky is clear, Thursday's eclipse of the moon will be visible in the western United States, a Portland astronomer said Tuesday.

Robert E. Millard said that at 4:43 a.m. Thursday the earth's shadow should be visible to viewers here.

A total eclipse is due at 6:12 a.m., and a visible end will come at 6:42 a.m., Millard said.

Storm, Radio Blackout Lift At Antarctica

By RENNIE TAYLOR

McMURDO SOUND, Antarctica, (AP)— A three-day storm and a 24-hour radio blackout gradually lifted Thursday here at America's main Antarctic base. Seabees began clearing the station's ice runway for supply take-offs to other U.S. bases.

Wind-whipped snow had blocked the runway and a road linking the strip to the main base.

The Air Force planned an immediate resumption of cargo drops. A flight was scheduled Thursday to Liv Station, 350 miles to the south.

The Navy readied a two-engine Skytrain for a flight to Little America to pick up Peter A. Schoeck II, international geophysical year glaciologist from Karlsruhe, Germany, who recently was seriously injured.

Schoeck fell into a crevasse near Little America on Oct. 31. He is reported in a "stabilized" condition. He will be flown on to New Zealand for hospitalization.

An Emperor penguin was captured during the McMurdo runway clearance by Capt. W. M. Dickey, of Rusk, Tex., Navy commander in the area, with the help of Cmdr. William F. Flynn, Dedham, Mass., head of the Seabees here, and Lt. Col. Dixon J. Ernold, commander of the Air Force Globemasters in Antarctica.

They captured the penguin with their hands, an unusual feat. It was added to a collection of 34 penguins awaiting air transportation to the Portland, Ore., zoo.

Bate Lumber Co. Timber Buyer In Sale Tuesday

The Umpqua National Forest sold 2,230,000 board feet of timber Tuesday to the Bate Lumber Co., Merlin, Ore., for a price of $48,394.50.

The timber sold is in the Green Butte and Cow Creek drainage areas about 30 miles from Glendale. Some 2,200,000 board feet of the timber was Douglas fir.

The Merlin firm was the only bidder. The company bid $21.90 for the Douglas fir and the appraised price of $7.15 for the rest of the timber, composed of hemlock and other species. The Douglas fir was appraised at $21.85 per 1,000 board feet.

Total appraised price for the timber was $48,284.50.

Vondis Miller, forest supervisor, said the next Umpqua timber sale will be the Jim Dandy sale on Nov. 12. Some 640,000 board feet of timber on land above, Steamboat will be sold.

A major sale, the Buckhorn, will take place Nov. 14. In that sale, 14,700,000 board feet of timber located on Jackson Creek above Tiller will be sold.

SPUTNIK TELEVISED

TOKYO (AP) — One of Japan's biggest commercial television networks televised Wednesday a picture of Sputnik II in flight.

Radio Tokyo Television Co. said the earth satellite was photographed by TV cameras when it crossed over the Japanese capital early Wednesday.

Chinese Girl Arrives Just Under Deadline

SEATTLE (AP) — "Happy and ecstatic" that she had won her race against time, a Chinese girl, Young Kam-Ling, stepped onto U.S. soil Tuesday night at the end of a dramatic flight that brought her from Hong Kong just before her 21st birthday, the deadline for entering the United States.

Miss Young, daughter of a Honolulu Chinese, left a Northwest Orient Airlines plane at 9 p.m. after the flight here by way of Tokyo and Anchorage, Alaska. It was three hours before her 21st birthday and met the 20-year-age limit for Chinese immigration.

Wednesday she was to undergo a medical examination in the U.S. Public Health Service Hospital here, another immigration requirement. Next she plans to fly to Honolulu to join her father.

Miss Young, who was born in Chungsoon, China, Nov. 6, 1936, left Hong Kong Tuesday with only 12 hours to go by local time to meet the U.S. immigration deadline.

Northwest Orient Airlines held the Seattle-bound flight for 40 minutes until she arrived at Tokyo International Airport.

Actually she won the race before noon, Alaska time, Tuesday when the plane stopped at Anchorage.

Miss Young speaks no English. But an interpreter who was at the airport here said she told him she was "happy and ecstatic" at being in the United States.

New Trial Asked For Condemned Man

SPOKANE (AP) — Attorneys for a 21-year-old Spokane truck driver sentenced to hang for first degree murder said Tuesday they are preparing papers asking the State Supreme Court for a new trial.

Henry M. Griffith was convicted this fall of shooting A. B. Davis, a Lind, Wash. oil dealer, on an Adams County road and was sentenced to death.

He has refused to sign a waiver that would send him to the State Penitentiary pending his new trial plea and is being held in the county jail at Ritzville.

Francis P. Cael, a Spokane attorney, said a brief asking for the new trial "is in the process of being sent" to Olympia but that he doesn't expect the Supreme Court to act on it until January.

Griffith said at the trial that Davis caught him hunting out of season along the road and that they argued.

Legislature Abolishes Special Court In Lane

SALEM (AP) — The Senate passed Tuesday a bill to abolish the domestic relations department of the Lane County Circuit Court. The bill goes to the House.

Sen. Donald R. Husband (R), of Eugene, said that the 1957 Legislature mistakenly created the domestic relations department in Lane County when it split the second judicial district.

The situation now, he says, is that the domestic relations department exists without any judge to fill it.

Burns Prove Fatal

BAKER, Ore. (AP) — Joe Grant 64, Mountain View, Mo., died here Tuesday of burns received in an accident at Idaho Power Co.'s Brownlee Dam in Hells Canyon.

Grant's clothing was ignited by a fire in a five-gallon can, Baker County Coroner Thad Beatty said.

Beatty said Grant had started the fire to warm himself as he directed trucks to the dam site in the cold, early-morning hours.

"One driver saw him standing by the fire, flagging trucks. The next driver to come by saw his clothing ablaze. His raincoat apparently caught on fire," Beatty said.

Beatty said Grant had been employed as a flagman by the Morrison-Knudson Co., the firm building the dam, since Oct. 15.

In Sherry Fong's Trial Defense Takes Over

PORTLAND (AP) — The defense took over Wednesday in the second-degree murder trial of Mrs. Sherry Fong.

The 26-year-old Portland woman woman is accused of killing her sometime babysitter, Diane Hank, 16, early in 1954.

Dr. Joseph Beeman was the prosecution's final witness Tuesday.

The Boise pathologist testified that the Hank girl died of a combination of alcohol and barbiturate poisoning.

Beeman examined the girl's body after it was found wrapped in blankets in a roadside ditch near Washougal, Wash., in February of 1954.

LOGGER KILLED

OAKRIDGE (AP) — James W. Ames, a 26-year-old logger, was killed Monday when a log rolled off a truck he was helping to load. The accident occurred near Westfir.
