LITTLE "MISS REVLON" DOLLS

An exact copy of the famous
Revlon Doll—now 10 1/2 inches
tall. "Ideals" now Revlon min-
iature has real girl's figure and
her turning waist enables her
to twist, turn and bend in many
graceful poses. She has wash-
able Saran hair and long shape-
ly legs—her "magic touch" skin
makes her seem almost human
—dressed in girlish, bra, high
heeled shoes and earrings.
