Makes a fence hog-tight

To stop hogs from rooting or digging under the fence, stretch one strand of U-S-S American Barbed Wire about two inches below the woven wire. Its extra-sharp barbs keep animals in. For your livestock, build a complete fence of American Barbed Wire—best protection you can buy. This sturdy wire is heavily galvanized to fight rust, and it comes in all popular styles, including two and four-point barbs.

Inspect U-S-S American Barbed Wire and its ideal partner, woven American Fence. We handle both.
