"Of course" he said, "I don't want to increase taxes at all." The current budget is 280 millions.

Pictures Of Trials

EUGENE & — A circuit judge toid delegates to the Oregon Press Conference here Friday night that he does not think the time has come to allow news photography coverage of trials.

Circuit Judge Alfred T. Goodwin of Eugene, said he feels the American Bar Assn.'s 'Canon 35' which frowns on the practice of taking photographs or making radio broadcasts in a courtroom should not be repealed until 15 is replaced with a workable solution. He said photography has come a long way since early flash bulb days, but in his opinion, further photographic refinements a reneeded before picture-taking will not interfere in any degree with the courtroom process.

"Dignity of the court is not the issue." Goodwin said. "It is the apprehension by judges and lawyers that a trial to find the facts can turn into something else."
