Conference Rejects Bid

PORTLAND (AP) — The Oregon Collegiate Conference has rejected a bid for membership by Northwest Nazarene College of Nampa, Idaho.

College presidents and athletic directors of the five small Oregon colleges declined the request of the Idaho school for three reasons: Northwest Nazarene does not have a complete athletic program since it does not compete in football; addition of the school would increase classroom absence of team members and travel expenses; and a new school would present difficulties in scheduling games.

Cal, USF To Put Records On Line

By THE ASSOCIATED PRESS

California and San Francisco, two of the country's better basketball clubs last year, put unbeaten records on the line when they tangle Friday night at the Cow Palace in San Francisco.

The favored Dons took easy victories over Chico State and West Texas State in their season openers. The Bears have beaten their alumni, San Jose State and St. Mary's.

California, last year's Pacific Coast Conference king, opened and closed the season against the Dons—they lost both games. The second gave USF, California Basketball Assn. champion, the NCAA western regional title.

Fifth Meeting

Friday night will be the fifth meeting between Cal Bear Coach Pete Newell and Don Coach Phil Woolpert, former playing buddies at Loyola of Los Angeles. Woolpert's boys won all four earlier clashes since Newell took over at Cal in 1955. Woolpert served as Newell's assistant at USF for five seasons before Pete went to Michigan State in 1951.

Other coast games Friday night include College of the Pacific at Arizona, Depauw at UCLA, Oklahoma A&M at Washington and Washington State at Montana.

Thursday night the Southern Cal Trojans sailed over the outmanned Los Angeles Loyola Lions 119-60, Oregon State downed Seattle University 83-55 as Dave Gambee led the way with 18 points. Host Utah beat Los Angeles State 71-59 despite Frank Jackson's high 22 points for the Diablos, and Gonzaga trounced Whitworth 76-49.

Gonzaga U. Bulldogs Beat Whitworth College

SPOKANE (AP) — The Gonzaga University Bulldogs, showing a balanced attack and keeping tight control of the backboards, moved to an easy 78-49 nonconference basketball victory over Whitworth Thursday night.

Fourteen Zags scored in the game and only twice did Whitworth get two or more shots in a row at the basket as Gonzaga staked an exclusive claim to the rebounding department.

Whitworth's Dick Brahams led the scorers with 16 points. Bob Turner's 10 points was high for Gonzaga.

The roster of the South team, which will be directed by Coach Paul Brown of the Cleveland Browns, will be announced in a few days.

Beavers Said Interested In Lewiston, Ida. Team

LEWISTON, Idaho (AP) — President Ira K. McIntosh of the Lewiston club in the Northwest Baseball League, said this week both Portland and Sacramento of the Pacific Coast League are interested in a working agreement with the local team.

"Both teams want this club," McIntosh said after returning from the minor league meeting in Colorado Springs, Colo., "but we'll have to iron out all details before making a decision. We will probably take the best offer that is made."

McIntosh said both Sacramento and Portland indicated they would retain Hillis Layne as manager of the Broncs, who had a working agreement with the Philadelphia Phillies last season.

Dr. Raymond Forsythe, team physician, said here that Houbregs, who has been hospitalized since Saturday, would undergo several more tests before any complete diagnosis is made.

The former University of Washington All American has been out of action since hurting his back Dec. 1 during a game in New York.

Charley Eckman, coach of the Pistons, said nobody touched Houbregs when he was injured.

"He went up for a rebound and it happened," Eckman said.

PORTLAND (AP) — Two starters for the Portland State basketball team have quit, apparently miffed at being displaced from the starting lineup.

They are Clarence "Slats" Obitz and Don MacLean.

Coach Sharkey Nelson said he replaced them in a game against Pacific Tuesday night. The pair left the bench early in the second half, dressed and walked away, he said.

Nelson said he was attempting to find a combination that could bring his team from behind. The Vikings led a late rally that defeated Pacific, 59-52.

Boy Reported Trapped 5 Days In Old Truck

PORTLAND (AP) — The family of a 13-year-old boy told Thursday how their son was trapped for five days inside an abandoned truck body.

The boy, Francis Clow, lost 13 pounds and contracted a foot infection as a result of being in the wet and cold, said his mother, Mrs. Kenneth M. Clow.

The boy's father refused to let his son talk to reporters.

"We've had too much publicity," he said.

Mrs. Clow said her son disappeared Nov. 29 after leaving the house to play with a friend.

She said the boy told her that on the way he climbed into the old truck body and the door slammed shut, locking him in. He yelled and pounded with a pipe he found inside the door. After five days of intermittent pounding, the door gave way, she said.

He had nothing to eat, but managed to get a little water by reaching through a hole in the side of the truck body and wetting his hands with rain, she said.

"He said he never prayed so hard in his life," Mrs. Clow said.

The Clows reported their son missing to police, who searched for the boy.

The father was critical of newspapers and television stations who he said showed no interest when his son disappeared but wanted interviews and pictures now that the boy was home again.

He said he did not doubt his son's account of the five days in the truck body.

Army To Remove Half Of Little Rock Troops

WASHINGTON (AP) — The Army said Friday more than half the federalized Arkansas National Guardsmen still on duty in the Little Rock school crisis will be released next Wednesday.

Secretary of the Army Wilbur M. Brucker said the force will be reduced from 950 to 432 because the situation "remains stable and warrants further reduction."

When President Eisenhower ordered the Army on Sept. 24 to quell resistance to a racial desegregation order by the U. S. Court in Little Rock, 10,500 Arkansas National Guardsmen were ordered into federal service and about 1,000 paratroopers of the regular Army were sent into the city.

The troop strength has been reduced in several stages since then. The last of the regular Army troops were pulled out Nov. 27.

Wednesday, the day set for the latest reduction, is the last day of school before the Christmas holiday.

MEETING CANCELED

The Myrtle Creek Rotary Club will not meet during the weeks of Christmas and New Year's because the regular meeting days fall on those holidays.

The meetings will resume the second week in January.

American Farm Bureau Federation Ends Convention

CHICAGO (AP) — The American Farm Bureau Federation ended its annual convention Thursday by adopting a platform featuring proposals on government-farmer relations, labor practices and the 40-hour week.

The convention also reelected by acclamation Charles B. Shuman, a Sullivan, Ill., livestock farmer who is completing his third year as president.

With little opposition, Shuman led a Farm Bureau drive to get the organization on record for a diminishing role of government in agriculture. The platform, embodying such a recommendation, passed with a resounding unanimous vote after less than one hour's discussion.

The delegates renewed their demands of a year ago that labor unions be made subject to anti-trust laws. The convention also called for federal legislation to outlaw labor racketeering such as that uncovered recently by congressional investigations.

The federation urged an end to what it termed "monopolistic" practices by big business and big labor.

One resolution put the Farm Bureau on record as deploring what it said were efforts by organized labor and others to shorten the 40-hour work week and to obtain other benefits for workers at this time. It said:

"The international situation necessitates continued heavy use of resources for defense and international cooperation. At the present time we cannot as a people have more leisure."

Rogue River Hearing Moves To Gold Beach

GOLD BEACH (AP) — A state Water Resources Board hearing on development of the Rogue River basin moved here Friday after sessions the previous two days at Medford and Grants Pass.

The board was told at Grants Pass Thursday that flood control works should be started soon to prevent damaging floods such as the flood of 1955.

Ben Hilton, Grants Pass, made the plea for flood control, but added that other water uses also should be considered.

"Large structures should be planned for the forseeable future and not as a stopgap for the present," he said.

Victor Boehl, Grants Pass, also recommended multi-purpose projects.

Larry Cushing, Cave Junction, presented a report that listed the power potential of the Rogue at 500,000 to 700,000 kilowatts, of which only 48,800 kilowatts of firm power now are being produced.

American Airlines Will Lay Off 90 Pilots

NEW YORK (AP) — American Airlines says it will lay off 90 pilots at the end of this month because of a "decline in general business through the country."

In a letter to its employes, the airlines said Thursday passenger traffic had been adversely affected by business conditions for the company and other carriers. It predicted the downward trend would continue through next year.

Spokesmen for other major airlines here said they had no plans at present for laying off pilots.

Foul Weather Hampers Spain In Ifni Fight

PARIS (AP) — Foul weather has bogged down the Spanish campaign to dislodge rebels supporting a Moroccan claim to the northwest African colony of Ifni, the French news agency said Friday.

A correspondent who just left Ifni wrote that about 8,000 Spanish troops are solidly entrenched around the capital of Sidi Ifni waiting for violent rains and strong winds to stop.

The dispatch confirmed reports that Spanish forces had abandoned small posts on Ifni's three-sided border with Morocco, but said they were dug in around the capital with naval guns backing them up.

The report from the correspondent in Agadir, a Moroccan port about 70 miles north of Ifni, said:

Airstrips have been turned to mud and landing craft have not been able to get close to the beaches.

Two troop carriers with 3,300 men arrived Monday but were unable to land the troops. They returned Thursday to the Canary Islands.

Rebels "are practically invisible inside the enclave" but occupy positions all around it. Estimates of the rebel forces go from a few hundreds to 2,000 men. Other estimates have gone to 12,000.

The Ifni rebels, who started their attack against Spanish posts last Nov. 23, were reported equipped only with light weapons, automatic rifles and a few mortars.
