

Consider Closet Accessories As Practical Gifts

A place for everything is, naturally, the prerequisite for keeping everything in its place. This is especially true where wardrobes are concerned, and gifts for "tidying-up" and "space-making" are good ideas.

Gay-colored, quilted boxes for handkerchiefs, hosiery, gloves and scarves encourage "ship-shapeliness" of bureau drawers.

Plastic or fabric envelopes for sweaters, men's shorts and lingerie do their part toward neatness, too.

Smart chrome multi-hanger units for blouses, skirts, handbags, belts or ties; shoe racks, too—are practical presents with a handy future.

A convenient, multi-drawered small chest can be used by either man or woman.

'Set' Him Up With Coordinated Gift Ensembles

The preferred look of a coordinated wardrobe, now comes boxed in smart Christmas packages.

A fabulous array of handsome, matched sets, geared for every preference, is sure of a hearty welcome from every man on your list.

Carefully selected by professional style experts and brightly packaged, are boxed sets of matching shirts, ties and handkerchiefs; mufflers and gloves; and other wanted accessories.

For example, gift sets of belts make it possible for a man to be dressed right for every business, sports or formal occasion.

Jewelry sets featuring cuff links and tie clasps with matching belt buckles help to bring a look of unity to his outfit.

Yes, masculine accessories, pre-packaged, many in gay, gift boxes are a delight to receive, and fun to shop for.

For future architects — a skyline construction kit that gives junior a boost toward building skill and interest. He'll enjoy hours of fun recreating a famous building in miniature.

Strikingly striped shirt — especially for boys! Deep-toned stripes line the imported gingham fabric of this sport shirt... Ivy-styled with medium-spread button-down collar.

Waist wardrobe—to encircle your favorite male's Christmas tree. Choose the dark brown alligator, rugged natural sharkskin, board-calfskin, or brown lizard belt... all with handsome buckles.

You can take it with you — This three-inch high, eight pound portable typewriter has a full-sized standard keyboard. Portfolio-type carrying case is simulated leather.

You can make it! — and you'll have fun doing it. This clever "Holiday House" candle is so inexpensive to make but the result is delightful. Display it prominently in your home.

Behind her back — something lovely is going on! This delicately dimensional, beautifully textured necklace can be worn as well in front. It's an exquisite gift she'll adore.

Everyone Can Use Slippers

Be a "slipper Santa" — give everyone on your list slippers this (and each) Christmas. They'll be delighted!

Toasty-warm slippers with novel trims are adored by children. He will welcome comfort most of all, and prefers his slippers to resemble casual shoe types with sturdy soles (for wandering about the yard).

For the ladies, the bunnylined footwarmer or slipper-socks are favored in cold climates, while scuffs are more often the choice where it's warm. The latter are perfect for dressing-room to shower wear.

High or medium heel d'orsays and mules are popular with elegantly-casual at-home wear.

Younger girls lean toward the ballerina slipper, embroidered or jeweled.

Other sure-to-please styles are beaded moccasins, jeweled satin or velvet slippers, thong sandals, in-step-strapped wedgies, and dressy slippers.

Step ahead now — choose slippers for all this Christmas!

Take 'New' Mink With Grain Of Salt; It May Not Be So!

Fortunately, for the wife or sweetheart of the "poor working man" (or the gal without one), now she can at least enjoy — the look of mink.

Man-made mink, a product of years of extensive research, and a pinch of salt, is at last available to all!

Common, ordinary, "garden variety" salt is an ingredient of dyne. The latter imitation fabric combines with another, orlon, to create the mink-like fur fabric called "mulation".

The frankly phony mink is difficult to distinguish from the "real thing" by sight. Its appearance, however, as bathing suits and sweaters will be a clue (and so will the cost).

So, if a mink coat appears to appear this Christmas under the tree — take a second look. It's probably there, but accept it as the natural fabric "with a grain of salt!"

A Gift Of Time Rates As Favored Christmas Item

Most clocks today are designed as decorator touches for home or office; so Christmas is the right time for a "timepiece gift!"

Sunburst wall clocks, timepieces suspended in glass, and clocks made to look like something else are a few of the most favored modern designs.

Among clocks that are perennially popular are the CooCoo, Anniversary and Grandfather Clocks.

Watches for women have come to be a true accessory. In addition to the new bracelet and costume wrist watches, many are made to hang from a belt or be worn in place of a pin!

Remember the children on your Christmas list when buying watches, too. The most inexpensive model can make them feel very important.

Why not make this Christmas a timely one — with watch and clock gifts for all!

Personally theirs — Book matches playing cards and quality paper napkins make luxury-touch gifts for the home, when adorned with smart, king-size monograms. Shown: paper napkins that can be folded five different ways.

Small Leather Items Offered In Gay Array

One place many people fail to look when searching for a novelty gift is the luggage shop. These stores generally carry many, many items in addition to large traveling bags. And, the small leather pieces start as low as \$1 in most places.

Fitted cases for both men and women containing manieure equipment, toiletries (or containers), or miniature sewing necessities are lovely gifts.

Billfolds, of course, as well as change purses, belts, watchbands and cases for cigarettes and lighters may be found there.

Leather desk sets, briefcases, necktie cases, pocket notebooks or handy pack car visors are especially good for men.

Jewelry cases and hand-made purses are lovely to give women. This Christmas, take a look at the large and wonderful-to-give selection of small leather items.

Fitted traveling kit — Delightful gift holds every "away-from-home" necessity. Waterproof Wataseal plastic with jars, bottles, soap and toothbrush holders, sewing kit, pills for tummy and head, even tags and extra labels.

Your 'Christmas She' Loves Personal Wearable Gifts

Lingerie and accessories are a wonderful gift choice for women! They come in every price range; are both luxurious and practical; and she loves them.

Colors are the big news in lingerie this season. Even basic pink appears in lovely new shades.

Hosiery is dominated by color, too. Just a hint of tint, of which there are many, is the keynote of this accessory.

At-home wear continues to gain in popularity. Either novelty or elegance are appropriate in hostess gowns, robes, dusters or styles designed around the capri pants silhouette.

Gloves, scarves, handkerchiefs and billfolds are always fun to receive.

Detachable collars of many varieties are designed to change or dress up dresses or sweaters. Fabric collars, plain, jeweled, of lace, and embroidered, are ever-so versatile. Fur, from imitation to mink, is a favorite for collars.

Jeweled evening bags make any woman feel more glamorous. Dressy bags for less formal events are grand to get, too.

A gift of evening slippers will certainly delight her. If size, style and color are a problem, ask your local shoe store about a gift certificate.

Sweaters ranging from short-

sleeve pull-overs to mink-trimmed cashmires, are marvelous wardrobe additions. Blouses and the little wrap bring the variety that every lady seeks, into her wardrobe.

Remember the women on your list with truly feminine gifts of lingerie and accessories this Christmas.

Top Your List With Hats And Caps For Him

Fun to give and even more fun to receive are the colorful caps and hats that add dash to the outfit of the male sportsman and outdoor lover.

Winter sports headgear include not only the traditional ski caps, but also such novelties as brightly knitted toques and flat Ivy caps.

If your particular male is the type that prefers to watch rather than participate, you can't go wrong choosing a smartly casual Tyrolean hat.

Sporting fanciful brims, tapered or slim, with flat or telescope crowns, they come in rough or suede finishes and rich velours.

These are the little luxuries he loves, but probably won't buy himself. Perfect for gifts!
